The Element of the ‘Absurd’ in Rajiv Joseph’s Post-9/11 Plays Qurratulaen Liaqat,2023-07-19 What is a suitable genre to describe the post-9/11 era mired in wars, violence, and unspeakable horror? What kind of literary expressions and techniques are appropriate to give voice to the prevalence of global anguish in the post-9/11 scenario? Is the Theatre of the Absurd a viable option for the expression of the incongruity of the unspeakable horror unleashed after 9/11? Is the term ‘absurd’ applicable to this era? If yes, in what terms is this applicable? This book tries to find answers to these questions and many more. It reflects on the epistemological shifts in the avant-garde tradition of the Theatre of the Absurd, its ongoing critical currency in contemporary history, and its changing contours in the post-9/11 plays of Rajiv Joseph, an emerging American dramatist. It establishes the continued relevance of the Theatre of the Absurd at the current juncture of human history.

Practice-Based Research in Children's Play Russell, Wendy,Lester, Stuart,Hilary Smith,2018-03-07 There has been a growing awareness in recent years of the importance of play in children's learning and development--but that awareness has not been accompanied by sufficient scholarly attention, outside of conceptual studies and how-to textbooks. This collection fills that gap by bringing together scholars from a range of fields and methodological approaches to look at play from a practice-based perspective. Moving beyond the dominant voice of developmental psychology, the book offers a number of new ways of approaching children's play and the roles of adults in supporting it; as a result, it will be valuable to anyone working with or studying children at play.

Red Panda Angela R. Glatston,2010-11-25 Red Panda: Biology and Conservation of the First Panda provides a broad-based overview of the biology of the red panda, *Ailurus fulgens*. A carnivore that feeds almost entirely on vegetable material and is colored chestnut red, chocolate brown and cream rather than the expected black and white. This book gathers all the information that is available on the red panda both from the field and captivity as well as from cultural aspects, and attempts to answer that most fundamental of questions, What is a red panda? Scientists have long focused on the red panda’s controversial taxonomy. Is it in fact an Old World procyonid, a very strange bear or simply a panda? All of these hypotheses are addressed in an attempt to classify a unique species and provide an in-depth look at the scientific and conservation-based issues urgently facing the red panda today. Red Panda not only presents an overview of the current state of our knowledge about this intriguing species but it is also intended to bring the red panda out of obscurity and into the spotlight of public attention. Wide-ranging account of the red panda (*Ailurus fulgens*) covers all the information that is available on this species both in and ex situ Discusses the status of the species in the wild, examines how human activities impact on their habitat, and develops projections to translate this in terms of overall panda numbers Reports on status in the wild, looks at conservation issues and considers the future of this unique species Includes contributions from long-standing red panda experts as well as those specializing in fields involving cutting-edge red panda research.

Playwork Practice at the Margins Jennifer Cartmel,Rick Worch,2020-11-26 Playwork Practice at the Margins explores the circumstances where playwork practice intersects with practice from diverse contexts and settings, encompassing disciplines such as health, education, early intervention and community development. Each chapter focuses on a research project situated in a unique setting or space such as zoos, hospitals, refuges and rainforests. In these settings, the authors reflect on Playwork Principles and consider these in relation to the theory, research, design and findings of their project. By presenting research from settings at the margins of traditional playwork, the authors use shared values and principles to consider the significance of playwork when embedded in transdisciplinary work. The book is underpinned by a model of reflective thinking that is used to examine how playwork practice is intertwined with knowledge from other disciplines. With a range of international contributions from both researchers and practitioners, this is the ideal text for academics and researchers in the fields of early childhood education, allied health, community development and social work disciplines as well as human geographers and practitioners in children’s services worldwide.

The Fairy-Tale Vanguard Stijn Praet,2019-07-08 Ever since its early modern inception as a literary genre unto its own, the fairy tale has frequently provided authors with a textual space in which to reflect on the nature, status and function of their own writing and that of literature in general. At the same time, it has served as an ideal laboratory for exploring and experimenting with the boundaries of literary convention and propriety. While scholarship pertaining to these phenomena has focused primarily on the fairy-tale adaptations and deconstructions of postmodern(ist) writers, this essay collection adopts a more diachronic approach. It offers fairy-tale scholars and students a series of theoretical and literary-historical expositions, as well as case studies on English, French, German, Swedish, Danish, and Romanian texts from the seventeenth to the twenty-first century, by authors as diverse as Marie-Catherine d’Aulnoy, Rikki Ducornet, Hans Christian Andersen and Robert Coover.

A sense of place Lez Cooke,2018-02-28 This pioneering study examines regional British television drama from its beginnings on the BBC and ITV in the 1950s to the arrival of Channel Four in 1982. It discusses the ways in which regionalism, regional culture and regional identity have been defined, outlines the history of regional broadcasting in the UK, and includes two detailed case studies – of Granada Television and BBC English Regions Drama – representing contrasting examples of regional television drama during what is often described as the ‘golden age’ of British television. The conclusion brings the study up to date by discussing recent developments in regional drama production, and by considering future possibilities. Written in a scholarly but accessible style, the book uncovers a forgotten history of British television drama that will be of interest to lecturers and students of media and cultural studies, as well as the general reader with an interest in the history of British television.

Techniques of Positional Play Valeri Bronznik,2014-02-18 Opening preparation is useful, but understanding the middlegame is much more important. This book, an improved edition of a Russian classic, teaches amateur chess players 45 extremely effective skills in a crystal-clear manner. Quite a few of the ideas presented here will surprise the reader, because they offer solutions for problems the club player is only subconsciously aware. How do you activate your rook pawn? How do you prevent your opponent from opening a file? How do you restrict the efficacy of your opponents pieces? Which rook belongs on the c-, d- or e-file? What is the best way to exchange a piece? How do you castle artificially? In most cases the techniques are easy to understand and memorize. Bronznik and Terekhin do not burden the reader with deep analysis and only present those variations that are really necessary to get the point. There is a special training section at the end of the book where you can test your skills.

Never Play Music Right Next to the Zoo John Lithgow,2013-10-22 A lively and lyrical picture book jaunt from actor and author John Lithgow! Oh, children! Remember! Whatever you may do, Never play music right next to the zoo. They’ll burst from their cages, each beast and each bird, Desperate to play all the music they’ve heard. A concert gets out of hand when the animals at the neighboring zoo storm the stage and play the instruments themselves in this hilarious picture book based on one of John Lithgow’s best-loved tunes.
