Could you find the courage to do what is necessary? Would you even know where to start? These are the questions faced by law graduate Ronni Wong when her friend Jenny disappears after a date with a man she met online. The clock is ticking, can Ronni make it in time? Join Ronni as her investigation into one disappearance leads her into mortal danger. Social Murder will keep you on the edge of your seat, and at the same time challenge you to think about how you use social media. Are you safe online?

**Lights and Sirens** Lisa Henry,2018 Paramedic Hayden Kinsella is single and the life of the party. He likes driving fast and saving lives, and he doesn't do relationships--he does hookups. Except he wouldn't hook up with copper Matt Deakin if he were the last guy on the planet. Hayden thinks the feeling is mutual . . . until clearing the air leads to a drunken one-night stand, which leads to something neither of them was expecting: a genuine connection. Police officer Matt Deakin moved to Townsville to take care of his elderly grandfather. In between keeping an eye on Grandad, renovating his house, and the demands of his job, he somehow finds himself in a tentative relationship with Hayden and very slowly gets to know the damaged guy beneath the happy-go-lucky persona. But the stressors of shift work, fatigue, and constant exposure to trauma threaten to tear Hayden and Matt apart before they've even found their footing together. In the high-pressure lives of emergency services workers, it turns out it's not the getting together part that's hard, it's the staying together.

Lights and Sirens Kevin Grange,2015-06-02 A true account of going through UCLA’s famed Daniel Freeman Paramedic Program—and practicing emergency medicine on the streets of Los Angeles. Nine months of tying tourniquets and pushing new medications, of IVs, chest compressions, and defibrillator shocks—that was Kevin Grange’s initiation into emergency medicine when, at age thirty-six, he enrolled in the “Harvard of paramedic schools”: UCLA’s Daniel Freeman Paramedic Program, long considered one of the best and most intense paramedic training programs in the world. Few jobs can match the stress, trauma, and drama that a paramedic calls a typical day at the office, and few educational settings can match the pressure and competitiveness of paramedic school. Blending months of classroom instruction with ER rotations and a grueling field internship with the Los Angeles Fire Department, UCLA’s paramedic program is like a mix of boot camp and med school. It would turn out to be the hardest thing Grange had ever done—but also the most transformational and inspiring. An in-depth look at the trials and tragedies that paramedic students experience daily, *Lights and Sirens* is ultimately about the best part of humanity—people working together to help save a human life.

**A Conscientious Life (Sailing Against the Wind)** Jeffrey C. McAndrew,2011-09-28 In his first book Jeffrey helped hundreds of families dealing with the autism diagnosis and provided his own personal strategies for coping, giving personal examples and doing extensive research on possible cures. In his new book *A Conscientious Life* Jeffrey submits a semi-autobiographical account of a young man (Jonathan Stark) and his life struggles including his struggles with having an autistic child (Steven). The author also explores the subjects of religion, politics, love and loss. Here are some reviews of the new book: The book weaves a compelling story line that certainly engaged me. I think the author's imagery is colorful, and capturing. Dr. Darold Treffert, Author and Autism Expert, Fond du Lac, Wisconsin “I think the dramatic arc has to do with the main character's honesty, genuine heart and naivety confronting a cruel and unfeeling world and the challenge to incorporate that new sense of realism into his world while still retaining and even deepening the main character's humane way of being in the world and with others around him. The razor's edge of that confrontation would seem to be the foreshadowed and unexpected burden of living with autistic child.” Fred Hersom, longtime friend and musician, Concord, California “Overall, the book is an excellent read. Since it covers many parts of life, it has a very wide appeal. Those who would enjoy this book would be: those who are very politically active or spend their time keeping informed, those who have had trouble relating to their parents, those who have felt any uncertainty in their lives, those who have had to deal with the grief of their parent’s deaths, and finally, those who are the parent of a child with autism.” James Williams, autism writer and nationally-known speaker, Chicago, Illinois Here are some reviews of the new book: The book weaves a compelling story line that certainly engaged me. I think the author's imagery is colorful, and capturing. Dr. Darold Treffert, Author and Autism Expert, Fond du Lac, Wisconsin “I think the dramatic arc has to do with the main character's honesty, genuine heart and naivety confronting a cruel and unfeeling world and the challenge to incorporate that new sense of realism into his world while still retaining and even deepening the main character's humane way of being in the world and with others around him. His work takes us from early stages in life through college years and the loss of a close family member, and beyond. We can all relate to this. His search for the central characters' identity reminds us of our own adolescent phase in life, and how we work through it. In sum, this book does an excellent job of capturing that which we all know. The title does the book justice: It truly is ‘A Conscientious Life.’” Michael J. Tollifson Singer/Songwriter, Sheperdstown, West Virginia

**The Truth About Cops: A Retired Police Officer's Answers to All Your Burning Questions** Tim Dees,2012-09-14 NOTE FROM THE AUTHOR I have a head full of information, not all of which is useful. It bothers me that the lyrics for Yummy, Yummy, Yummy, I've Got Love in My Tummy are taking up room that could be occupied by something more life-relevant. Still, I've often found myself the person people come to when they want to know something, but aren't sure where to find it, and I enjoy providing that service. Quora is a great outlet for people like me. I stumbled on the site a little more than a year ago, and almost 600 answered questions later, there's enough material for a book. Law enforcement is a passion for me, not for the power trip or the adrenaline rush, but because it can be a truly noble vocation when done right. People depend on law enforcement officers to protect them from predators, see that the bad guys are held to account for their acts, and establish order out of chaos. The authority that cops have is a sacred public trust. Most officers carry out their duties proudly and honorably, but there will always be a few who abuse that trust. The short essays here are about both sides of that issue. These answers are also about separating some of the myths of police work from the reality. There have been so many dramatic depictions of law enforcement, some of them very realistic and others that seem realistic, that people tend to believe they know how cops work and why they do what they do. Here, I've tried to give you the straight scoop, knowledge accumulated from my own experience and from knowing cops from all over the country and the world. Some of it isn't flattering, but otherwise it wouldn't be honest. I hope you enjoy and benefit from these insights into police work. Tim Dees EXCERPT FROM THE BOOK Is It TRUE That Parking Patrol Officers Can NOT Stop Writing A Ticket Once They

Have Started? Some agencies do in fact have a policy that an officer, police, parking or otherwise, can't discard a citation once they have started writing it. Virtually all of them have some process for voiding a citation issued in error once the citation has been issued, but this process is carefully monitored to prevent abuse. Absent a monitored process, the system is easily manipulated. Someone makes a call to a person in the police department who has influence, and that person contacts the officer who issued the ticket. They persuade the officer to void the ticket. If the voided ticket appears to be correct in format, e.g. license plate matches the vehicle description, violation is appropriate for that location, etc. then whoever is in charge of reviewing the voided citations is supposed to follow up and find out if the citation was voided for a legitimate reason or as a favor to someone. Most of the time, when the issuing officer has started the citation form (and many of them are generated via handheld computer these days) and the violator runs up and asks them to stop, the violation is legitimate, and the officer has already looked around for the driver of the vehicle. The typical complaint is but I was just gone for a minute (which may or may not be true). In any event, there is seldom a provision in the law for parking there for a minute-you aren't supposed to park there at all. So, in short, it's usually true that the officer is not supposed to stop once they have begun issuing the citation. Buy the book to read more!
