Through clear prose, a broad survey of contexts where designers find themselves in the present day, and interviews with designers, *The AIGA Guide to Careers in Graphic and Communication Design* is an invaluable resource for finding your place in this quickly changing and growing field. The book includes interviews with over 40 designers at all levels working in-house and out-of-house in studios, consultancies, or alone, including: Nicholas Blechman, *The New Yorker*; Rob Giampietro, Google; Njoki Gitahi, IDEO; Hilary Greenbaum, Whitney Museum; Holly Gressley, Vox Media; Cemre Güngör, Facebook; Natasha Jen, Pentagram; Renda Morton, *The New York Times*; and Alisa Wolfson, Leo Burnett Worldwide.

Nathan Shedroff on Design Strategy and the Merging of Business and Design ,2015 Nathan Shedroff researches, speaks, and teaches about meaning, innovation, and interfaces. He is the chair of two groundbreaking MBA programs at the California College of the Arts that marry design and business. In this exclusive interview, conducted in partnership with the AIGA Design Conference, Kristin Ellison talks to Nathan about the ways he's helping designers merge the qualitative and quantitative to better understand customers and pitch ideas to company leaders. Nathan explains what business has to learn from design (tolerance for ambiguity) as well as what design has to learn from business (comfort with data and communication skills). He also touches on redefining the word value, design thinking, and deliberate design that improves customers' lives.

Narrative Design Kit Hinrichs,2023-11-14 An extraordinary book and unparalleled collection of work, celebrating Kit Hinrichs creative life as he recounts his narrative design work covering over 50 years and all stages of his career. *Narrative Design* is a collection of more than 50 years of work from the obsessive graphic designer Kit Hinrichs. To the legendary AIGA medalist, author, teacher, and collector, design is the business of telling a story. It's not just about communicating a product or a corporate ethos -- it's about contributing to the collective culture of storytelling. Presented in the book are not individual case studies but rather categories of work and graphic approaches to assignments that have wowed clients and dazzled viewers. The work is arranged to communicate Hinrichs' creative thinking, which always leads to a unique and effective solution to any design conundrum. Renowned graphic designer Kit Hinrichs has served as the principal of design offices in New York and San Francisco, including spending 23 years as a partner of Pentagram before opening Studio Hinrichs in 2009. His award-winning design experience includes identity, promotion, publication design, packaging design, environmental graphics, product design, editorial design, and exhibition design.

Rise of the DEO Maria Giudice,Christopher Ireland,2013-09-17 The majority of companies, their employees and their leaders navigate a space where competitors appear overnight, customers demand innovations monthly, business plans rarely last a full year and career ladders have been replaced by trampolines. This environment of constant change will only accelerate in the future and traditional business leaders are ill equipped to deal with it. Just as we took our cues from MBAs and the military in casting the ideal CEO of the 20th century, we can look to design - in its broadest form - to model our future leader, the DEO. These leaders possess characteristics, behaviors and mindsets that allow them to excel in unpredictable, fast-moving and value-charged conditions. They are catalysts for transformation and agents of change. A hybrid of strategic business executive and creative problem-solver, the DEO is willing to take on anything as an object of design and looks at ALL problems as design challenges. Readers will learn not only why this form of leadership is essential to the success of modern organizations, but also what characteristics are best suited to this role. Through intimate conversations with leading DEOs, we explore the mindsets, communities, processes and practices common to creative business leaders. The book lays out—graphically and through

example—how DEOs run their companies and why this approach makes sense now. We help readers identify these skills in themselves and their colleagues, and we guide them in using these skills to build, revive or reinvent the next generation of great companies and organization.

Speculative Everything Anthony Dunne,Fiona Raby,2013-12-06 How to use design as a tool to create not only things but ideas, to speculate about possible futures. Today designers often focus on making technology easy to use, sexy, and consumable. In *Speculative Everything*, Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas. For them, design is a means of speculating about how things could be—to imagine possible futures. This is not the usual sort of predicting or forecasting, spotting trends and extrapolating; these kinds of predictions have been proven wrong, again and again. Instead, Dunne and Raby pose “what if” questions that are intended to open debate and discussion about the kind of future people want (and do not want). *Speculative Everything* offers a tour through an emerging cultural landscape of design ideas, ideals, and approaches. Dunne and Raby cite examples from their own design and teaching and from other projects from fine art, design, architecture, cinema, and photography. They also draw on futurology, political theory, the philosophy of technology, and literary fiction. They show us, for example, ideas for a solar kitchen restaurant; a flypaper robotic clock; a menstruation machine; a cloud-seeding truck; a phantom-limb sensation recorder; and devices for food foraging that use the tools of synthetic biology. Dunne and Raby contend that if we speculate more—about everything—reality will become more malleable. The ideas freed by speculative design increase the odds of achieving desirable futures.

Draplin Design Co. Aaron James Draplin,2016-05-17 A funny, colorful, fascinating tour through the work and life of one of today’s most influential graphic designers. *Esquire*. Ford Motors. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. *Pretty Much Everything* is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like *Field Notes* and the “Things We Love” State Posters. Sharpened by Millman’s penetrating commentary, the candid musings teem with insight and empathy. This sparkling collection is one to be savored slowly.”—*Publisher’s Weekly* The author, educator, brand consultant, and host of the widely successful and award-winning podcast *Design Matters* showcases dozens of her most exciting interviews, bringing together insights and reflections from today’s leading creative minds from across diverse fields. “Debbie Millman has become a singular voice in the world of intimate, enlightening conversations. She has demonstrated time, and again, why design matters.”—Roxane Gay, from the foreword Over the course of her popular podcast’s fifteen-year reign, Debbie Millman has interviewed more than 400 creative minds. In those conversations, she has not only explored what it means to design a creative life, but has, as Millman’s wife, Roxane Gay, assesses in her foreword, “created a gloriously interesting and ongoing conversation about what it means to live well, overcome trauma, face rejection, learn to love and be loved, and thrive both personally and professionally.” In this illustrated, curated anthology, Millman includes approximately 80 of her best interviews with visionaries from across diverse fields. Grouped by category—Legends, Truth Tellers, Culture Makers, Trendsetters, and Visionaries—these eye-opening, entertaining, and enlightening conversations—offer insights into new ways of being and living. Accompanying each entry is a brief biography, a portrait photographed by Millman, and a pull quote written in Millman’s artistic hand. *Why Design Matters* features 100 images and includes interviews with: Marina Abramovic, Cey Adams, Elizabeth Alexander, Laurie Anderson, Lynda Barry, Allison Bechdel, Michael Bierut, Brené Brown, Alain de Botton, Eve Ensler, Shepard Fairey, Tim Ferriss, Louise Fili, Kenny Fries, Anand Girhidardas, Cindy Gallop, Malcolm Gladwell, Milton Glaser, Ira Glass, Seth Godin, Thelma Golden, Gabrielle Hamilton, Steven Heller, Jessica Hische, Michael R. The Cheese Monkeys Chip Kidd,2008-12-26 'Show me something I've never seen before and will never be able to forget - if you can do that, you can do anything.' It's 1957, long before computers have replaced the trained eye and skilful hand. Our narrator at State University is determined to major in Art, and after several risible false starts, he accidentally ends up in a new class: 'Introduction to Graphic Design'. His teacher is the enigmatic Winter Sorbeck, equal parts genius, seducer and sadist. Sorbeck is a bitter yet fascinating man whose assignments hurl his charges through a gauntlet of humiliation and heartache, shame and triumph, ego-bashing and enlightenment. Along the way, friendships are made and undone, jealousies simmer, and the sexual tango weaves and dips. By the end of their 'Introduction to Graphic Design', Sorbeck's students will never see the world in the same way again. And, with Chip Kidd's insights into the secrets of graphic design, neither will you.
