**A Doll's House** Henrik Ibsen, 2023-08-31 A Doll's House by Henrik Ibsen is a three-act play written by Norwegian playwright Henrik Ibsen. It premiered at the Royal Theatre in Copenhagen, Denmark, on 21 December 1879, having been published earlier that month. The play is set in a Norwegian town circa 1879. The play concerns the fate of a married woman, who at the time in Norway lacked reasonable opportunities for self-fulfillment in a male-dominated world, despite the fact that Ibsen denied it was his intent to write a feminist play. It was a great sensation at the time, and caused a storm of outraged controversy that went beyond the theatre to the world of newspapers and society.

Synopsis: The play opens at Christmas time as Nora Helmer enters her home carrying many packages. Nora's husband Torvald is working in his study when she arrives. He playfully rebukes her for spending so much money on Christmas gifts, calling her his little squirrel. He teases her about how the previous year she had spent weeks making gifts and ornaments by hand because money was scarce. This year Torvald is due a promotion at the bank where he works, so Nora feels that they can let themselves go a little. The maid announces two visitors: Mrs. Kristine Linde, an old friend of Nora's, who has come seeking employment; and Dr. Rank, a close friend of the family, who is let into the study. Kristine has had a difficult few years, ever since her husband died leaving her with no money or children. Nora says that things have not been easy for them either: Torvald became sick, and they had to travel to Italy so he could

recover. Kristine explains that when her mother was ill she had to take care of her brothers, but now that they are grown she feels her life is unspeakably empty. Nora promises to talk to Torvald about finding her a job. Kristine gently tells Nora that she is like a child. Nora is offended, so she tells her that she got money from some admirer so they could travel to Italy to improve Torvald's health. She told Torvald that her father gave her the money, but in fact she illegally borrowed it without his knowledge (women were forbidden from conducting financial activities such as signing checks without a man's endorsement). Since then, she has been secretly working and saving up to pay off the loan. Krogstad, a lower-level employee at Torvald's bank, arrives and goes into the study. Nora is clearly uneasy when she sees him. Dr. Rank leaves the study and mentions that he feels wretched, though like everyone he wants to go on living. In contrast to his physical illness, he says that the man in the study, Krogstad, is morally diseased.

*A Doll's House* Henrik Ibsen, 2024-04-05 *A Doll's House* is a three-act play written by Henrik Ibsen in 1879. It is a groundbreaking play that explores the themes of marriage, gender roles, and identity in 19th century society. Ibsen's play was met with controversy and outrage due to its bold critique of the traditional roles of men and women in marriage. The play has since become a classic of modern drama and is widely studied and performed in educational institutions around the world. The play is set in Norway and follows the story of Nora Helmer, a seemingly happy and content

housewife. However, as the play unfolds, we see that Nora is living a double life. She has secretly borrowed money to save her husband's life, and is now being blackmailed by the lender. The play depicts Nora's struggle to find her true identity and the consequences of living a life based on societal expectations rather than her own desires. One of the main themes explored in the play is the role of women in marriage. Nora is portrayed as a typical 19th century wife, who is expected to be obedient, nurturing, and submissive. However, as the play progresses, we see that Nora is not content with this role and longs for independence and self-discovery. Ibsen challenges the traditional gender roles and shows how society's expectations can suffocate and limit an individual's growth. Another important theme in the play is the concept of identity. Nora's character undergoes a transformation throughout the play as she begins to question her role as a wife and mother. She realizes that she has been living a life that is not truly her own, and she must break free from societal expectations to find her true self. This theme is also reflected in the character of Torvald, Nora's husband, who is more concerned with his social status and reputation than his wife's happiness. Ibsen also uses symbolism throughout the play to convey deeper meanings. The title *A Doll's House* itself is significant, as it represents the idea that women were seen as mere playthings or objects in a patriarchal society. The Christmas tree, a recurring symbol in the play, represents the facade of happy family life that Nora and Torvald

try to maintain. However, as the tree begins to shed its decorations, it symbolizes the unraveling of Nora's perfect facade. At the time of its publication, *A Doll's House* was met with harsh criticism and was deemed scandalous due to its portrayal of a woman challenging societal norms. However, its impact on modern drama cannot be overstated. Ibsen's play paved the way for a new genre of realistic drama and influenced many other playwrights to explore similar themes. It continues to be studied and performed today, as it remains relevant in its critique of societal expectations and the struggle for individual identity.

*A Doll's House* Henrik Ibsen, 2022-12-13 It is a play with a gentle, evocative name. But 'A Doll's House' is a story with a kick that continues to be felt today. Henrik Ibsen's play tells the story of Nora, who feels hemmed in by a male-dominated society and its expectations. When she illegally takes out a loan to pay for Christmas presents, she is blackmailed by one of her husband's colleagues. She is desperate for Torvald not to find out, so finds herself in the power of the sinister and dishonest colleague. When the truth gets out, Torvald confronts Nora, insults her and says she is unfit to raise our children. He swiftly takes back his words, but it is too late. Nora has decided to do something truly shocking... Fans of Bertolt Brecht and August Strindberg will love this play, which challenges our acceptance of

cultural and societal norms. Henrik Ibsen (1828-1906) was a Norwegian-Danish playwright and theatre director. He was one of the founders of modernism in theatre and is regarded as the father of realism. He influenced many giants of the playwright world, including George Bernard Shaw, Oscar Wilde, and George Bernard Shaw. His work has endured: only William Shakespeare's plays are performed more often than Ibsen's. His best-known works include 'Peer Gynt', 'A Doll's House', 'An Enemy of the People', and 'The Wild Duck'. Ibsen was nominated for the Nobel Prize in Literature in 1902, 1903, and 1904.

*A Doll's House, Part 2 (TCG Edition)* Lucas Hnath, 2019-02-26 "Smart, funny and utterly engrossing...This unexpectedly rich sequel reminds us that houses tremble and sometimes fall when doors slam, and that there are living people within, who may be wounded or lost...Mr. Hnath has a deft hand for combining incongruous elements to illuminating ends." –Ben Brantley, New York Times It has been fifteen years since Nora Helmer slammed the door on her stifling domestic life, when a knock comes at that same door. It is Nora, and she has returned with an urgent request. What will her sudden return mean to those she left behind? Lucas Hnath's funny, probing, and bold play is both a continuation of Ibsen's complex exploration of traditional gender roles, as well as a sharp contemporary take on the struggles inherent in all human relationships across time.
