## Poker Satellite Strategy Dara O'Kearney, Barry

Carter, 2019-02-27 The best way for small stakes poker players to earn life-changing amounts of money is to win a satellite into a bigger tournament. Yet there is surprisingly little poker theory written about how to win satellite tournaments, until now. In Poker Satellite Strategy professional poker player Dara O'Kearney gives you a framework for how to approach every stage of a satellite tournament, from the early levels right up to the bubble. This book takes the stress and uncertainty out of satellites. You will learn: \*Adjustments you need to make from regular poker tournament strategy \*What hands to shove, call and fold on the bubble \*When to tighten up and when to keep accumulating chips \*Easy poker math to do at the tables \*The correct poker GTO ranges (and how to adjust to different player types and situations) \*When it's correct to fold Pocket Aces preflop Dara O'Kearney is a professional poker player from Ireland with a long standing reputation as the best satellite specialist in the game. He has won over \$1 million in satellite tournaments alone and twice won the PokerStars UKIPT satellite leaderboard. He is sponsored by Unibet Poker and is the co-host of The Chip Race Podcast. "In the first 30 minutes of reading, I guarantee you will pick up something that will increase your future expectation to cover the cost of the book tenfold" - Marty "TheLipoFund" Mathis, partypoker PPL Satellite Leaderboard winner "A highly recommended book for anyone looking to play satellites well or related formats like Double or Nothing where multiple finishers receive identical top prizes" ~ Collin Moshman - author of Sit N' Go Strategy "Dara has been ahead of the curve on satellites for years and his results show it. This book will change the way you think about, and play, satellites forever." ~ Daiva Byrne - professional poker player and advocate for women in poker This book uses the most up-to-date poker ICM calculators, however it has been written in a way to make the

poker math you need to do at the tables very simple. Every chapter starts from a poker GTO framework but then explains how you should deviate when the players or table dynamics change. It covers every aspect of satellite play, from the important bubble stage, but even explaining the poker game theory behind late registering, post flop play, poker mindset issues unique to satellites and how to adjust in live poker tournaments. It has everything a texas hold'em player needs to qualify for big poker tournaments like the World Poker Tour, EPT or World Series of Poker.

Poker's 1% Ed Miller, 2014-03-15 Elite poker players aren't like the rest of us. Sure, they play in huge games where tens of thousands of dollars can move in the blink of an eye. But that's not the only difference. Elite players play and think about the game in a completely different way from everyone else. If you want to raise your game to their level, it's not just a matter of getting a little better at what you already do. The honest truth is that the way 99% of poker players approach the game is fundamentally flawed. You will never be able to crack the top 1% until you know what they know. There's one big secret to the game that nearly every elite player knows, yet almost no one else understands. It's an open secret-no one is hiding it. Elite players talk about it sometimes in videos and articles. Nevertheless, top players have known this secret for years, yet still almost no one else does. Poker's 1% seeks to change that. It bridges that gap between the elite players and everyone else. It promises that as long as you are willing to put in the work, you too have a shot to reach the top. Poker's 1% teaches a way of thinking about how you play, a way to unify every hand you've ever played and ever will play into one single, overarching strategy. The goal is that you will have one big aha moment, the moment where you finally get this game. After that, it's just fine tuning. The more you fine tune your strategy, the more you win, and the higher you can go. Poker's 1% gives you a unique window into the secrets of the

world's best players. It shows you what you've been doing wrong and how to fix it. And, most importantly, it guides you in a straightforward way along the path from average player to elite.

Secrets Of Professional Tournament Poker Jonathan Little, 2021-07-21 This new, expanded, fully updated and revised, edition of 'Secrets of Professional Tournament Poker' is a landmark in poker publishing. Originally published in two volumes in 2011 and 2012 this was both a critical and commercial success. Over the last decade, the understanding of poker has changed dramatically and this new edition fully reflects current thinking on the game. This book will give readers a thorough understanding of everything they need to know about playing tournaments and Jonathan Little is undoubtedly the person best qualified to impart this information. The book is split into seven sections: 1) How Tournaments Work -This explains why tournaments are a highly profitable form of poker and examines the basic concepts that need to be mastered. 2) Playing Deep Stacked -This deals with situations where (most) players have stacks of 50 big blinds or more. All situations are dealt with including pre-flop and all three post-flop streets. There is further information on general topics at this stack depth. 3) Playing Mid Stacked -This deals with situations where the basic stack depth is between 27 and 50 big blinds. These situations are tricky because with the shorter stack, players are often going all-in. This means that very clear adjustments are required compared to the deeper stack strategies. 4) Playing Short Stacked -This section focuses on play below 27 big blinds. Now play is almost exclusively focused on the possibility of players going all-in. Knowing the correct ranges and plays here is vital to maximise your chances for tournament survival. 5) The Late Stages -As the prospect of serious prize money looms, huge adjustments need to be made. How to play on the bubble and concepts such as risk premium and the Independent Chip Model are fundamental to maximising your chance of landing a major prize and they are all thoroughly

explained. 6) Hand Examples -This will test your understanding of everything you have learnt so far. 7) Other Considerations -You can improve your tournament results by also working on your general attitude and approach. This section encompasses all the non-technical aspects of playing, including learning, the mental approach, tells and practical tips. Jonathan Little has dedicated himself to educating players who are keen to improve their poker strategy, and in 2020, he was awarded the prestigious title of Global Poker Index "Poker Personality of the Year" - voted for by the poker-playing public. As well as being an immensely successful professional player with over \$7,000,000 in live tournament cashes, Jonathan runs the highly respected coaching site pokercoaching.com. By interacting regularly with his students, he has developed a clear understanding of how to explain important concepts in a language that can be easily understood by players of all skill levels. The result is *Secrets of Professional Tournament Poker* - the definitive guide to modern tournament play.

**Next: The Future Just Happened** Michael

Lewis, 2002-05-17 The New York Times bestseller. His book is a wake-up call at a time when many believe the net was a flash in the pan.—BusinessWeek With his knowing eye and wicked pen, Michael Lewis reveals how the Internet boom has encouraged changes in the way we live, work, and think. In the midst of one of the greatest status revolutions in the history of the world, the Internet has become a weapon in the hands of revolutionaries. Old priesthoods are crumbling. In the new order, the amateur is king: fourteen-year-olds manipulate the stock market and nineteen-year-olds take down the music industry. Unseen forces undermine all forms of collectivism, from the family to the mass market: one black box has the power to end television as we know it, and another one may dictate significant changes in our practice of democracy. With a new afterword by the author.

*Reading Poker Tells* Zachary Elwood, 2012-04-01 Provides

information on common poker tells and gives a mental framework for analyzing and remembering that behavior.

**Million Dollar Video Poker** Bob Dancer, 2003 Bob Dancer is the best known video poker player and writer in the world. In just six years, after coming to Las Vegas with a \$6,000 bankroll, Dancer won more than \$1 million playing beatable machines. Million Dollar Video Poker recounts the events of those six years, with stories about his meteoric ups and downs, and lessons for players of all skill levels. Video poker is one of those rare casino games that can be beaten by a talented and informed player, and Dancer explains how it's done. Never before has a top video poker professional shared so many of his winning secrets.

*Doyle Brunson's Super System* Doyle Brunson, 2018-05-09 This classic book is considered by the pros to be the best book ever written on poker! Jam-packed with advanced strategies, theories, tactics and money-making techniques no serious poker player can afford to be without this hard-hitting information. Includes fifty pages of the most precise poker statistics ever published. Features chapters written by poker's biggest superstars, such as Dave Sklansky, Mike Caro, Chip Reese, Bobby Baldwin, and Doyle two world champions and three master theorists. Essential strategies, advanced play, and no-nonsense winning advice on making money at 7-card stud (razz, high-low split, cards speak, and declare), draw poker, lowball, and hold'em (limit and no-limit). This is a must-read. 605 pages

**Modern Poker Theory** Michael Acevedo, 2019-08-09 Modern Poker Theory is a comprehensive, rigorous guide to the most important aspects of No-Limit Hold'em. It is based around an in-depth examination of what is meant by game theory optimal play (GTO) and how it can be applied at the table. Understanding GTO is fundamental to being able to make accurate poker decisions and being able to exploit players who don't. Modern Poker Theory uses modern poker tools to develop a systematic approach to the analysis of GTO. It organizes the ideas and concepts in an

intuitive manner that is totally focused to practical applications. Next time you are at a table some of the players will have studied Modern Poker Theory and some won't. The players who have studied Modern Poker Theory will, without doubt, have a better theoretical and practical understanding of No-Limit Hold'em. They will be the favourites in the game. Make sure you are one of them. Michael Acevedo, one of the world's leading poker theorists, is a game theory expert who is renowned for creating cutting-edge content for the world's leading players. The production of Modern Poker Theory is the culmination of many thousands of hours of his research work with the most advanced poker software tools available. It is poker theory for the 21st century.

### **Video Poker for the Intelligent Beginner** Bob

Dancer, 2009-06 Bob Dancer's real-life video poker successes are legendary, but he's also a world-class teacher. Now, after years of creating the industry standards in video poker reports, strategy cards, and software, Dancer has brought the best book on the subject. Video Poker for the Intelligent Beginner is a how-to-win blueprint for players seeking the fast track to the upper levels of this beatable game. First, you'll master the techniques for finding and identifying the highest-returning games; then you'll learn how to generate, understand, and implement the computer-perfect strategies that yield the ultimate goal: monetary profit. Dancer also offers his professional insight regarding the game's many nuances and related considerations--including in-depth coverage of slot clubs, casino promotions, progressives, team play, scouting, and tournaments. PLUS, this is the first book to explain in detail how his powerful Video Poker for Winners software can be employed to solve previously unanswered questions about bankroll needs, promotions analysis, and profit potential.

### **Why Alex Beats Bobbie at Poker** Duncan

Palamourdas, 2020-12-01 Meet Alex and Bobbie, who both like to

play poker. Alex is a professional poker player who plays for a living and is a solid long-term winner. Bobbie is a recreational player who plays a decent enough game but mainly wants to have a good time. If you play poker regularly you will meet thousands of players like Bobbie in your games and very few like Alex. Of course one would expect that, in the long run, Alex will perform better than Bobbie. But have you ever wondered EXACTLY what it is that Alex understands better and does differently to Bobbie? This is a rather complex question that does not have a simple answer. In this book, UCLA maths professor Duncan Palamourdas addresses this question via a journey through human psychology, game theory, easy-to-understand mathematics and even philosophy. Topics include: \* Understanding the instinctive but unprofitable tendencies of inexperienced players. \* How to identify what a mistake actually is in poker - and how to exploit it. \* Why poker does not revolve around bluffing. \* The great impact of variance in poker and how to account for it. \* How to develop a consistent approach that allows you to play like Alex and not Bobbie.

Frugal Video Poker Jean Scott, 2006-08 Frugal Video Poker is the most comprehensive book ever written on practicing, playing, and winning at this popular casino game. Video poker is beatable when you know what pay schedules to look for and how to play when you find them. Whether you want to play for profit or merely make your money last longer in a casino, Frugal Video Poker will take you where you want to go. Beginners are walked through the basics, first learning to distinguish between good and bad paytables, then playing the strategies that maximize the machine's potential. Players who already have some experience will discover crucial bridge concepts that lead to improved results. For experts, Frugal Video Poker covers special opportunities, such as tournaments, promotions, progressives, and the cutting-edge new games--an extensive resource section paves the way to advanced study. And everyone can benefit from

the detailed lessons on how to use readily available video poker computer software to take the game to its highest level.

Tommy Angelo is a top tier poker coach, poker writer, and philosopher. Join professional, winning poker players like Phil Galfond, Ed Miller, Simon Munz, Lee Jones, and David Benefield in reading the book that Jay Rosenkrantz calls the best poker book ever.--

**Phil Gordon's Little Green Book** Phil Gordon, 2023-07-25

The ultimate guide to becoming an expert player of no limit

hold'em poker from one of the game's "premier players" (Erik Seidel, World Series of Poker winner) Phil Gordon. Poker is hotter than ever, with tens of millions of fans dealing in, logging on, and tuning in to global tournaments. And the most popular version of poker is no limit hold'em, long considered the purest form of the game, with appearances in the World Series of Poker, the World Poker Tour, and on Bravo's Celebrity Poker Showdown. Now, Phil Gordon, acclaimed professional player and cohost of Celebrity Poker Showdown, shares his seasoned expertise and valuable insight in Phil Gordon's Little Green Book. Featuring a conversational approach and easy-to-digest explanations and diagrams, this is the must-have guide for anyone who wants to go all-in on becoming a better no limit hold'em player.

**Sit 'n Go Strategy** Collin Moshman, 2007-07

Professional Video Poker Stanford Wong, 1991-12

*Everything Casino Poker* Frank Scoblete, 2013-05 Aiding the average poker player to obtain above average results at the casino, this guide to some of the hottest games in poker goes beyond teaching the game itself for intelligent and direct strategies on how to win. In *Everything Casino Poker*, acclaimed gambling expert Frank Scoblete looks at popular casino poker games--including video poker, Texas Hold'em, Omaha Hi-Lo, and Pai Gow--and analyzes ways to gain an edge to beat the house. Thoroughly examining the rules of each variant of poker and the statistics and strategies that surround them, the guide provides a solid foundation that will better the player's performance and experience, regardless of time spent at the casino tables.

*Basics of Winning Video Poker* , You will learn the basics of play, and how to find the machines and casinos with the most frequent and largest payoffs. Also includes insider advice on how to avoid losing machines, how to find the most profitable machines, plus a glossary and money management advice. 64 pages

**Strategies for Beating Small Stakes Poker Tournaments**

Jonathan Little,2015-02-24 While most poker players dream of winning \$10,000,000 on poker's biggest stage, most find it impossible to win at even the smallest stakes. They usually blame bad luck for their failures whereas in reality, they are simply not skilled enough at poker. The secret to mastering poker is not in memorizing hand ranking charts or following a predetermined system. You must learn to think for yourself while at the table in order to adjust your strategy based on your specific opponents. Strategies for Beating Small Stakes Poker Tournaments will explain how. In this guide, two-time World Poker Tour champion Jonathan Little explains numerous strategies he uses that will allow you to crush your opponents, giving you the opportunity to progress to the middle and high stakes.

### **Harrington on Cash Games: Volume II** Dan

Harrington,Bill Robertie,2008 The first years of the poker boom were fueled by the interest in no-limit hold'em tournaments. Recently, however, players have been gravitating to another, even more complex form of hold'em - no-limit cash games. Harrington on Cash Games: Volume II, continues where Volume I left off. In sections on turn and river play, Harrington explains why these are the most important streets in no-limit hold'em, and shows how to decide when to bet or check, when to call or fold, and when to commit all your chips. In later sections, Harrington shows how to play a looser and more aggressive style, how to make the transition from online to live games, and how to extract the maximum profit from very low-stakes games. Volume II concludes with an interview with Bobby Hoff, considered by many the best no-limit cash game player of all times, who shares some of his secrets and insight. Dan Harrington won the gold bracelet and the World Champion title at the \$10,000 buy-in No-Limit Holdem Championship at the 1995 World Series of Poker. And he was the only player to make the final table in 2003 (field of 839) and 2004 (field of 2,576) - considered by cognoscenti to be the greatest accomplishment in WSOP history. In Harrington on Cash Games,

Harrington and two-time World Backgammon Champion Bill Robertie have written the definitive books on no-limit cash games. These poker books will teach you what you need to know to be a winner in the cash game world.

While this might not be the Poker Videos full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd

offer subscription-based access to a wide range of Poker Videos eBooks, including some popular titles.

### **FAQs About Poker Videos Books**

**What is a Poker Videos PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Poker Videos PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google

Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Poker Videos PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How**

### **do I convert a Poker Videos PDF to another file format?**

There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats.

### **How do I password-protect a Poker Videos PDF?**

Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a

password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it

easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
