Pockets, Pull-Outs, and Hiding Places Jenn Mason,2005 More and more scrapbookers and paper artists are seeking clever ways to make their albums and paper projects more interesting and three-dimensional. One of the most exciting ways of accomplishing this is by adding interactive elements, such as doors that open and reveal hidden layers, and envelopes and pockets that hold secret text, personal letters, or special photos. Pockets, Pull Outs and Hiding Places: A Guide to Interactive Scrapbooking, Memory Art and Paper Art teaches the paper engineering techniques for making three dimensional and interactive ôpaper toolsö such as vellum pockets, hinged doors that reveal mini booklets underneath. These tools are applicable to scrapbookers, memory, and paper artists at any level of experience. The tools are also adjustable enough to be used in any style of work.

Late Summer Luiz Ruffato,2021-07-06 BUZZFEED BEST SUMMER BEACH READ PICK From one of Brazil's most important living writers, a powerful reflection on the effects of isolation and feelings of inadequacy in our time. Sick and abandoned by his wife and son, Oséias decides to go back to his hometown after twenty years away. During this time apart, he has heard about his family only through sporadic phone calls from his younger sister, Isabela. The shadow of the suicide of their sister Lígia, when she was fifteen, lingers over Oséias as he tries to reestablish contact with his siblings. Each of them is absorbed in their own world: Rosana and her obsession with fitness; Isabela and her struggle to survive; João Lúcio and his isolation. All of them are branded by loneliness, but most of all Oséias, who, misunderstood by his family members and old acquaintances, decides to put an end to

his journey. Late Summer can be read as both the realistic story of a displaced man tortured by his unsuccessful attempt to redeem his past, and as a portrait of contemporary society, in which social classes have ruptured any form of dialogue between them, and people have become rogue planets whose paths cross occasionally, risking mutual destruction.

The Kindness of Strangers Andy Weinberger, 2022-04-12 In the third installment of the Amos Parisman Mysteries series, Amos finds himself on the twisted trail of a dangerous killer as he enters the heart of inequity in his community. Amos Parisman, L.A.'s oldest and most stubborn Jewish gumshoe, has never learned how to properly retire. He has little to do and his options are narrowing day by day, until he stumbles across the body of a local homeless woman in Park La Brea. Despite the instruction of Amos' comrade, Lieutenant Malloy, who tells him not to get involved, the police find that they could use someone unconventional like Parisman, someone who knows the neighborhood and is willing to go the extra mile. As more homeless people begin turning up dead in the area, though, Amos soon realizes he is hunting a serial killer with a gruesome vendetta against the vulnerable and disadvantaged. Battling moral and civil questions regarding the invisible class, *The Kindness of Strangers* is a gripping look into the lives of those who sleep in the dust, the value we place on those who aren't like us, and the damage that homelessness inflicts on the human spirit.
