girl's perilous journey to cross the U.S. border and lead her family to safety during the Mexican Revolution. Wrenching debut about family, loss, and finding the strength to carry on.—Booklist, starred review Blazes bright, gripping readers until the novel's last page.—Publishers Weekly, starred review Vital and perilous and hopeful.—Alan Gratz, New York Times bestselling author of Refugee It is 1913, and twelve-year-old Petra Luna's mama has died while the Revolution rages in Mexico. Before her papa is dragged away by soldiers, Petra vows to him that she will care for the family she has left—her abuelita, little sister Amelia, and baby brother Luisito—until they can be reunited. They flee north through the unforgiving desert as their town burns, searching for safe harbor in a world that offers none. Each night when Petra closes her eyes, she holds her dreams close, especially her long-held desire to learn to read. Abuelita calls these barefoot dreams: They're like us barefoot peasants and indios—they're not meant to go far. But Petra refuses to listen. Through battlefields and deserts, hunger and fear, Petra will stop at nothing to keep her family safe and lead them to a better life across the U.S. border—a life where her barefoot dreams could finally become reality. Dobbs' wrenching debut, about family, loss, and finding the strength to carry on, illuminates the harsh realities of war, the heartbreaking disparities between the poor and the rich, and the racism faced by Petra and her family. Readers will love Petra, who is as strong as the black-coal rock she carries with her and as beautiful as the diamond hidden within it.—Booklist, starred review

Banneker Bones and the Giant Robot Bees Robert Kent, 2014-09-18 Publication Date: October 31, 2014 - Age Level: 9 - 12 - Grade Level: 4 - UP Let me say at once that I think this is a most original and amusing piece of work. A reader is arrested at the outset by a paradoxical witticism and he goes on being arrested as the story gets into its stride. Ellicott Skullworth and Banneker Bones appear as characters about whom the reader wants to learn more, and soon he begins to be in no doubt about this. --Richard Adams, author of *WATERSHIP DOWN* Fifth grader Ellicott Skullworth has always felt out of place at public school and now he's tested into the Archimedes Program at Latimer University. While in Latimer City, he'll be living with his world famous and insane(ly) brilliant cousin, Banneker Bones, the eleven-year-old inventor of robots. The only problem: Banneker doesn't want to share his room. And he's got an army of robots to make Ellicott miserable until he goes home. When the boys are ambushed by robot bees as big as cars, Ellicott's only friend is carried off and held for ransom. To rescue him, Ellicott has no choice but to partner with his maniacal cousin. Ellicott doesn't know what's worse: facing a hive of giant robot bees or spending more time with Banneker Bones. **BANNEKER BONES AND THE GIANT ROBOT BEES** features original illustrations by Adam Smith. It's a humorous, science fiction adventure for

readers of all ages written in the spirit of a comic book. Ellicott Skullworth turned back to Banneker Bones. Well, anyway, thanks for letting me stay here. Not my idea, Banneker said. You have my mother to thank for that. But she's been wrong before. She adopted a stray puppy once and put it in my room to, he made a face to show his disgust, keep me company. The puppy survived two days. Banneker looked Ellicott up and down as though he were appraising something for purchase and deciding against it. And now she's adopted another stray, hasn't she? We'll just see how long you survive.

Here in the Real World Sara Pennypacker, 2020-02-04
From the author of the highly acclaimed, New York Times bestselling novel *Pax* comes a gorgeous and moving middle grade novel that is an ode to introverts, dreamers, and misfits everywhere. Ware can't wait to spend summer "off in his own world"—dreaming of knights in the Middle Ages and generally being left alone. But then his parents sign him up for dreaded Rec camp, where he must endure Meaningful Social Interaction and whatever activities so-called "normal" kids do. On his first day Ware meets Jolene, a tough, secretive girl planting a garden in the rubble of an abandoned church next to the camp. Soon he starts skipping Rec, creating a castle-like space of his own in the church lot. Jolene scoffs, calling him a dreamer—he doesn't live in the "real world" like she does. As different as Ware and Jolene are, though, they have one thing in common: for them, the lot is a refuge. But when their sanctuary is threatened, Ware looks to the knights' Code of Chivalry: Thou shalt do battle against unfairness wherever faced with it. Thou shalt be always the champion of the Right and Good—and vows to save the lot. But what does a hero look like in real life? And what can two misfit kids do?

Crying Laughing Lance Rubin, 2021-08-03 A

tragicomic story of bad dates, bad news, bad performances, and one girl's determination to find the funny in high school from the author of Denton Little's Deathdate. Winnie Friedman has been waiting for the world to catch on to what she already knows: she's hilarious. It might be a long wait, though. After bombing a stand-up set at her own bat mitzvah, Winnie has kept her jokes to herself. Well, to herself and her dad, a former comedian and her inspiration. Then, on the second day of tenth grade, the funniest guy in school actually laughs at a comment she makes in the lunch line and asks her to join the improv troupe. Maybe he's even . . . flirting? Just when Winnie's ready to say yes to comedy again, her father reveals that he's been diagnosed with ALS. That is . . . not funny. Her dad's still making jokes, though, which feels like a good thing. And Winnie's prepared to be his straight man if that's what he wants. But is it what he needs? Caught up in a spiral of epically bad

dates, bad news, and bad performances, Winnie's struggling to see the humor in it all. But finding a way to laugh is exactly what will see her through. **A Junior Library Guild Selection**

The Sisters of Straygarden Place Hayley

Chewins,2020-10-13 A riveting middle-grade fantasy about sibling bonds, enchanted houses, and encroaching wildness, lyrically told in eerily beautiful prose The grass grew taller than the house itself, surrounding it on all sides. It stuffed the keyholes and scraped against the roof. It shook the walls and made paintings shiver. Seven years ago, the Ballastian sisters' parents left them in the magical Straygarden Place, a house surrounded by tall silver grass and floating trees. They left behind a warning saying never to leave the house or go into the grass. "Wait for us," the note read. "Sleep darkly." Ever since then, the house itself has taken care of Winnow, Mayhap, and Pavonine—feeding them, clothing them, even keeping them company—while the girls have waited and grown up and played a guessing game: Think of an animal, think of a place. Think of a person, think of a face. Until one day, when the eldest, fourteen-year-old Winnow, does the unthinkable and goes outside into the grass, and everything twelve-year-old Mayhap thought she knew about her home, her family, and even herself starts to unravel. With luscious, vivid prose, poet and author Hayley Chewins transports readers to a house where beloved little dogs crawl into their owners' minds to sleep, sick girls turn silver, and anything can be stolen—even laughter and silence.

Many Points of Me Caroline Gertler, 2021-01-12

“Sensitive and thoughtful—a story about loss, friendship, and the beauty of self-discovery.”—Rebecca Stead, Newbery Medal-winning author of *When You Reach Me*

When Georgia finds a secret sketch her late father—a famed artist—left behind, the discovery leads her down a path that may reshape everything holding her family and friends together. Caroline Gertler’s debut is a story about friendship, family, grief, and creativity. Fans of Rebecca Stead’s *Goodbye Stranger*, Dan Gemeinhart’s *The Remarkable Journey of Coyote Sunrise*, and E. L. Konigsburg’s *From the Mixed-up Files of Mrs. Basil E. Frankweiler* will find a new friend in Georgia. Georgia Rosenbloom’s father was a famous artist. His most well-known paintings were a series of asterisms—patterns of stars—that he created. One represented a bird, one himself, and one Georgia’s mother. There was supposed to be a fourth asterism, but Georgia’s father died before he could paint it. Georgia’s mother and her best friend, Theo, are certain that the last asterism would’ve been of Georgia, but Georgia isn’t so sure. She isn’t sure about anything anymore—including whether Theo is still her best friend. Then Georgia finds a sketch her father made of her. One

with pencil points marked on the back—just like those in the asterism paintings. Could this finally be the proof that the last painting would have been of her? Georgia’s quest to prove her theory takes her around her Upper West Side neighborhood in New York City and to the Metropolitan Museum of Art, which was almost a second home to Georgia, having visited favorite artists and paintings there constantly with her father. But the sketch leads right back to where she’s always belonged—with the people who love her no matter what.

What the World Could Make Holly M.

McGhee,2021-05-04 From writer Holly M. McGhee and illustrator Pascal Lemaitre, the bestselling creative team behind *Come with Me and Listen*, comes a story of hope, abundance, and the unfailing possibilities the world holds. The friends thought it a wonder— winter white flakes a gift from the sky. They let them land . . . the snow melting against their warmth. The friends could sit there forever, just like that— watching what the world could make. Bunny and Rabbit are kindred spirits who celebrate the gifts of the seasons together—from the smell of lilacs to the wonder of ginkgo leaves, from the taste of sea pickles to the silent beauty of the first snowflakes melting against their warmth. *What the World Could Make* is a joyous reminder that if we pay attention, hope can always be found in our friendships, in nature, and in generosity toward one another.

When he dies unexpectedly, all Ro has left of him is an unfinished model rocket they had been working on together. Benjamin Burns doesn't like science, but he can't get enough of *Spacebound*, a popular comic book series. When he finds a sketch that suggests that his dad created the comics, he's thrilled. Too bad his dad walked out years ago, and Benji has no way to contact him. Though Ro and Benji were only supposed to be science class partners, the pair become unlikely friends, and Ro even figures out a way to reunite Benji and his dad. But Benji hesitates, which infuriates Ro. Doesn't he realize how much Ro wishes she could be in his place? As the two face bullying, grief, and their own differences, Benji and Ro try to
