

Pin Up Korea

Léo Pomar

Genre, Reception, and Adaptation in the 'Twilight' Series

Anne Morey, 2016-04-15 Much of the criticism on Stephenie Meyer's immensely popular 'Twilight' novels has underrated or even disparaged the books while belittling the questionable taste of an audience that many believe is being inculcated with anti-feminist values. Avoiding a repetition of such reductive critiques of the series's purported shortcomings with respect to literary merit and political correctness, this volume adopts a cultural studies framework to explore the range of scholarly concerns awakened by the 'Twilight' novels and their filmic adaptations. Contributors examine 'Twilight's debts to its predecessors in young adult, vampire, and romance literature; the problems of cinematic adaptation; issues in fan and critical reception in the United States and Korea; and the relationship between the series and contemporary conceptualizations of feminism, particularly girl culture. Placing the series within a broad tradition of literary history, reception studies, and filmic adaptation, the collection offers scholars the opportunity to engage with the books' importance for studies of popular culture, gender, and young adult literature.

Apple Selection Volume 2 Various, 2012-08-07 The creators of the Apple anthology/artbook series are back with an all-new volume of gorgeous pin-up artwork! Apple Selection belongs in everyone's art book collection!

To Save the Children of Korea Arissa H Oh, 2015-06-17 "The important . . . largely unknown story of American adoption of Korean children since the Korean War . . . with remarkably extensive research and great verve." —Charles K. Armstrong, Columbia University Arissa Oh argues that international adoption began in the aftermath of the Korean War. First established as an

emergency measure through which to evacuate mixed-race “GI babies,” it became a mechanism through which the Korean government exported its unwanted children: the poor, the disabled, or those lacking Korean fathers. Focusing on the legal, social, and political systems at work, *To Save the Children of Korea* shows how the growth of Korean adoption from the 1950s to the 1980s occurred within the context of the neocolonial US-Korea relationship, and was facilitated by crucial congruencies in American and Korean racial thought, government policies, and nationalisms. Korean adoption served as a kind of template as international adoption began, in the late 1960s, to expand to new sending and receiving countries. Ultimately, Oh demonstrates that although Korea was not the first place that Americans adopted from internationally, it was the place where organized, systematic international adoption was born. “Absolutely fascinating.” —Giulia Miller, *Times Higher Education* “Gracefully written. . . . Oh shows us how domestic politics and desires are intertwined with geopolitical relationships and aims.” —Naoko Shibusawa, *Brown University* “Poignant, wide-ranging analysis and research.” —Kevin Y. Kim, *Canadian Journal of History* “Illuminates how the spheres of ‘public’ and ‘private,’ ‘domestic’ and ‘political’ are deeply imbricated and complicate American ideologies about family, nation, and race.” —Kira A. Donnell, *Adoption & Culture*

Seoul, Korea's Global City Kyoung-Ho Shin, Michael Timberlake, 2020-05-27 Seoul, as one of Asia’s rising global cities, has been a place where enormous changes in politics, industry, and culture have taken place over the last five decades. This book explores the new urbanism in Seoul from the perspective of global political economy, focusing on the contexts in which the city has witnessed the transformation of its population structure, such as the rise of the global urban middle class and the city’s increased nodal function in commodity chains. The burgeoning signs of Seoul’s status as a global city are discussed in terms of

transnational tourism and the frequency of study abroad, the immigrant community, and cross-border cultural flows. Examining the labour structures within the city, economic growth policy, the role of advanced information technology, and neoliberal urban development, the authors also examine the local response in the city to its emerging status. A study of the development of the Korean capital and its deep embeddedness in the world economy, Seoul, Korea's Global City will appeal to scholars of sociology, geography and economics with interests in political economy, urban studies and Asian studies.

Lonely Planet Korea Lonely Planet, Simon Richmond, Trent Holden, Rebecca Milner, Rob Whyte, Megan Eaves, Phillip Tang, 2016-01-01 Lonely Planet: The world's leading travel guide publisher Lonely Planet Korea is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. The War for Korea, 1945-1950 Allan R. Millett, 2015-02-27 When the major powers sent troops to the Korean peninsula in June of 1950, it supposedly marked the start of one of the last century's bloodiest conflicts. Allan Millett, however, reveals that the Korean War actually began with partisan clashes two years earlier and had roots in the political history of Korea under Japanese rule, 1910-1945. The first in a new two-volume history of the Korean War, Millett's study offers the most comprehensive account of its causes and early military operations. Millett traces the war's origins to the post-liberation conflict between two revolutionary movements, the Marxist-Leninists and the

Nationalist-capitalists. With the U.S.-Soviet partition of Korea following World War II, each movement, now with foreign patrons, asserted its right to govern the peninsula, leading directly to the guerrilla warfare and terrorism in which more than 30,000 Koreans died. Millett argues that this civil strife, fought mostly in the South, was not so much the cause of the Korean War as its actual beginning. Millett describes two revolutions locked in irreconcilable conflict, offering an even-handed treatment of both Communists and capitalists-nationalists. Neither movement was a model of democracy. He includes Korean, Chinese, and Russian perspectives on this era, provides the most complete account of the formation of the South Korean army, and offers new interpretations of the U.S. occupation of Korea, 1945-1948. Millett's history redefines the initial phase of the war in Asian terms. His book shows how both internal forces and international pressures converged to create the Korean War, a conflict that still shapes the politics of Asia.

Vintage Aircraft Nose Art Gary Valant, 2002-01-12 The unique art that graced military aircraft in World War II and the Korean War. Applied by amateurs or professional artists like Vargas, the art typically featured alluring women whose charms belied the deadly cargo the crew hoped to deliver to its targets. Hundreds of examples are shown in a combination of archival photos from the wars and current photos of artwork in museum collections.

The Starlet and the Spy Ji-min Lee, 2019-09-10 "This story of the unlikely meeting of two vulnerable women is a beautifully woven page turner. The battle-weary woman and the pin-up girl who meet, connect, separate: each changed by the brief union." -- Heather Morris, author of the #1 New York Times bestseller *The Tattooist of Auschwitz* A dazzling work of historical fiction, based on true events, about two women who seem the most unlikely to ever meet: Alice, a Korean war survivor and translator for the American forces in Seoul and Marilyn Monroe, who is visiting

Korea on a four-day USO tour. February 1954. Although the Korean War armistice was signed a year ago, most citizens of Seoul still battle to return to some semblance of normalcy. Conditions are dismal. Children beg for food, and orphanages are teeming. Alice J. Kim, a Korean translator and typist for the American forces still sanctioned in the city, yearns for the life she used to live before her country was torn apart. Then Alice's boss makes an announcement—the American movie star Marilyn Monroe will be visiting Korea on a four-day USO tour, and Alice has been chosen as her translator. Though intrigued, Alice has few expectations of the job—what could she and a beautiful actress at the peak of her fame possibly have to talk about? Yet the Marilyn she meets, while just as dazzling and sensual as Alice expected, is also surprisingly approachable. As Marilyn's visit unfolds, Alice is forced into a reckoning with her own painful past. Moving and mesmerizing, *The Starlet and the Spy* is a beautiful portrayal of unexpected kinship between two very different women, and of the surprising connections that can change, or even save, a life.

Apple Selection Volume 1 Various, 2012-02-07 The creators of the Apple anthology/artbook series are back with an all-new volume of gorgeous pinup artwork! Apple Selection features dozens of Korea's top illustrators creating brand-new pin-up work of cute summer girls, seductive nurses, jamming punk rockettes, and more.

Vision and Society John Clammer, 2014-03-26 The sociology of art is now an established sub-discipline of sociology. But little work has been done to explore the implications not of society on art, but of art on the nature and principles of sociology itself. *Vision and Society* explores the ways in which art (here mainly understood as visual art) structures in fundamental ways the constitution of society, the relations between societies and the ways in which society and culture should be theorized. Building initially on an unfulfilled project by the French sociologist of art

Nathalie Heinich to derive a sociology from art, this book pushes this idea in unconventional directions. Rethinking the relationships between the study of art and the study of sociology and anthropology, this book explores how this rethinking might impact sociological theory in general, and certain aspects of it in particular – especially the study of social movements, social change, the urban, the constitution of space and the ways in which human social relationships are mediated and expressed.

The Korean War in Turkish Culture and Society Nadav Solomonovich, 2021-10-15 This book explores the important role that the Korean War played in Turkish culture and society in the 1950s. Despite the fact that fewer than 15,000 Turkish soldiers served in Korea, this study shows that the Turkish public was exposed to the war in an unprecedented manner, considering the relatively small size of the country's military contribution. It examines how the Turkish people understood the war and its causes, how propaganda was used to 'sell' the war to the public, and the impact of these messages on the Turkish public. Drawing on literary and visual sources, including archival documents, newspapers, protocols of parliamentary sessions, books, poems, plays, memoirs, cartoons and films, the book shows how the propaganda employed by the state and other influential civic groups in Turkey aimed to shape public opinion regarding the Korean War. It explores why this mattered to Turkish politicians, viewing this as instrumental in achieving the country's admission to NATO, and why it mattered to Turkish people more widely, seeing instead a war in the name of universal ideas of freedom, humanity and justice, and comparing the Turkish case to other states that participated in the war.

K'oria Misyõn P'ildũ, 1917

A Violent Peace Christine Hong, 2020-08-11 A Violent Peace offers a radical account of the United States' transformation into a total-war state. As the Cold War turned hot in the Pacific, antifascist critique disclosed a continuity between U.S. police

actions in Asia and a rising police state at home. Writers including James Baldwin, Ralph Ellison, and W.E.B. Du Bois discerned in domestic strategies to quell racial protests the same counterintelligence logic structuring America's devastating wars in Asia. Examining U.S. militarism's centrality to the Cold War cultural imagination, Christine Hong assembles a transpacific archive—placing war writings, visual renderings of the American concentration camp, Japanese accounts of the atomic bombing of Hiroshima, black radical human rights petitions, Korean War-era G.I. photographs, Filipino novels on guerrilla resistance, and Marshallese critiques of U.S. human radiation experiments alongside government documents. By making visible the way the U.S. war machine waged informal wars abroad and at home, this archive reveals how the so-called Pax Americana laid the grounds for solidarity—imagining collective futures beyond the stranglehold of U.S. militarism.

Monte Carlo Mission Vivian Connell, 2010-10-15 Vivian Connell, master of the sophisticated suspense novel, brings you his finest in Monte Carlo Mission. Meet Corinna Lang, a goddess of the movies, who was bored with mammoth swimming pools, small MG's, fat directors, and slim leading men. Bored with the whole great golden illusion of Hollywood, this smart cookie

decides a mere vacation in Monte Carlo would be just too tame. She's looking for adventure, and has the right amount of moxie and courage to take advantage of it when she finds it! Take a journey with this enchanting heroine to the wicked, extravagant Riviera where the golden Corinna, undertaker of a top secret mission, lives in the shadow of international intrigue, and matches her quick wit with the most dangerous men in Europe.

Korean War Filmography Robert J. Lentz, 2016-05-01 The Korean experience changed the way Americans viewed war. The lack of a clear-cut victory inspired filmmakers to try to make sense of fighting another country's civil war and risking American lives for an unpopular cause. This filmography details more than 90 English-language films. Each entry includes complete cast and credit listings, a plot synopsis, evaluation, review snippets, and notice of video availability. This book places each film in its historical context, assesses the essential truthfulness of each film and evaluates its entertainment value, and discusses how—and why—Korean War films differ from other Hollywood war genres. Four appendices list the films by chronology; production company and studio; level of historical accuracy; and subject and theme. Additional appendices list films with incidental references to the Korean War; documentaries on the Korean War; and South Korean films about the war. Photographs, a bibliography, and an index are included.

From Orphan to Adoptee SooJin Pate, 2014-03-01 Since the 1950s, more than 100,000 Korean children have been adopted by predominantly white Americans; they were orphans of the Korean War, or so the story went. But begin the story earlier, as SooJin Pate does, and what has long been viewed as humanitarian rescue reveals itself as an exercise in expanding American empire during the Cold War. Transnational adoption was virtually nonexistent in Korea until U.S. military intervention in the 1940s. Currently it generates \$35 million in revenue—an economic miracle for South Korea and a social and political boon for the United States. Rather than focusing on the families “made whole” by these adoptions, this book identifies U.S. militarism as the condition by which displaced babies became orphans, some of whom were groomed into desirable adoptees, normalized for American audiences, and detached from their past and culture. Using archival research, film, and literary materials—including the cultural work of adoptees—Pate explores the various ways in which Korean children were employed by the U.S. nation-state to promote the myth of American exceptionalism, to expand U.S. empire during the burgeoning Cold War, and to solidify notions of the American family. In *From Orphan to Adoptee* we finally see how Korean adoption became the crucible in which technologies of the U.S. empire were invented and honed.

The Girls Next Door Kara Dixon Vuic, 2019-02-01 To boost soldiers’ morale and remind them of the stakes of victory, the American military formalized a recreation program that sent respectable young women, along with famous entertainers, overseas. This history of the women who talked and listened, danced and sang, adds an intimate chapter to the story of war and its ties to life in peacetime.

Korean Pop Music ,2021-11-15 Korean popular music has in the last decade become a significant model for youth culture throughout Asia. Yet, although the Korean music industry is both vibrant and massive, this is the first book-length work devoted to the subject to appear in English.

This Captivating Realm of Kindle Books: A Detailed Guide
Revealing the Pros of Kindle Books: A World of Ease and Versatility
E-book books, with their inherent mobility and simplicity of access, have freed readers from the limitations of hardcopy books. Pin Up Korea Introduction

In the digital age, access to information has become easier than ever before. The ability to download Pin Up Korea has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Pin Up

Korea has opened up a world of possibilities. Downloading Pin Up Korea provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Pin Up Korea has democratized knowledge.

Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Pin Up Korea. These websites range from academic databases offering research papers and journals to online libraries with an expansive

collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Pin Up Korea. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of

authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Pin Up Korea, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Pin Up Korea has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Pin Up Korea Books

1. Where can I buy Pin Up Korea books?
Bookstores:
Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
