Celebrating Life Customs around the World [3 volumes] Victoria R. Williams, 2016-11-21 This book documents hundreds of customs and traditions practiced in countries outside of the United States, showcasing the diversity of birth, coming-of-age, and death celebrations worldwide. From the beginning of our lives to the end, all of humanity celebrates life's milestones through traditions and unique customs. In the United States, we have specific events like baby showers, rites of passage such as Bat and Bar Mitzvahs and sweet 16 birthday parties, and sober end-of-life traditions like obituaries and funeral services that honor those who have died. But what kinds of customs and traditions are practiced in other countries? How do people in other cultures welcome babies, prepare to enter into adulthood, and commemorate the end of the lives of loved ones? This three-volume encyclopedia covers more than 300 birth, life, and death customs, with the books' content organized chronologically by life stage. Volume 1 focuses on birth and childhood customs, Volume 2 documents adolescent and early-adulthood customs, and Volume 3 looks at aging and death customs. The entries in the first volume examine pre-birth traditions, such as baby showers and other gift-giving events, and post-birth customs, such as naming ceremonies, child-rearing practices, and traditions performed to ward off evil or promote good health. The second volume contains information about rites of passage as children become adults, including indigenous initiations, marriage customs, and religious ceremonies. The final volume concludes with coverage on customs associated with aging and death, such as retirement celebrations, elaborate funeral processions, and the creation of fantasy coffins. The set features beautiful color inserts that illustrate examples of celebrations and ceremonies and includes an appendix of excerpts from primary documents that include legislation on government-accepted names, wedding vows, and maternity/paternity leave regulations.

Animal Alchemy Mark Roland Langdale, 2022-04-26 Jag, short for Jaguar, was orphaned when her environmentalist parents died in the jungle saving animals' lives. Although she was put into a care home, she ran away two years to live on the streets where she was adopted into a street gang who have now become her family. Danny, the trickster and street magician and Tiger, whose animal instincts run close to the surface, and a few others are all animal activists at heart. Although they go one night to an animal sanctuary in the country to tag the walls with graffiti, Jag gets caught in an enclosure. However, it ends up for the best as the keeper takes a shine to her and offers a part time job when she hears Jag's affinity with the Jaguar spirit. With Jag working at the sanctuary, her gang start spending more time there to see the great Cat Man Do perform his animal magic – until one day when a tiger is let out its cage. And that is only the beginning as a villainous Cat Man begins to stalk the streets with two pet panthers out for blood, seemingly appearing and disappearing at will. With newspapers reporting maulings and deaths and Sergeant Dickens not sure what's going on, the kids are intrigued by the reports. After witnessing an attack, the kids get sucked into this mysterious Cat Man's idea of a theatrical villain performance – but even if they have animal instincts and spirits with them and even if the big cats are swaying to their side, should they run before they too turn prey?
