Fish Don't Climb Trees Sue Blyth Hall, 2014-08-27 2020 Edition Everyone is learning able, some individuals just don't learn the way they are taught. If you have just discovered you or your child might be dyslexic, or so-called learning disabled, I offer five Rs: REALISE what you are dealing with, what your choices are, and how to enjoy your full potential. Observe the ROAD TESTING of my chosen method. RESONATE with dyslexic challenges and talents, because I'm only telling you what you know already on some level. Recognise the REALITY, what you need to hold onto and what you can let go of. Find RELIEF that neither you, nor your child is disabled, and that our education system will be changing, not them.

Control Girl Popkin, Shannon, 2017-01-27 Little fights with your husband and kids. Unhappiness when things don't match your version of perfect. Tension, anger, fear—it all begins with a heart that craves control. When your vision of how life should be replaces God's vision, you doom your quest for security, peace, and joy before it even starts. Thankfully, there is a better way. Join Shannon as she shares what she has discovered about her own control struggles and about God from studying Control Girls in the Bible. Learn how you too can lay down this burden and find rest in surrendering to the One who truly is in control. "In this funny, tender, and truth-telling book, Shannon Popkin peels back the layers of our control problem." —Erin Davis, author, blogger, and recovering Control Girl "In the style of Liz Curtis Higgs, Control Girl is an easy and entertaining read, yet Shannon Popkin packs a punch where we so need it if we are to be set free from the stressful habit that robs our joy and ruins our relationships!" —Dee Brestin, author of *Idol Lies* "With personal vulnerability, biblical depth, powerful personal illustrations, and pointed application questions, Shannon Popkin reveals how seven women of the Bible can teach us how to surrender our will to God's design for our future." —Carol Kent, speaker and author of *Becoming a Woman of Influence* "Control Girl is a penetrating look at how selfishness and self-protectiveness wreck lives—and why surrender and trust are God's life-giving pathways to true freedom and joy." —Nancy DeMoss Wolgemuth, author and *Revive Our Hearts* teacher and host

Comparison Girl Shannon Popkin, 2020-05-19 Women compare constantly--on social media, in their neighborhood, at church, even in the school drop-off lane. They glance sideways and ask themselves, How do I measure up? All this assessment feels like a natural way of finding a place in the world. But it pulls them into feelings of inferiority or superiority, guiding them into a trap of antagonism by the enemy. Satan would like women to strive to measure up, constantly adding to a tally sheet that can't ever be balanced. The way of Jesus is completely upside down from that philosophy. Instead, he says the last shall be first--and the greatest are those who empty themselves, lay down their lives, and serve each other. Through conversations Jesus had and parables he shared, Shannon Popkin has created a seven-week Bible study to address this tendency to compare and judge ourselves and others. Each chapter is divided into lessons, allowing women on a time budget to read a Bible passage, engage in a complete train of thought related to the topic, and then make the content personal--all in one sitting. And the informal teaching tone will make women feel like they're meeting with a trusted friend. Suited for both individual and group study, Comparison Girl will guide women to leave their measure-up ways behind, connect with those around them, and break free

from the shackles of comparison!

When Kids Call the Shots Sean Grover,2015-06-03 If you want to fix your rebellious and disrespectful child, you need to start by fixing yourself. Are your kids pummeling you with demands and bossing you around with impunity? Have your once-precious preschoolers become rebellious, entitled, and disrespectful to authority? While there are plenty of so-called experts who might try to validate your convictions that you have done all you can to "fix" your "difficult" children, the hard truth is, they're not doing you any favors by placing the responsibility solely on your children. Parenting struggles rarely originate from just one side. Instead, they erupt at the volatile intersection of a child's personality with a parent's own insecurities and behaviors. In *When Kids Call the Shots*, therapist and parenting expert Sean Grover untangles the forces driving family dysfunction, and helps parents assume their leadership roles once again. Parents will discover: Three common bullying styles used by kids Parenting styles that contribute to power balances Critical testing periods in a child's development Coping mechanisms that backfire Personalized plans for calmly exerting authority in any scenario The solution to any problem begins with learning to control what you can control. In parenting, you've already learned how impossible it is to control your kids. Begin by controlling you!

The Cryptopians Laura Shin,2023-10-24 The story of the idealists, technologists, and opportunists fighting to bring cryptocurrency to the masses. In their short history, Bitcoin and other cryptocurrencies have gone through booms, busts, and internecine wars, recently reaching a market valuation of more than \$2 trillion. The central promise of crypto endures-- vast fortunes made from decentralized networks not controlled by any single entity and not yet regulated by many governments. The recent growth of crypto would have been all but impossible if not for a brilliant young man named Vitalik Buterin and his creation: Ethereum. In this book, Laura Shin takes readers inside the founding of this novel cryptocurrency network, which enabled users to launch their own new coins, thus creating a new crypto fever. She introduces readers to larger-than-life characters like Buterin, the Web3 wunderkind; his short-lived CEO, Charles Hoskinson; and Joe Lubin, a former Goldman Sachs VP who became one of crypto's most well-known billionaires. Sparks fly as these outsized personalities fight for their piece of a seemingly limitless new business opportunity. This fascinating book shows the crypto market for what it really is: a deeply personal struggle to influence the coming revolution in money, culture, and power.

The Alignment Problem: Machine Learning and Human Values Brian Christian,2020-10-06 A jaw-dropping exploration of everything that goes wrong when we build AI systems and the movement to fix them. Today's "machine-learning" systems, trained by data, are so effective that we've invited them to see and hear for us—and to make decisions on our behalf. But alarm bells are ringing. Recent years have seen an eruption of concern as the field of machine learning advances. When the systems we attempt to teach will not, in the end, do what we want or what we expect, ethical and potentially

existential risks emerge. Researchers call this the alignment problem. Systems cull résumés until, years later, we discover that they have inherent gender biases. Algorithms decide bail and parole—and appear to assess Black and White defendants differently. We can no longer assume that our mortgage application, or even our medical tests, will be seen by human eyes. And as autonomous vehicles share our streets, we are increasingly putting our lives in their hands. The mathematical and computational models driving these changes range in complexity from something that can fit on a spreadsheet to a complex system that might credibly be called “artificial intelligence.” They are steadily replacing both human judgment and explicitly programmed software. In best-selling author Brian Christian’s riveting account, we meet the alignment problem’s “first-responders,” and learn their ambitious plan to solve it before our hands are completely off the wheel. In a masterful blend of history and on-the-ground reporting, Christian traces the explosive growth in the field of machine learning and surveys its current, sprawling frontier. Readers encounter a discipline finding its legs amid exhilarating and sometimes terrifying progress. Whether they—and we—succeed or fail in solving the alignment problem will be a defining human story. *The Alignment Problem* offers an unflinching reckoning with humanity’s biases and blind spots, our own unstated assumptions and often contradictory goals. A dazzlingly interdisciplinary work, it takes a hard look not only at our technology but at our culture—and finds a story by turns harrowing and hopeful.

Finding Me Viola Davis, 2023-04-04 THE INSTANT SUNDAY TIMES BESTSELLER 'A mind-blowing and emotionally honest tale of survival against all odds.' BERNARDINE EVARISTO 'A breathtaking memoir...I was so moved by this book.' Oprah 'It is startlingly honest and, at times, a jaw-dropping read, charting her rise from poverty and abuse to becoming the first African-American to win the triple crown of an Oscar, Emmy and Tony for acting.' BBC News THE DEEPLY PERSONAL, BRUTALLY HONEST ACCOUNT OF VIOLA'S INSPIRING LIFE In my book, you will meet a little girl named Viola who ran from her past until she made a life changing decision to stop running forever. This is my story, from a crumbling apartment in Central Falls, Rhode Island, to the stage in New York City, and beyond. This is the path I took to finding my purpose and my strength, but also to finding my voice in a world that didn't always see me. As I wrote *Finding Me*, my eyes were open to the truth of how our stories are often not given close examination. They are bogarted, reinvented to fit into a crazy, competitive, judgmental world. So I wrote this for anyone who is searching for a way to understand and overcome a complicated past, let go of shame, and find acceptance. For anyone who needs reminding that a life worth living can only be born from radical honesty and the courage to shed facades and be...you. *Finding Me* is a deep reflection on my past and a promise for my future. My hope is that my story will inspire you to light up your own life with creative expression and rediscover who you were before the world put a label on you.

Divorced Girl Smiling Jackie Pilossoph, 2013-11-23 Smile! It's not just the end of your marriage, it's the beginning of your second chance! Missy Benson has a two and a half carat diamond engagement ring with color grade H, VS2 clarity and a value of \$36,000. It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as the divorced girl, Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. Divorced Girl Smiling is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.
