ABOUT THE AUTHORS: The Mouse Pin Trading team was formed from a mutual obsession in Disney Pin Trading. The fact that 2 families can get to know each other through trading Disney Pins, reach the conclusion that there was not enough information available for the new (or seasoned) pin trader, and write a book to remedy the situation speaks volumes to the social power of Disney Pin Trading. The Edgar & Shilensky families have been trading pins in both Walt Disney World and Disneyland for almost 15 years, with multiple visits in many of those years. Now, we run one of the largest pin trading groups in Florida including hosting monthly pin trading events near Walt Disney World and also partner with other groups for events at other Disney Parks around the world.

firm consists of a group of professionals who trade the capital of the firm. Their income and livelihood is generated solely from their ability to take profits consistently out of the markets. The world of prop trading is mentally and emotionally challenging, but offers substantial rewards to the select few who can master this craft called trading. He explains how he has imparted those techniques to an elite desk of traders at the proprietary trading firm he co-founded. In doing so, he lifts the veil on the inner workings of his firm, shedding light on the challenges of prop trading and insight on why traders succeed or fail. An important contribution to trading literature, the book will help all traders by: Emphasizing the development of skills that are critical to success, such as the fundamentals of *One Good Trade*, *Reading the Tape*, and *finding Stocks In Play* Outlining the factors that really make the difference between a consistently profitable trader and one who underperforms Sharing entertaining, hysterical, and page turning stories of traders who have excelled or failed and why, many trained by the author, with an essential trading principle
