**ROUL BRIAN S. OVERMASS**,2012-02-15 Roul, the son of a clan chief, who like his father has inherited an unusual method of fighting. He is branded a traitor, and taken captive. He is sent to the capital and inducted into the army to train the Emperor's soldiers. When the Empire is invaded by an army from a neighbouring country, soldiers trained and lead by Roul, achieve a stunning victory. He is rewarded by being named Duke of William Town, a small Duchy on the border. Due to his drive and intuitive his Duchy soon becomes the talk of the Empire. The expansion of the Empire's navy based in Port William brings the Empire into conflict with The Brotherhood of the Sea, a pirate brotherhood that has ruled the seas for generations. Conflict between the two is inevitable and when victory is finally won, is it the end of the war or just the first battle in a long conflict.

**North, South, East, West by Water** Ron Greiner, 2014-10-06 Ron Greiner first developed his love for boating while growing up on a Minnesota lake. It was then that he began dreaming of traveling the length of the Mississippi by boat. But it would not be until much later in life when he would finally get the chance to transform his vision into an incredible adventure. In his travelogue that details his sixteen-thousand mile journey across waterways in thirty-three states and two Canadian provinces, Greiner shares the fascinating story of how, over a period of fourteen years, he managed to successfully boat from East to West from New York City to the Pacific Coast and North to South from Lake Winnipeg to the Gulf of Mexico, interacting with people along the way. As he chronicles his experiences that included dinner aboard a towboat in Mississippi, sleeping while tied to a tree near downtown Chicago, and nearly drowning while trying to kayak the Big Hole River in Montana, Greiner provides a glimpse into how he not only achieved his goals, but also widened his

breadth of life experiences along the way. North, South, East, West By Water shares the true story of how a man made his boyhood dream come true, all while satisfying his thirst for adventure.

*From Environmental Action to Ecoterrorism?* Gerry Nagtzaam, 2017-01-27 This book scrutinizes the growth of the 'eco-terrorism' movement operating on a global scale, focusing on the main groups and their more radical offshoots, both historically and those currently active. These include Earth First!, the Earth Liberation Front, the Animal Liberation Front and the Sea Shepherd Conservation Society. It critically examines how these groups form and how they have evolved, their key personnel, their strategies and tactics, principles, motivating philosophies and attitudes to violence. Specifically, the book seeks to understand whether such groups inevitably evolve from activists to militants to terrorists, as the literature suggests. Lastly, it considers the future of such groups, asking whether they will become more prominent as more people become ecologically aware and as global environmental conditions deteriorate, or whether such groups have peaked as a force for environmental change.

**In the Name of the Battle against Piracy**, 2018-03-12 In the Name of the Battle against Piracy discusses the antipiracy campaigns in Europe and Asia in the 16th-19th centuries, exploring how the state used them to establish its authority, and how state and non-state actors joined them for personal benefit.

International Environmental Law Gerry Nagtzaam, Evan van Hook, Douglas Guilfoyle, 2019-10-23 This book seeks to better understand how International Environmental Law regimes evolve. The authors address throughout the major environmental, economic, and political tensions that have both shaped and constrained the evolution of international environmental policy within regimes, and its expression in international legal rule and norm development. Readers will gain an increased

understanding of the growing role played by non-state actors in global environmental governance, including environmental non-government organisations, scientists, the United Nations, and corporations. The authors also look ahead to the future of International Environmental Law, evaluating key challenges and decisions that the discipline will face. The text is clear, concise, and accessible. It is ideally suited to students and professionals interested in International Environmental Law, and individuals who are intrigued by this dynamic area of law.

**Pirate Women** Laura Sook Duncombe, 2017-04-01 In the first-ever Seven Seas history of the world's female buccaneers, *Pirate Women: The Princesses, Prostitutes, and Privateers Who Ruled the Seven Seas* tells the story of women, both real and legendary, who through the ages sailed alongside—and sometimes in command of—their male counterparts. These women came from all walks of life but had one thing in common: a desire for freedom. History has largely ignored these female swashbucklers, until now. Here are their stories, from ancient Norse princess Alfhild and warrior Rusla to Sayyida al-Hurra of the Barbary corsairs; from Grace O'Malley, who terrorized shipping operations around the British Isles during the reign of Queen Elizabeth I; to Cheng I Sao, who commanded a fleet of four hundred ships off China in the early nineteenth century. Author Laura Sook Duncombe also looks beyond the stories to the storytellers and mythmakers. What biases and agendas motivated them? What did they leave out? *Pirate Women* explores why and how these stories are told and passed down, and how history changes depending on who is recording it. It's the most comprehensive overview of women pirates in one volume and chock-full of swashbuckling adventures that pull these unique women from the shadows into the spotlight that they deserve.

Battle of the Pirate Bands Michael Anthony Steele, 2018-08 Pirates from across the seven seas are gathering for the greatest of pirate competitions. But when the prize trophy is stolen, the

Monkey Pirates are framed as the thieves. Can the crew clear their nearly-fearless names? A glossary, discussion questions, and writing prompts round out this exciting adventure story. **Combat with Pirates** Harold J. Hovel, 2013-04-19 Combat With Pirates: The Adventures of Admiral Napoleon and the Independent Fleet Some of the most evil pirates in history lived, plundered, tortured, and murdered in the 17th and 18th centuries, pirates who delighted in the agony and suffering of victims from all nations and to whom torture and murder were daily occurrences. They find their nemesis in a small dog named Napoleon who starts from nothing to build an invincible navy manned by a crew of men and women, Africans and Indians, dogs, cats, rats, chimpanzees and bonobos, gorillas, bears, jaguars, eagles, whales, sharks, and dolphins. While languishing in a dungeon beneath a pirate stronghold and faced with torture and death, they learn to fight with sword, spear, cutlass, and the martial arts, becoming a fighting force like no other and a family dedicated to each other in spite of their origins. After a desperate insurrection and capture of a single pirate ship against huge odds, they build the Independent Fleet beholden to no government or country with the mission of sailing the world's oceans to fight evil wherever they find it. Their travels and adventures put them in the thick of combat with pirates of all kinds, with the forces of slavery, the evils of whaling, the cruelty of animal fighting, the horrors of the Spanish Inquisition, and outlaws both on land and sea. Desperate gun battles with enemy ships and even

more desperate boarding actions and hand to hand fighting adds ship after ship to their squadron until the Independent Fleet becomes more powerful than any European navy in the Caribbean Sea and far more effective in destroying pirates. Combat With Pirates is a swashbuckling adventure of hand to hand and hand to paw combat, battles between single warships, squadrons of warships, and battles between entire fleets. Along the way, the dangers encountered by spies, traitors, and undercover agents unfold and love stories develop. Earthquakes, tsunamis, and ocean storms add to the dangers. Desperate battles between humans and animals and between squadrons of powerful warships fill the life and times of Admiral Napoleon and his remarkable fighting forces, while pirates and murderers come to rue the day they come up against him. Heroes come in all shapes, sizes, genders, and species, and Combat With Pirates introduces us to many of them. The golden age of piracy will never be the same when pirates come up against Admiral Napoleon and the Independent Fleet.

*Tales of the Lost Isles* ,2017 The Ghost Archipelago has returned. A vast island chain, covered in the ruins of ancient and otherworldly civilizations, the Archipelago appears every few centuries, far out in the southern ocean. At such times, pirates, adventurers, wizards, and legendary heroes all descend upon the islands in the hopes of finding lost treasures and powerful artefacts. A few, drawn by the blood of their ancestors, search for the fabled Crystal Pool, whose waters grant abilities far beyond those of normal men. It is only the bravest, however, who venture into the islands, for they are filled with numerous deadly threats. Cannibal tribes, sorcerous serpent-men, and poisonous water-beasts all inhabit the island ruins, guarding their treasure hordes and setting traps for the unwary. This book of fiction collects all-new stories set in the Ghost Archipelago.

**the Dark shall do what Light cannot** Sanem Ozdural,2015-04-10 We live in a world of Light

and Dark, Day and Night, Good and Evil. How do we deal with evil? Despite its power and resources, the state with all its laws and police is neither omnipotent nor omnipresent. It is not always enough. There is a place called Pera which lies beyond the Light Veil, on the other side of reality. There are light trees there that eat sunlight and bear fruit that, in turn, lights up and energises (literally) the community of Pera. There are light birds that glitter in the night because they have eaten the seed of the lightberry. The House of Light and Dark, which is the domain of the Sun and her brother, Twilight, welcomes all creatures living in Pera. But in the midst of all the glitter, laughter and the songs, it must be remembered that the lightberry is poisonous to the non-Pera born, and the Land is afraid when the Sun retreats, for it is then that Twilight walks the streets... In Pera, as in our world, there is deceit and cruelty. There are people who would harm defenceless children, and those who would jeopardise the health and wealth of their communities for personal gain. What happens, though, when the Sun is not able to shine her light into the repulsive crevices of humanity? When, with all the goodwill in the world, we cannot keep the children safe, or the forests intact. What happens when the rivers are polluted irreversibly, and we can hear the land groan: barren and toxic? And the people have lost their savings, their homes and their communities... Then, the Dark shall do what Light cannot. With some of the characters that we originally met in LiGa™, Sanem Ozdural's first novel, the Dark shall do what Light cannot transports us from New York to the colourful and wonderful world of Pera. On the way we meet the pirate Patron and her ship the Flying Fish, the only one that can sail through the Light Veil; Orion (Imm.), the Hunter, respected by some and feared by others; and Shadow, the formidable soul of Pera.
