

# Poker Manager Remote 21

Padhraic Smyth

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where

you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

*Poker Passion* Joseph Fischer, 2006-03 A first-hand look at casino poker in the San Francisco Bay area. A unique insider’s experience of the culture, personalities and behavior of players, dealers and casino management. A fascinating view of the realities around 3/6 and 6/12 limit Texas Holdem.

**The Effective Manager** Mark Horstman, Kate Braun, Sarah Sentese, 2023-05-09 An essential resource for managers at every

level of any organization A management book written by managers for front-line managers, *The Effective Manager*, 2nd edition, is a concise, practical, and incisive take on what to do and say to get the best results possible from your co-located or remotely distributed team. The book's concrete advice will improve your relationships with your team members, increase your chances of being promoted, and generate trust amongst those you lead. You'll learn why managing remote teams is so much harder than managing one in a single location and how to meet that challenge head-on. You'll also discover how to introduce your ideas to your team, counter their concerns and pushback, and ensure your instructions are followed. In the place of vague bromides about being impactful or candid, you'll get hands-on guidance on how to behave in the situations that managers find themselves in on a daily basis. The authors also offer: Data- and evidence-driven advice that's been proven to work in the real world over the last 30 years Ground-level, real-world tips on getting the best work out of your team without burning them out Four critical manager behaviors that build success: Know your people, talk about performance, ask for more, and push work down A book for every manager at every level, *The Effective Manager* shows you what

you can do now, today, with your team members to improve their performance, increase personnel retention, and get better results.

**Liar's Poker** Michael Lewis, 2010-03-15 The time was the 1980s. The place was Wall Street. The game was called Liar's Poker. Michael Lewis was fresh out of Princeton and the London School of Economics when he landed a job at Salomon Brothers, one of Wall Street's premier investment firms. During the next three years, Lewis rose from callow trainee to bond salesman, raking in millions for the firm and cashing in on a modern-day gold rush. Liar's Poker is the culmination of those heady, frenzied years—a behind-the-scenes look at a unique and turbulent time in American business. From the frat-boy camaraderie of the forty-first-floor trading room to the killer instinct that made ambitious young men gamble everything on a high-stakes game of bluffing and deception, here is Michael Lewis's knowing and hilarious insider's account of an unprecedented era of greed, gluttony, and outrageous fortune.

**The Big Book of Conflict Resolution Games: Quick, Effective Activities to Improve Communication, Trust and Collaboration** Mary Scannell, 2010-05-28 Make workplace conflict resolution a game

that EVERYBODY wins! Recent studies show that typical managers devote more than a quarter of their time to resolving coworker disputes. The Big Book of Conflict-Resolution Games offers a wealth of activities and exercises for groups of any size that let you manage your business (instead of managing personalities). Part of the acclaimed, bestselling Big Books series, this guide offers step-by-step directions and customizable tools that empower you to heal rifts arising from ineffective communication, cultural/personality clashes, and other specific problem areas—before they affect your organization's bottom line. Let The Big Book of Conflict-Resolution Games help you to: Build trust Foster morale Improve processes Overcome diversity issues And more Dozens of physical and verbal activities help create a safe environment for teams to explore several common forms of conflict—and their resolution. Inexpensive, easy-to-implement, and proved effective at Fortune 500 corporations and mom-and-pop businesses alike, the exercises in The Big Book of Conflict-Resolution Games delivers everything you need to make your workplace more efficient, effective, and engaged.

**Introduction to Probability** Joseph K. Blitzstein,Jessica Hwang,2014-07-24 Developed from celebrated Harvard statistics lectures, Introduction to Probability provides essential language and tools for understanding statistics, randomness, and uncertainty. The book explores a wide variety of applications and examples, ranging from coincidences and paradoxes to Google PageRank and Markov chain Monte Carlo (MCMC). Additional application areas explored include genetics, medicine, computer science, and information theory. The print book version includes a code that provides free access to an eBook version. The authors present the material in an accessible style and motivate concepts using real-world examples. Throughout, they use stories to uncover connections between the fundamental distributions in statistics and

conditioning to reduce complicated problems to manageable pieces. The book includes many intuitive explanations, diagrams, and practice problems. Each chapter ends with a section showing how to perform relevant simulations and calculations in R, a free statistical software environment.
