Selected 300 Poems of Chinese Tang Dynasty Bai Li, Fu Du, Haoran Meng, Juyi Bai, 2016-08-07 Tang Dynasty (AD618-907) is one of most powerful and prosperous dynasties in Chinese history, it is also a great era of cultural development, the prosperity of poems is the most distinctive feature of Tang Dynasty, it is closely associated with the government officials admission examination of the Dynasty as the skill of writing poems is a necessary subject of such examination, so the big poets, such as Li Bai, Du Fu and Bai Juyi, etc, are also government officials, their works reflect their thoughts and feeling on official careers and real life. Due to the economic prosperity, the ordinary people also have spare time and interest in writing poems, their works are more close to real life and more natural. The poems of Tang Dynasty showcase all respects of social life of the Dynasty. By reading these poems, you will have a better understanding of the character and spirit of the Chinese.

Willow, Wine, Mirror, Moon, 2015-06-20 This collection of 106 poems by 44 female Tang-era poets is the most comprehensive of its kind. Poets are organized based on their status in Tang dynasty society: women of the court, women of the household, courtesans and entertainers, and women of religion. While each poet's concerns vary with their social status, common thematic threads include heartbreak and the mysteries of the natural world. Thumbnail biographies of each poet and notes regarding individual poems complete this important collection. Jeanne Larsen has published poetry, three novels set in China, and a book of poetry translation, *Brocade River Poems: Selected Works of the Tang Dynasty Courtesan Xue Tao*. She teaches in the creative writing program at Hollins University in Roanoke, Virginia.

Brocade River Poems Xue Tao, 2016-06-10 Xue Tao (A.D. 768-831) was well known as a poet in an age when all men of learning were poets--and almost all women were illiterate. As an entertainer and official government hostess, she met, and impressed, many of the most talented and powerful figures of her day. As a maker of beautiful paper and a Taoist churchwoman, she maintained a life of independence and aesthetic sensibility. As a writer, she created a body of work that is by turns deeply moving, amusing, and thought-provoking. Drawing knowledgeably on a rich literary tradition, she created images that here live again for the contemporary reader of English. This bilingual edition contains about two-thirds of Xue Tao's extant poems. The translations are based on accurate readings of the originals and extensive research in both Chinese and Japanese materials. The notes at the end of the book explain allusions and place the poems in the context of medieval Chinese culture and its great literary heritage, while the opening essay introduces Xue Tao's work and describes her unusual life history.

Three Hundred Tang Poems Peter Harris, 2009-03-31 A new translation of a beloved anthology of poems from the golden age of Chinese culture—a treasury of wit, beauty, and wisdom from many of China's greatest poets. These roughly three hundred poems from the Tang Dynasty (618–907)—an age in which poetry and the arts flourished—were gathered in the eighteenth century into what became one of the best-known books in the world, and which is still cherished in Chinese homes everywhere. Many of China's most famous poets—Du Fu, Li Bai, Bai Juyi, and Wang Wei—are represented by timeless poems about love, war, the delights of drinking and dancing, and the beauties of nature. There are poems about travel, about grief, about the frustrations of bureaucracy, and about the pleasures and sadness of old age. Full of wisdom and humanity that reach across the barriers of language, space, and time, these poems take us to the heart of Chinese poetry, and into the very heart and soul of a nation.

300 Tang Poems Feiya Chen, 2022-04-18 The Tang dynasty (618-907) was the golden age of classical Chinese poetry. Getting familiar with Tang poems is the key to understanding classical Chinese poetry. However, there are important aspects that English translations cannot convey, such as rhyming and tonal patterns, a good knowledge of which is indispensable to appreciate Tang poems properly. This book is compiled for those who want to go beyond the English translations and look at the Chinese originals. The full text of all the poems in *Three Hundred Tang Poems* is presented here in Chinese characters together with Pinyin, so that the readers would be able to read them out before learning all the characters involved. This volume also comes with a brief account of rhyme schemes and tonal patterns, which had matured in Tang poems. Every poem in this book is annotated with the rhyme class and tonal pattern employed, and the readers could gain insight into how these 300 classical poems were composed. With all these features, this book can serve as an introduction to the fundamentals of classical Chinese poetry, including abundant examples showing how rhyming and tonal patterns were used in the best known classical Chinese poems.

Manifest in Words, Written on Paper Christopher M.B. Nugent, 2020-10-26 This study aims to engage the textual realities of medieval literature by shedding light on the material lives of poems during the Tang, from their initial oral or written instantiation through their often lengthy and twisted paths of circulation. Tang poems exist today in stable written forms assumed to reflect their creators' original intent. Yet Tang poetic culture was based on hand-copied manuscripts and oral performance. We have almost no access to this poetry as it was experienced by contemporaries. This is no trivial matter, the author argues. If we do not understand how Tang people composed, experienced, and transmitted this poetry, we miss something fundamental about the roles of memory and copying in the circulation of poetry as well as readers' dynamic participation in the creation of texts. We learn something different about poems when we examine them, not as literary works transcending any particular physical form, but as objects with distinct physical attributes, visual and sonic. The attitudes of the Tang audience toward the stability of texts matter as well. Understanding Tang poetry requires acknowledging that Tang literary culture accepted the conscious revision of these works by authors, readers, and transmitters. 2012 Joseph Levenson Book Prize, Pre-1900 Category, China and Inner Asia Council of the Association for Asian Studies

300 T'ang Poems Hengtangtuishi, 1984

Four Seasons of T'ang Poetry John C.H. Wu, 1989-12-15 This substantial collection of Tang Dynasty poetry includes extensive commentary and notes—offering insight into this rich literary heritage. Stretching out my hand I feel the pulse of the stars, wrote Li Po, one of the most famous of the T'ang dynasty poets. This superlative study of the Golden Age of Chinese poetry, based on nearly 50,000 poems written by more than 2,000 poets, captures not only the pulse of that period but also the spirit and soul. Of this Tang blossoming, Dr. Wu says that for nearly thirteen centuries after Christ, poetry in Europe, with the exception of Juvenal, kept a death-like silence. It hibernated so long that when it woke up again in the person of Dante, the last poetic voice it could remember was

that Virgil. It seems though Mother Earth purposely rocked Europe to sleep for some time that she might teach Asia to sing. These poetic interpretations, including comparisons with many Western poets such as Shakespeare and T.S. Eliot, represent a remarkable scholarly achievement.

300 Tang Poems: Bilingual Edition, English and Chinese Dragon Dragon Reader,2016-05-27 This bilingual edition of 300 Tang Poems features both English and Chinese side by side for easy reference and bilingual support. The poems are numbered and organized for easy reading and access. Tang poetry refers to poetry written in or around the time of or in the characteristic style of China's Tang dynasty, 618 - 907, and follows a certain style, often considered as the Golden Age of Chinese poetry. During the Tang Dynasty, poetry continued to be an important part of social life at all levels of society. Scholars were required to master poetry for the civil service exams, but the art was theoretically available to everyone. This led to a large record of poetry and poets, a partial record of which survives today. Two of the most famous poets of the period were Du Fu and Li Bai. This classic collection of 300 Tang Poems features the English translation of Witter Bynner, reprinted with the generous permission from The Witter Bynner Foundation for Poetry. Selected Masterpieces by Bai Juyi Lanjing Zhou,2016-10-11 Bai Juyi (772-846), a great poet of the Tang Dynasty of China, is a famous and very influential writer in Chinese literary history. Called the King of Poetry, his writing is realistic, on a wide variety of topics, and simple and down-to-earth. Here are five of what many consider to be his masterpieces, in a fresh English translation, and accompanied by the original Chinese. Their titles are: Song of Eternal Regret, Journey of the Lute, The Charcoal Seller, Farewell at the Grasslands, and On Seeing Wheat Harvesters.

Complete Poems of Li Shangyin Mark Obama Ndesandjo,2020-07-06 This is the first translation into English of all of Li Shangyin's poems (Tang Dynasty 813-858 AD). Li Shangyin is one of the most fascinating of poets and this book includes historical background on the poet as well as introductory and explanatory notes by the translator. For over 1200 years, scholars have attempted to understand, let alone translate Li Shangyin's poems. At least four different schools of thought have developed. Firstly, his poems are reflections on political patrons and a failed career. Secondly, they are thinly veiled political satires of the Court and political factions. Thirdly, they are stories of actual affairs with Court ladies and Taoist priestesses. Finally, they are admirable vehicles of mystery and beauty. My interpretations include elements of all the above, but are also a synthesis of sentiments - the poet's (as I see him) and my own, of which music is a core part. This is particularly appropriate with Li Shangyin. His poetry is a labyrinth of passionate images, almost musical in sound and sequencing. They are at once ebullient, sad, loving, hateful, spiteful, sneering, and religious - a cornucopia of musical words that sing across the ages.

The Shattered Lute Bradford Miller,2011-04-01 ...is a collection of 200 poems written in China during the Tang dynasty [618-907 CE]. From the introductory chapter: The Tang dynasty was the golden age of Chinese poetry and one of the high points of Chinese history. Never before or since has poetry held the literary stage in China the way it did during the Tang. Similarly, at no time before the 21st century was China as prominent in world civilization as she was during the 7th and 8th centuries CE. Never was the Chinese polity more powerful relative to its neighbors nor was Chinese society and culture more attractive to foreigners while remaining, at the same time, open to outside influences and products. Chinese poetry did not begin during the Tang, but the poetry of that era set the terms under which poetry would be written in China down to the 20th century. Something remarkable happened during these centuries: technique matured, bureaucrats morphed into poets, and what had been a concoction of song and ritual crystallized into literature once and for all.

The Collected Poems of Li He Li He,2017-03-28 The definitive collection of works by one of the Tang Dynasty's most eccentric (and badly-behaved) poets, now back in print for the first time in decades. Li He is the bad-boy poet of the late Tang dynasty. He began writing at the age of seven and died at twenty-six from alcoholism or, according to a later commentator, "sexual dissipation," or both. An obscure and unsuccessful relative of the imperial family, he would set out at dawn on horseback, pause, write a poem, and toss the paper away. A servant boy followed him to collect these scraps in a tapestry bag. Long considered far too extravagant and weird for Chinese taste, Li He was virtually excluded from the poetic canon until the mid-twentieth century. Today, as the translator and scholar Anne M. Birrell, writes, "Of all the Tang poets, even of all Chinese poets, he best speaks for our disconcerting times." Modern critics have compared him to Rimbaud, Baudelaire, Keats, and Trakl. The Collected Poems of Li He is the only comprehensive selection of his surviving work (most of his poems were reputedly burned by his cousin after his death, for the honor of the family), rendered here in crystalline translations by the noted scholar J. D. Frodsham.
