Pin Action Gianmarc Manzione,2014-11-04 Most of us think of bowling as a sport in quotation marks, and bowling alleys are places with disco balls, matching shirts, and funny shoes. But in the 1960s, New York City was the center of action bowling, a form of high-stakes gambling in which bowlers—often teenagers—faced off for thousands of dollars every night. When money like that is changing hands, you can bet the pressure is on (and the balls are rigged), and losses come with dire consequences. But for a few kids, the world of action bowling would turn out to be a ticket off the mean streets and onto the Professional Bowlers Association Tour. For Ernie Schlegel, it would be a chance to shed his hustler ways and become a bonafide champion.For the more than 100 million bowlers worldwide and for fans of timeless sports histories, Pin Action captures the underbelly of 1960s and '70s New York and tells the true story of how the most notorious action bowler of all time became a Hall of Famer. Set in the gritty, flashy, lost world of action bowling, Gianmarc Manzione tells an epic tale filled with seedy characters, uproarious eccentricities, improbable twists of fate, and a rags-to-riches narrative so crazy it has to be true.

Redemption Alley Bob Perry (Purzycki),Stefan Bechtel,2015-09-08 After hitting rock bottom through addiction, bowling legend Bob Perry learned that religion is for people who don't want to go to hell. Spirituality is for people who have already been there. Perry tells his heart-wrenching, inspiring story of bowling for the mob and drug and alcohol addiction in his new book, Redemption Alley. Perry, considered by many to be one of the most naturally-talented bowlers in the history of the sport, had potential to become one of the best even at the young age of 12. Unfortunately, he grew up in 1970's Paterson, New Jersey, where everyone knew someone who was connected—with the mob, that is. Instead of training for championships, Perry began doing odd jobs for wiseguys and hustling hundreds of thousands of dollars in after-house action bowling for John Gotti, who later became the boss of the Gambino crime family. Perry's connections with organized crime eventually landed him in federal prison, but not before he became addicted to crack cocaine, alcohol, and painkillers and was homeless on the streets of New York. Ultimately, Perry washed up on the shores of St. Christopher's Inn, a shelter run by Franciscan monks. It was there that he had six fateful encounters with an angelic messenger who no one else could see—a monk whose message was so powerful that Bob Perry has now been sober for 22 years. In Redemption Alley, Perry not only shares his remarkable story of bowling success, his dangerous association with hoodlums and gangsters, and his recovery from addiction, but also his inspiring, decades-long spiritual quest, and his sober journey back into the bowling world.

Determined Look Three Year Letterman,2018-08-24 Determined Look: Stories of a Youth Football Coaching Legend is written by Three Year Letterman, a thirty-nine-year old college dropout who lives in a Northeast Georgia. He is the coach of a youth football dynasty. Unlike many youth sports coaches, Coach Letterman angrily rejects the notion that the purpose of youth sports is to have fun. He instead adopts a win-at-all-costs approach. This sometimes involves him intentionally trying to make players quit, recruiting players that he knows are too old for the league, and altering residency papers. Coach Letterman is also very proud of the fact that he rakes in \$29.35 an hour plus bennies and a cell phone and lives in an apartment complex with a pool and computer lab. He lettered for three years in high school football at wide receiver. He still wears his letter jacket to this day and stands in the student section when he watches high school football games. He's also a rabid University of Georgia football fan who takes takes pride in the fact that he barks at opposing fans. This book includes twenty-eight chapters of Coach Letterman offering youth coaching tips and opining on a variety of topics. Topics include How to Attend a High School Football Game and Post-Game Field Party in Style, Turning the Local School System from Adversary to Co-Conspirator, and How to Dominate a Deposition.

Roll Models Richard Holicky, 2004 I thought life was pretty much over. Paul Herman I was afraid people wouldn't see me for who I still was. Cathy Green I didn't need this to be a better person. Susan Douglas I wasn't sure I wanted to live 'this way.' Kevin Wolitzky The above four people and 49 more just like them went on to find high levels of success and lead satisfying lives. Together they tell 53 stories of moving forward to meet all the challenges, fears, obstacles, and problems common to the life-altering circumstances after spinal cord injury, and doing it without benefit of wealth, large settlements or solid health coverage. Ranging in age from 21 to 67, disabled from three to 48 years they share 931 years of disability experience. Roll Models is a valuable new resource for recently injured people and their families, and for nurses, therapists, psychologists and all other professionals who treat, work with and care for people with spinal cord injury. Straight from the horse's mouth, survivors explore their experiences with disability and answer many questions those in rehab are asking: Early Thoughts What were your thoughts immediately following injury? What were your initial thoughts and reactions regarding SCI and the future? The First Years What were your biggest fears during that first year or so? How did you get past those early fears? Changes, Obstacles and Solutions How much different are you now, compared to how you were before injury? What's been the biggest obstacle? How did you address these obstacles? Finding What Works What have been the most difficult things for you to deal with since injury? What's the worst thing about having an SCI and using a chair? What's been your biggest loss due to injury? Is SCI the worst thing that ever happened to you? Tell me something about your problem solving skills. How do you deal with stress? What do you do to relieve stress? Salvations, Turning Points and More Was there any one thing that was your salvation or key to your success? Was there a turning point for you when you began to feel things were going to get better? What personal factors, habits and beliefs have helped you the most? SCI and Meaning Do you find any meaning, purpose or lessons in your disability? Did any positive opportunities come your way because of your injury? What's your greatest accomplishment? What are you most proud of? A wonderful roadmap with many alternate routes to living and thriving with SCI. Minna Hong, SCI survivor and Peer Support Coordinator/Vocational Liaison, Shepherd Center Avoids the trap of providing a 'one size fits all mentality' and provides solutions as varied as the individuals used as examples. Accentuates the positives while not sugar coating the difficulties. Essential reading. Jeff Cressy SCI survivor and Director of Consumer and Community Affairs, SCI Project, Rancho Los Amigos A great resource for people as they venture out into the world, or search for meaning and a deeper, richer life. Filled with examples of real people and their real experiences. Terry Chase, ND, RN; SCI survivor; Patient & Family Education Program Coordinator, Craig Hospital A wonderful tool for the newly spinal cord injured individual, as well as the therapists and counselors working with them. This certainly hits the mark in capturing important survival strategies. Jack Dahlberg, SCI survivor, Past President of the National Spinal Cord Injury Association Artfully crafted and organized, Roll Models sensitively portrays life following spinal cord injury. Informative, creative, sensitive, as well as infused with humor and a kind heart. Recommended with my highest accolades. Rules for Radicals Saul Alinsky, 2010-06-30 "This country's leading hell-raiser (The Nation) shares his impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." First published in 1971 and written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

The Circle Dave Eggers, 2013-10-08 INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman’s ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.
