Point de Vue et Images du Monde Denis Jourdin, 2003-08-01

World Broadcasting Systems Sydney W. Head, 1985

In the City of Gold and Silver Kenizé Mourad, 2014-11-04 An enthralling historical novel based on the little-known female warrior in nineteenth century India who led a revolt against the British. Here is the long-forgotten story of Begum Hazrat Mahal, queen of Awadh and the soul of the Indian revolt against the British, brought to vivid life by the author of *Regards from the Dead Princess*, a major bestseller in her native France. Begum was an orphan and a poetess who captured the attentions of King Wajid Ali Shah of Awadh and became his fourth wife. As his wife, she incited and led a popular uprising that would eventually prove to be the first step toward Indian independence. Begum was the very incarnation of resistance: As chief of the army and the government in Lucknow, she fought battles on the

field for two years; she was a freedom fighter, a misunderstood mother, and an illicit lover. She was a remarkable woman who risked everything only to face the greatest betrayal of all.

Lady in Waiting Anne Glenconner, 2020-03-24 Discover untold secrets with this extraordinary memoir of drama and tragedy by Anne Glenconner—a close member of the royal circle and lady-in-waiting to Princess Margaret. Anne Glenconner has been at the center of the royal circle from childhood, when she met and befriended the future Queen Elizabeth II and her sister, the Princess Margaret. Though the firstborn child of the 5th Earl of Leicester, who controlled one of the largest estates in England, as a daughter she was deemed the greatest disappointment and unable to inherit. Since then she has needed all her resilience to survive court life with her sense of humor intact. A unique witness to landmark moments in royal history, Maid of Honor at Queen Elizabeth's coronation, and a lady in waiting to Princess Margaret until her death in 2002, Anne's life has encompassed extraordinary drama and tragedy. In *Lady in Waiting*, she will share many intimate royal stories from her time as Princess Margaret's closest confidante as well as her own battle for survival: her broken-off first engagement on the basis of her mad blood; her 54-year marriage to the volatile, unfaithful Colin Tennant, Lord Glenconner, who left his fortune to a former servant; the death in adulthood of two of her sons; a third son she nursed back from a six-month coma following a horrific motorcycle accident. Through it all, Anne has carried on, traveling the world with the royal family, including visiting the White House, and developing the Caribbean island of Mustique as a safe harbor for the rich and famous—hosting Mick Jagger, David Bowie, Raquel Welch, and many other politicians, aristocrats, and celebrities. With unprecedented insight

into the royal family, *Lady in Waiting* is a witty, candid, dramatic, at times heart-breaking personal story capturing life in a golden cage for a woman with no inheritance. Hold Fast Your Crown Yannick Haenel, 2019-04-02 "A story of madness, art, alcohol and creativity...elegantly translated...vivid." New York Times An exasperated writer obsessed with American cinema embarks on an increasingly bizarre journey in this heady, engrossing novel. A man writes an enormous screenplay on the life of Herman Melville. Not a single producer is interested in it. One day, someone gives him the phone number of the great American filmmaker Michael Cimino, legendary director of *The Deer Hunter* and *Heaven's Gate*. A meeting is arranged in New York, and Cimino reads the manuscript. What follows is a series of crazy adventures through Ellis Island, the Musée de la Chasse in Paris, a lake in Italy. We run into Isabelle Huppert, Diana the hunting goddess, a Dalmatian named Sabbath, a diabolical neighbor, and two shady characters with conspicuous mustaches. There's also a pretty PhD student, an unpleasant concierge, and an aggressive maître d' who looks like Emmanuel Macron... This improbable, insightful tale bridges the divide between cinema and literature in unexpected ways that are at once gratifying and profound.

The Tainos Irving Rouse, 1992 Tells the story of the Taino people from their ancestral days in South America through their migration to the northern Caribbean islands where they were the first natives to interact with Columbus, to their rapid and immediate decline under the European gifts of forced labor, malnutrition, disease, and dispersal. Fashion Victims Alison Matthews David, 2015-09-24 From insidious murder weapons to blaze-igniting crinolines, clothing has been the cause of death, disease and madness throughout history, by accident and design. Clothing is designed to protect, shield and comfort us, yet lurking amongst seemingly innocuous garments we find hats laced with mercury, frocks laden with arsenic and literally 'drop-dead gorgeous' gowns. Fabulously gory and gruesome, *Fashion Victims* takes the reader on a fascinating journey through the lethal history of women's, men's and children's dress, in myth and reality. Drawing upon surviving fashion objects and numerous visual and textual sources, encompassing louse-ridden military uniforms, accounts of the fiery deaths of Oscar Wilde's half-sisters and dancer Isadora Duncan's accidental strangulation by entangled scarf; the book explores how garments have tormented those who made and wore them, and harmed animals and the environment in the process. Vividly chronicling evidence from Greek mythology

to the present day, Matthews David puts everyday apparel under the microscope and unpicks the dark side of fashion. Fashion Victims is lavishly illustrated with over 125 images and is a remarkable resource for everyone from scholars and students to fashion enthusiasts.

How Watson Learned the Trick Arthur Conan Doyle, 2015-01-12 How Watson Learned the Trick is a Sherlock Holmes parody written by Arthur Conan Doyle in 1922. It concerns Doctor Watson attempting to demonstrate to Holmes how he has learned the latter's superficial trick of logical deduction by giving a summary of Holmes' current state of mind and plans for the day ahead, only for Holmes to then reveal that every single one of Watson's deductions is incorrect. Conan Doyle was one of several authors commissioned to provide books for the library of Queen Mary's Dolls' House; others included J. M. Barrie, Thomas Hardy, Rudyard Kipling and W. Somerset Maugham. Conan Doyle was provided with a book approximately 1.5 x 1.25 (3.75 cm x 3.15 cm), into which he wrote the 503-word story of How Watson Learned the Trick by hand, taking up 34 pages. The original manuscript is still part of the Dolls' House library.

The Flight of Icarus , 1998-08 Exploring autobiographical texts written by European urban craftsmen from the 15th to the 18th centuries, this book studies memoirs, diaries, family chronicles, travel narratives, and other forms of personal writings from Spain, France, Italy, Germany, and England. In the process, it reveals the significance of written self-expression in early modern popular culture.

Shadow Michael Morpurgo, 2014-12-23 Author of War Horse, and bestselling storyteller Michael Morpurgo touched our hearts with this beautiful story of a boy, his lost dog, and the lengths he would go to be reunited. This timely

story of battle-scarred Afghanistan delivers a masterful portrait of war, love, and friendship. With the horrors of war bearing down on them, Aman and his mother are barely surviving in an Afghan cave, and staying there any longer will end horribly. The only comfort Aman has is Shadow, the loyal spaniel that shows up from places unknown, it seems, just when Aman needs him most. Aman, his mother, and Shadow finally leave the destroyed cave in hopes of escaping to England, but are held at a checkpoint, and Shadow runs away after being shot at by the police. Aman and his mother escape--without Shadow. Aman is heart-broken. Just as they are getting settled as free citizens in England, they are imprisoned in a camp with locked doors and a barbed wire fence. Their only hope is Aman's classmate Matt, his grandpa, and the dream of finding his lost dog. After all, you never lose your shadow.

Metamorphoses Emanuele Coccia, 2021-06-09 We are all fascinated by the mystery of metamorphosis - of the caterpillar that transforms itself into a butterfly. Their bodies have almost nothing in common. They don't share the same world: one crawls on the ground and the other flutters its wings in the air. And yet they are one and the same life. Emanuele Coccia argues that metamorphosis - the phenomenon that allows the same life to subsist in disparate bodies - is the relationship that binds all species together and unites the living with the non-living. Bacteria, viruses, fungi, plants, animals: they are all one and the same life. Each species, including the human species, is the metamorphosis of all those that preceded it - the same life, cobbling together a new body and a new form in order to exist differently. And there is no opposition between the living and the non-living: life is always the reincarnation of the non-living, a carnival of the telluric substance of a planet - the Earth - that continually draws new faces

and new ways of being out of even the smallest particle of its disparate body. By highlighting what joins humans together with other forms of life, Coccia's brilliant reflection on metamorphosis encourages us to abandon our view of the human species as static and independent and to recognize instead that we are part of a much larger and interconnected form of life.

Cham David Kunzle, 2019-03-18 Cham, real name Count Amédée de Noé and a serious rival to Daumier, may have been the epitome of a célèbre inconnu, a famous unknown. He is one much deserving, at last, of this first account of his huge oeuvre as a caricaturist. This book concentrates on his mastery of the important newcomer to the field of caricature, which we call comic strip, picture story, and graphic novel. The volume features facsimiles of nearly twenty of these from 1839 to 1863 and ranging from one page to forty (this last a parody of Victor Hugo's *Les Misérables*). In addition, summaries and sample illustrations of twenty-seven "minor works" demonstrate that Cham is by far the most important specialist of what was then a new genre in Europe. Born to an ancient aristocratic family, Cham was from early on wholly dedicated to an art considered far beneath his class. Starting as a disciple of the father of the modern comic strip, Swiss Rodolphe Töpffer, Cham soon launched out on his own, evolving an original form of comedy, his own *comédie humaine*, farcical, absurd, and parodic. His productivity was legendary and comprised all the known genres of caricature, the full-page cartoon lithograph, the thematic seasonal group, weekly and monthly humorous comment (much like the daily newspaper cartoonist today), and a feature called the *Revue Comique*, which made him the supreme graphic journalist of his day. Hitherto unknown correspondence reveals an attractive personality who was fond of animals and who honored a low-class woman he eventually made his

countess. Vaunted comics scholar David Kunzle has created a fitting tribute to Cham's impact and genius.

La Place Annie Ernaux, 2017-10-03 The full French text is accompanied by French-English vocabulary. Notes and a detailed introduction in English put the work in its social and historical context.

Anne-Marie the Beauty Yasmina Reza, 2021-05-04 Another thought-provoking master class in how we perform life by the award-winning novelist and playwright Yasmina Reza. I was bored with my husband, says Anne-Marie, the irrepressible voice of Anne-Marie la Beauté, but you know, boredom is part of love. Mostly she is speaking here of her more famous friend and colleague, the French actress Giselle Fayolle, in whose shadow she has spent her career. My life was a near miss, she adds, before explaining that she enunciated well because I loved to say the words. A very short novel with the power and resonance of a much longer one, Anne-Marie la Beauté is a profound and moving act of remembrance, a clear-eyed assessment of the hard-edged nature of fame, a meditation on aging--and a wonderfully observant and comic exploration of human foibles. In short, another thought-provoking master class in how we

perform life by the peerless Yasmina Reza.
