Poker Secrets from a Poker Dealer to Make a Killing Bob Thomas,2015-02-14 Hello my name is Bob and welcome to my

book. In this book I will be telling you all of my greatest secrets that I have learnt in casinos dealing to the players from 1/2 USD to the highest stakes imaginable. The topics of the book that I will cover are as follows

1. Developing a correct mindset for poker In this chapter I will detail what should be the correct mindset of a poker player right from the initial stage of selecting a table, stakes, a game, the correct expectations, being aware of the transactions costs like rake and other expenditures, and more. This is crucial because most players today lack this information and set themselves up for failure and a cascade of losses. I will also be sharing several secrets for example when a player plays at a stake that is meaningless in form of money to him, he is already winning. And a player who is playing at a stake in which money means dearly to him he is already begun losing. The cause is when a person plays with a thing dear to him he is actually gambling and cannot play the game as skillfully if he had been playing at a stake that was unimportant.
2. The Truth About Casino Side Games You already know it but I will be sharing several secrets for example. When you play in casino side games for example Black Jack you can become tilted when you lose an amount significant to you and you can end up donating even more money, people have blown all their pay checks and tax refunds the same day due to tilt. Hence it is important to not go to casinos with your debit cards or credit cards, otherwise you can get in a gambling trap and lose a lot of money quickly. Casinos know that most people will quit after they go on a heater but will continue playing when losing, hence they can offer players free rooms, drinks and even food.
3. The Biggest Secret In this I will share with you what exactly takes to turn from a Fish to a Super Pro!
4. Tournament Secrets Ok most now already know the M Ratio and Q Ratio. Do you really know what it takes to be a consistent winner like a top WSOP money maker?
5. Pot Limit Omaha Secrets The secrets that I am going to tell you will prevent you from making a lot of mistakes and help you learn how the game

should be played, how you can take advantage of the freerolls that are in this game. 6.No Limit Hold'em Secrets Do you as a player always put money when you are ahead and your opponent is a 4 to 1 dog, if not then you are losing money. Still there is lot of hope for you because by learning these secrets you will be playing when you are way ahead, be avoiding the marginal situations and will be crushing the donks for thousands of dollars every month at your local casinos. Sounds fun? 7.Hand Reading and Constructing Ranges Like A Boss This is important Phil Hellmuth once said that he made 20 million dollars because of hand reading, he actually has made 20 million dollars and he does hand read. 8.Is Poker Gambling? The truth from a poker dealer!

Bring Your Baggage and Don't Pack Light Helen

Ellis, 2022-04-26 The bestselling author of *American Housewife* and *Southern Lady Code* returns with an “inspiring, hilarious, straight-to-the-point” (*Entertainment Weekly*) collection of essays on friendship among grown-ass women. Ellis' prose is filled with so many laugh lines, you might want to go ahead and book the Botox.” —NPR When Helen Ellis and her lifelong friends arrive for a reunion on the Redneck Riviera, they unpack more than their suitcases: stories of husbands and kids, lost parents and lost jobs, powdered onion dip and photographs you have to hold by the edges, dirty jokes and sunscreen with SPF higher than they hair-sprayed their bangs senior year, and a bad mammogram. It's a

diagnosis that scares them, but could never break their bond. Because women pushing fifty won't be pushed around. In these twelve gloriously comic and moving essays, Helen Ellis dishes on married middle-age sex, sobs with a theater full of women as a psychic exorcises their sorrows, gets twenty shots of stomach bile to the neck to get rid of her double chin, and gathers up the courage to ask, Are you there, Menopause? It's Me, Helen. A book that reads like the best cocktail party of your life, *Bring Your Baggage and Don't Pack Light* is alive with the sensational humor and ferocious love for her friends that won Helen Ellis legions of fans. This book has a raw vulnerability and an emotional generosity that takes this acclaimed author to a whole new level of accomplishment.

Poker For Dummies Richard D. Harroch, Lou Krieger, 2011-03-10 Poker is America's national card game, and its popularity continues to grow. Nationwide, you can find a game in progress everywhere. If you want to play, you can find poker games on replicas of 19th century riverboats or on Native American tribal lands. You can play poker at home with the family or online with opponents from around the world. Like bowling and billiards before it, poker has moved out from under the seedier side of its roots and is flowering in the sunshine. Maybe you've never played poker before and you don't even know what a full house is. *Poker For Dummies* covers the basics. Or perhaps you've played for years, but you just don't know how to win. This handy guide will help you walk away from the poker table with winnings, not lint, in your pockets. If you're a poker expert, you still can benefit - some of the suggestions may surprise you, and you can certainly learn from the anecdotes from professional players like T.J. Cloutier and Stu Unger. Know what it takes to

start winning hand after hand by exploring strategy; getting to know antes and betting structure; knowing your opponents, and understanding the odds. *Poker For Dummies* also covers the following topics and more: Poker games such as Seven-Card Stud, Omaha, and Texas Hold'em Setting up a game at home Playing in a casino: Do's and don'ts Improving your play with Internet and video poker Deciphering poker sayings and slang Ten ways to read your opponent's body language Playing in poker tournaments Money management and recordkeeping Knowing when and how to bluff Poker looks like such a simple game. Anyone, it seems, can play it well - but that's far from the truth. Learning the rules can be quick work, but becoming a winning player takes considerably longer. Still, anyone willing to make the effort can become a good player. You can succeed in poker the way you succeed in life: by facing it squarely, getting up earlier than the next person, and working harder and smarter than the competition. Foreword by Chris MoneyMaker, 2003 World Series of Poker Champion.
