

# Poker Tournament Manager

Jonathan Little

## **Secrets of Professional Tournament Poker, Volume 2 Jonathan Little,**

Jonathan Little is a highly successful poker professional who has won over \$4 million in tournament play. His first book, *Secrets of Professional Tournament Poker, Volume 1*, dealt with the fundamentals of play. In this second book he builds on this base by examining the highly complex issue of how to handle the different stages of a tournament. As well as outlining a technically accurate style of play, Jonathan also discusses a number of other topics that are crucial to success at poker. These include: How to spot tells (and avoid giving them) Correct etiquette Practical tips for tournament play Managing life as a professional poker player throws up a number of issues in itself and Jonathan calls upon his many years as a pro to address these. They include: Developing your poker skills Mental & physical approaches required for successful play. As well as being one of the world's best players, Jonathan has been a highly respected coach for many years. In the final section of the book he draws on his experience here to answer the most common FAQ's asked by students and also offers an in-depth analysis of 30 hands from tournament play which outline many of the concepts discussed in the book. In his professional career he has won the WPT twice. In 2010 he cashed 5 times in the WSOP, including a third place finish.

Secrets of Professional Tournament Poker Jonathan Little, 2012-04 In Volume 1, Jonathan Little dealt with the fundamentals of play. In this second book he builds on this base by examining the highly complex issue of how to handle the different stages of a tournament. As well as outlining a technically accurate style of play, Jonathan also discusses a number of other topics that are crucial to success at poker. These include: how to spot tells (and avoid giving them), correct etiquette, and practical tips for tournament play.

*Tournament Poker: An Emotional Contact Sport* Arthur Stovall, PhD, 2013-06-03 Because poker—particularly as it is played in tournaments—is not a game of chance but one of skill, it should not carry the stigma of gambling. This is the argument made by author Arthur Stovall, PhD, a longtime poker player who encourages beginners to get involved. He explores the idea of poker as a sport—one of emotional contact rather than physical. It requires players to understand strategy, recognize their own skills and those of others, and be ready to take advantage of a winning process at identified decision points without hesitation. You can earn a seat at the final table by learning how to □ prepare yourself for the pageantry of tournament play; □ bluff players into thinking you have a better hand than you do; □ employ aggression combined with strategy for maximum effect; □ recognize your strengths and weaknesses; and □ understand winning-card combinations. Poker involves technical skills such as strategies of deception, progressive betting, and knowledge of offensive and defensive positions. To be a successful poker player, you must study the craft and develop an emotional ability to make the moves that are necessary to win. Embrace the behavioral and mental skills you need to compete with more experienced players, and win the ultimate prize with *Tournament Poker: An Emotional Contact Sport*.

**How to Crush Texas No Limit Hold'em Tournaments** Viktor, 2014-10-28 This book is aimed at poker players who play tournaments for a living and are already aware of how Texas No Limit Hold'em Tournaments are played. I will not be giving any basic information of how to play Texas No Limit Hold'em game but will expect the readers to know the basics of it. The players that will keep

learning will have an edge over the ever toughening competition of tournament poker pros. This is part of a series and is the first volume. How is this book different than the average Texas No Limit Hold'em Tournament Books? 1. This book features secrets from the turtle traders program, where ordinary people were given a two week course and collectively ended up making 100 million dollars for Richard Dennis, who himself had amassed over 200 million dollars from a reportedly borrowed 1600 dollars. Poker is essentially very similar to trading and most poker tournament players will learn a lot of new secrets to be +EV. 2. In today's environment of increasing costs and decreasing payouts and ever competitive field of tourney players, it pays to learn that the correct strategy of tournament is survival and not maximizing expected value. 3. Many tournament players will make the mistake of having an M ratio of 200 and pushing all in on the very first hand of a big buy-in tournament like a 10,000\$ tournament, which is bad strategy. Apart from this if you are the chip leader at a table it pays to try to retain the chip leader status rather than pushing expected value. 4. Live Poker Tells - These are extremely important and most players miss a huge amount of information, which could save them in difficult situations. Learn to identify fear and greed in the actions of the players. 5. Tactics - Learn the tactics to pyramid your tournament wins and get lucky on a big tournament. 6. Instincts - Like Doyle Brunson put it poker players exhibit ESP, in this book I tell you of the million dollar hand of Jonathan Duhamel which was -EV but he ended up winning over 8 million dollars in the tournament and becoming a household name. 7. This isn't going to be yet another poker book that you will never be able to finish. All the advice is to the point and concise, making this book extremely small and yet extremely valuable. 8. The advice in this book is also for cash game players, and cash game players will learn a lot from the advice of the legendary turtle traders program, I believe these secrets have never ever been extrapolated to poker in any poker book yet written. 9. You get free software worth 14.99\$!!! All buyers of this book get a software available on download.com by the name PokerVanguard to help them improve ([www.pokervanguard.com](http://www.pokervanguard.com)), It is currently only for Windows Computers and worth 14.99\$. Details inside the book.

*Tournament Poker for Advanced Players* David Sklansky, 2007 Tournament poker is very different from standard ring game poker. While they might appear the same from a distance, there are many differences in proper strategy that are often unknown to many experienced cash game players. Some people excel at tournament poker. This is not luck. These are players who have an advanced understanding of what the proper strategy adjustments are, and when they come into play. It is no coincidence that the same competitors make it to final tables far more than their fair share. This book explains tournament strategies that only a small number of players have mastered. It assumes you already know how to play poker well, but aren't knowledgeable of tournament-specific concepts and when and where to use them. Some of the ideas discussed include: the effect of going broke, the Gap Concept, how chips change value, adjusting strategy to rising stakes, all-in strategy, final table play, making deals, the System, focusing on weaker opponents, unusual plays with aces and kings, moving in against the blind, and much more. This newly-expanded version contains over 100 new pages of updated material dedicated almost entirely to today's most popular form of tournament poker: no-limit hold 'em.

*Poker Tournament Strategies* Sylvester Suzuki, Paula Cizmar, 1998 Poker tournaments are very different from conventional poker games for many reasons. The most important ones are: The chips change value because most tournaments are percentage payback. Rebuys are available early on. And, many players over adjust their playing strategy because they are aware that after the rebuy period you cannot purchase more chips. Consequently, you should make many strategy changes. Sometimes you should be trying to accumulate chips, sometimes you should be on the attack, and sometimes you should just survive. Even though Sylvester Suzuki is a pseudonym, he is a real person who understands the underlying theories that govern tournament play. This text should prove helpful to anyone who is new to this form of poker.

Secrets Of Professional Tournament Poker Jonathan Little, 2021-07-21 This new, expanded, fully updated and revised, edition of 'Secrets of Professional Tournament Poker' is a landmark in poker publishing. Originally published in two volumes in 2011 and 2012 this was both a critical and commercial success. Over the last decade, the understanding of poker has changed dramatically and this new edition fully reflects current thinking on the game. This book will give readers a thorough understanding of everything they need to know about playing tournaments and Jonathan Little is undoubtedly the person best qualified to impart this information. The book is split into seven sections: 1) How Tournaments Work –This explains why tournaments are a highly profitable form of poker and examines the basic concepts that need to be mastered. 2) Playing Deep Stacked –This deals with situations where (most) players have stacks of 50 big blinds or more. All situations are dealt with including pre-flop and all three post-flop streets. There is further information on general topics at this stack depth. 3) Playing Mid Stacked –This deals with situations where the basic stack depth is between 27 and 50 big blinds. These situations are tricky because with the shorter stack, players are often going all-in. This means that very clear adjustments are required compared to the deeper stack strategies. 4) Playing Short Stacked –This section focuses on play below 27 big blinds. Now play is almost exclusively focused on the possibility of players going all-in. Knowing the correct ranges and plays here is vital to maximise your chances for tournament survival. 5) The Late Stages –As the prospect of serious prize money looms, huge adjustments need to be made. How to play on the bubble and concepts such as risk premium and the Independent Chip Model are fundamental to maximising your chance of landing a major prize and they are all thoroughly explained. 6) Hand Examples –This will test your understanding of everything you have learnt so far. 7) Other Considerations –You can improve your tournament results by also working on your general attitude and approach. This section encompasses all the non-technical aspects of playing, including learning, the mental approach, tells and practical tips. Jonathan Little has dedicated himself to educating players who are keen to improve their poker strategy, and in 2020, he was awarded the prestigious title of Global Poker Index “Poker Personality of the Year” – voted for by the poker-playing public. As well as being an immensely successful professional player with over \$7,000,000 in live tournament cashes, Jonathan runs the highly respected coaching site [pokercoaching.com](http://pokercoaching.com). By interacting regularly with his students, he has developed a clear understanding of how to explain important concepts in a language that can be easily understood by players of all skill levels. The result is *Secrets of Professional Tournament Poker* – the

definitive guide to modern tournament play.

Poker Tournament Formula 2: Advanced Strategies Arnold Snyder, 2013-09-01  
Snyder adapts the loose aggressive fast tournament strategies of his groundbreaking first book to the big buy-in events where the real money is made. Players learn never-before-revealed concepts and secrets that shows players why cards don't matter as much as the dynamics of a tournament. Readers learn how to alter their strategy for any tournament structure and opponent, why hands must be played differently from cash games, and why players can't figure out what winners are doing just from watching them play. The book also covers optimal satellite strategy, sit'n'go strategy, methods for estimating tournament win rate and edge

*Tournament Tips from the Poker Pros* Shane Smith, This book will show you how to beat low-stakes poker tournaments! For a buy-in of as little as \$10 to \$100, you can join the exciting world of poker tournaments and parlay your wins into millions. And following Smith's advice and the advice of some of the greatest poker players in the world whose wisdom is presented in this book you'll learn the best strategies for advancing to the championship table!

**Nick Gullo'S Guide** Nick Gullo, 2016-11-04 Guide to help you to understand how to operate a poker room. It explains in detail the employees that are needed to operate a poker room, it explains their duties in detail including how to deal each game. It explains all of the rules for the various poker games. It provides a complete explanation and guide for setting up and managing promotional jackpots. It gives the rules for operating poker tournaments as recommended by the Tournament Directors Association. Forms are provided to help you to maintain and evaluate your personal poker activities. It has a very extensive glossary of poker terminology. As a bonus feature it has a professional study guide for Texas Holdem.

Poker Tournament Formula Arnold Snyder, This is the first book to provide winning strategies for the small buy-in (\$100 or less) no-limit hold'em tournaments that have exploded in poker rooms all over the country-and on the Internet. The strategies for small buy-in no-limit hold'em tournaments are similar to the big-money games, but the important factors-hand value, position, aggression and others, and speed of play-cause a radical change of strategy. Snyder recounts his own experience with these methods at a win rate of almost 300% and gives readers specific strategies for winning the big money available in prizes at the hundreds of small buy-in no-limit hold'em tournaments taking place weekly around the country and on the Internet.

**How to Beat Sit-&-Go Poker Tournament** Neil Timothy, There s a lot of dead money up for grabs in the lower limit sit-and-gos and Neil Timothy shows you how to go and get it. The author, a professional player, shows you how to reach the last six places of lower limit sit-and-go tournaments four out of five times and then how to get in the money 25-35 percent of the time using his powerful, proven strategies. This book can turn a losing sit-and-go player into a winner, and a winner into a bigger winner. Also effective for the early and middle stages of one-table satellites.

Powerful Profits From Tournament Poker Victor H Royer, 2014-05-27 Adapt Your Poker Strategy For Tournaments-And Reap The Rewards! When novices won the World Series of Poker in 2003 and 2004, the word was out: you didn't have to be a pro to take the big prizes from even the toughest poker tournaments. Casinos across the world pulled out slots and put in tables, and thousands of

new tournaments have sprang up almost overnight on the Internet. Victor H. Royer, world-renowned gambling columnist and author, can get your tournament game where it needs to be—whether you're an average player in a card room or a novice in front of your computer. Royer shows how the smart players learn to adapt their strategies to beat those who are still using older methods. Updated with the latest information, this book will teach you how to: Bring your game up to tournament levels Avoid common pitfalls of poker tournaments Compete at poker tournament speeds Find the best online tournaments and satellites Play all forms of tournament poker, including H.O.R.S.E., Badugi, and Big O If you're ready to step up to the tournament level, Powerful Profits from Tournament Poker is ready to take you there?and to show you how to win! 134,500 Words

Championship Hold'em Tom McEvoy,TJ Cloutier,2013-09-25 A new chapter, 21 Money-Making Tips from the Pros, shows players how to increase their income from cash gamed and tournaments. Hard-hitting hold'em tje way it's palyed today in casino and online limit cash games and tournaments, players get killer advice on how to win more money in rammin'-jammin' games, kill-pot, jackpot, shorthanded, and other cash games, plus tournaments strategies for a small buy-in, big buy-in, rebuy, satellite and big-field major tournaments. Players learn the thinking process for the pre-flop, flop, turn and r iver including play-byplay analyses. Specific advice for rocks in tight games, weaklings in loose games, experts in sdolid games, how hand value change, when players should fold, chrck,raise, reraise, check-raise, slowplay, and bluff

**How to Win No-Limit Hold'em Tournaments** Don Vines,Tom McEvoy, Millions of dollars are waiting for you in poker's most exciting game, no-limit Texas hold'em, and this book shows you how to claim your share of it! McEvoy and Vines, who have won cuontless tournaments, teach you the essential moves and strategies that will make you a major threat in any tournament you play. You'll learn a wealth of information in this book: How to use bluffs, position, and big stacks to bully opponents and win chips, how to adjust between no-limit tournaments and cash games, how to play rebuy and add-on events, and how to adjust strategies for every type of opponent and tournament structure. From basic plays, intermediate tactics, and advanced strategies, to the professional plays used by world champions, this powerful guide is a complete course in winning small, medium, and big money tournaments.

**Harrington on Modern Tournament Poker** Dan Harrington,Bill Robertie,2014-05-08 Over the last ten years, the enormous growth of interest in poker and poker tournaments has led to an intense focus on the theory of tournament poker. The result was a re-examination of old ideas and the introduction of many new ones. The fundamentals of no-limit hold em did not change, but the game was revealed to have more depth than many older players could have anticipated. As a result, no-limit hold em tournament play has evolved into a newer, tougher, faster game, and good players have had to evolve to keep up. In Harrington on Modern Tournament Poker, Dan Harrington takes a fresh look at the world of no-limit hold em tournaments. He explains how the game is currently played, and what you ll have to do to be a successful tournament player in 2013 and beyond. The topics examined include how to play different hand types preflop, when to 3-bet and 4-bet, how to analyze the flop, turn, and river, and how to size your bets. Dan also

explains how to adjust your strategy as your stack size grows and shrinks, and how to handle the new breed of super-aggressive players that you ll meet at the table (and, if you want, how to play that way yourself). Dan Harrington won the Gold Bracelet and the World Champion Title at the Main Event of the 1995 World Series of Poker. And he was the only player in recent history to make the final table in back-to-back years 2003 and 2004 considered by cognoscenti to be the greatest accomplishment in WSOP history.

**Tournament Hold 'em Hand By Hand:** Neil D. Myers, 2008-02-01 Dear Aspiring Poker Tournament Winner, Do you regularly play in No-Limit Hold'em tournaments? Do you want to get to the final table more often? Then this book is for you! \$10,000 TV tournaments that last for days require very different winning strategies than much faster paced tournaments that last for hours. Most of us never play in the televised extravaganzas. Instead, we play regularly in No-limit Hold'em tournaments that have buy-ins of \$40 to \$1,000. Many tourney entrants never win money. A few savvy players know that small tournaments can be fun and profitable if you know exactly how to play them. Hand-by-hand, I will reveal why these players make more than their fair share of final tables--and how you can join them. You'll learn: • How to win despite a run of bad cards • How to assess good-value tournaments and avoid bad ones • How to play when you are short-stacked • How to build a big stack and use your chips as a weapon • The vital importance of position in tournament play • When and how to change pace as the blinds and antes increase Some of the conventional advice about tournament play is just plain wrong. Success requires more than a desperate attempt to survive and wait for big cards. So if you want a chance to feel the thrill of a big payday at your next tournament, buy this book now! I'll see you at the final table.

*Secrets of Professional Tournament Poker, Volume 1* Jonathan Little, Tournament poker is a tough game to play, but the rewards for success can be huge. Even regular online tournaments offer substantial prizes running to hundreds of thousands of dollars. If you want to win big at the tables, then you must buy this book. In *Secrets of Professional Tournament Poker, Volume 1* you will learn the fundamentals of play and how to handle varying stack sizes. You will learn: Why tournaments are the most profitable form of poker When to play small ball and when to play long ball How to understand effective stack size How to tailor your play to winning, not just cashing ...plus much more!

Moorman's Book of Poker Chris Moorman, Byron Jacob, 2014-12-16 Chris Moorman is the most successful online poker tournament player in history. \* Leads the industry with more than \$11 million in online cashes \* Excels on the tournament circuit with over \$4 million in live cashes \* Placed in the top three in online tournaments 651 times to date Many strong poker players have written books explaining their thought processes. However, players at the low- to mid-stakes who want to advance to the highest levels find the leap a daunting one. Chris, through years of hard work, has achieved this advance and now wants to help you do the same. Moorman's Book of Poker has a unique approach. Chris analyzes 80 tournament hand histories played by co-author Byron Jacobs – a typical mid-stakes player. The adoption of a coaching format allows Chris to explain in clear detail exactly what is needed to progress to the next level of expertise.

**Poker Satellite Strategy** Dara O'Kearney, Barry Carter, 2019-02-27 The best way for small stakes poker players to earn life-changing amounts of money is

to win a satellite into a bigger tournament. Yet there is surprisingly little poker theory written about how to win satellite tournaments, until now. In *Poker Satellite Strategy* professional poker player Dara O’Kearney gives you a framework for how to approach every stage of a satellite tournament, from the early levels right up to the bubble. This book takes the stress and uncertainty out of satellites. You will learn:

- \*Adjustments you need to make from regular poker tournament strategy
- \*What hands to shove, call and fold on the bubble
- \*When to tighten up and when to keep accumulating chips
- \*Easy poker math to do at the tables
- \*The correct poker GTO ranges (and how to adjust to different player types and situations)
- \*When it’s correct to fold Pocket Aces preflop

Dara O’Kearney is a professional poker player from Ireland with a long standing reputation as the best satellite specialist in the game. He has won over \$1 million in satellite tournaments alone and twice won the PokerStars UKIPT satellite leaderboard. He is sponsored by Unibet Poker and is the co-host of The Chip Race Podcast. “In the first 30 minutes of reading, I guarantee you will pick up something that will increase your future expectation to cover the cost of the book tenfold” – Marty “TheLipoFund” Mathis, partypoker PPL Satellite Leaderboard winner “A highly recommended book for anyone looking to play satellites well or related formats like Double or Nothing where multiple finishers receive identical top prizes” ~ Collin Moshman – author of *Sit N’ Go Strategy* “Dara has been ahead of the curve on satellites for years and his results show it. This book will change the way you think about, and play, satellites forever.”~Daiva Byrne - professional poker player and advocate for women in poker This book uses the most up-to-date poker ICM calculators, however it has been written in a way to make the poker math you need to do at the tables very simple. Every chapter starts from a poker GTO framework but then explains how you should deviate when the players or table dynamics change. It covers every aspect of satellite play, from the important bubble stage, but even explaining the poker game theory behind late registering, post flop play, poker mindset issues unique to satellites and how to adjust in live poker tournaments. It has everything a texas hold'em player needs to qualify for big poker tournaments like the World Poker Tour, EPT or World Series of Poker.
