No Lights, No Sirens Robert Cea,2012-12-18 A New York Police Officer's relentless journey into the criminal netherworld, told with brutal truth and honesty. Perhaps Neitzsche described Rob Cea's life best, way before he was born: Take care when chasing the animals; for you can very well become the animal you are chasing. No Lights, No Sirens is a sojourn so dirty and nasty it defies belief. Rob Cea starts off as an idealistic young cop, a true believer in the system for which he works tirelessly. He is sadly mistaken. The system he tried so hard to appease ultimately led to his downfall and the ruination of his life. What separates this from other cop—and—robber stories is the brutal authenticity from the cop himself. We will see and hear exactly what is discussed in a patrol car. We will see how the law was—and is—routinely bent to make collars stick any way possible. And we will see how Cea slowly spirals to depths of hell. No Lights, No Sirens is simplistic in its scope: A young idealistic boy becomes a man through fire, and then becomes exactly what he has been chasing for so long, a hardened man possessed by demons. With rapid fire and gritty narrative, Cea writes about his fall to the depths, and his salvation. We see the dark side of detective work in New York's most crime—riddled neighborhoods from a first-hand view never before seen.

**Lights and Sirens** Lisa Henry,2018 Paramedic Hayden Kinsella is single and the life of the party. He likes driving fast and saving lives, and he doesn't do relationships--he does hookups. Except he wouldn't hook up with copper Matt Deakin if he were the last guy on the planet. Hayden thinks the feeling is mutual . . . until clearing the air leads to a drunken one-night stand, which leads to something neither of them was expecting: a genuine connection. Police officer Matt Deakin moved to Townsville to take care of his elderly grandfather. In between keeping an eye on Grandad, renovating his house, and the demands of his job, he somehow finds himself in a tentative relationship with Hayden and very slowly gets to know the damaged guy beneath the happy-go-lucky persona. But the stressors of shift work, fatigue, and constant exposure to trauma threaten to tear Hayden and Matt apart before they've even found their footing together. In the high-pressure lives of emergency services workers, it turns out it's not the getting together part that's hard, it's the staying together.

**Lights and Sirens** Kevin Grange,2015-06-02 A true account of going through UCLA's famed Daniel Freeman Paramedic Program—and practicing emergency medicine on the streets of Los Angeles. Nine months of tying tourniquets and pushing new medications, of IVs, chest compressions, and defibrillator shocks—that was Kevin Grange's initiation into emergency medicine when, at age thirty-six, he enrolled in the “Harvard of paramedic schools”: UCLA's Daniel Freeman Paramedic Program, long considered one of the best and most intense paramedic training programs in the world. Few jobs can match the stress, trauma, and drama that a paramedic calls a typical day at the office, and few educational settings can match the pressure and competitiveness of paramedic school. Blending months of classroom instruction with ER rotations and a grueling field internship with the Los Angeles Fire Department, UCLA's paramedic program is like a mix of boot camp and med school. It would turn out to be the hardest thing Grange had ever done—but also the most transformational and inspiring. An in-depth look at the trials and tragedies that paramedic students experience daily, Lights and Sirens is ultimately about the best part of humanity—people working together to help save a human life.

Reading Sounds Sean Zdenek,2015-12-23 The work of writing closed captions for television and DVD is not simply transcribing dialogue, as one might assume at first, but consists largely of making rhetorical choices. For Sean Zdenek, when captioners describe a sound they are interpreting and creating contexts, they are assigning significance, they are creating meaning that doesn't necessarily exist in the soundtrack or the script. And in nine chapters he analyzes the numerous complex rhetorical choices captioners make, from abbreviating dialogue so it will fit on the screen and keep pace with the editing, to whether and how to describe background sounds, accents, or slurred speech, to nonlinguistic forms of sound communication such as sighing, screaming, or laughing, to describing music, captioned silences (as when a continuous noise suddenly stops), and sarcasm, surprise, and other forms of meaning associated with vocal tone. Throughout, he also looks at closed captioning style manuals and draws on interviews with professional captioners and hearing-impaired viewers. Threading through all this is the novel argument that closed captions can be viewed as texts worthy of rhetorical analysis and that this analysis can lead the entertainment industry to better standards and practices for closed captioning, thereby better serve the needs of hearing-impaired viewers. The author also looks ahead to the work yet to be done in bringing better captioning practices to videos on the Internet, where captioning can take on additional functions such as enhancing searchability. While scholarly work has been done on captioning from a legal perspective, from a historical perspective, and from a technical perspective, no one has ever done what Zdenek does here, and the original analytical models he offers are richly interdisciplinary, drawing on work from the fields of technical communication, rhetoric, media studies, and disability studies.

**Lights To My Siren** Lani Lynn Vale,2015-01-22 You're The Lights... Sebastian had one rule. No women on the back of his bike. Period. The one time he broke that rule, he killed the woman that was carrying his child. Then comes Baylee Roberts. She makes Sebastian want to break every single rule he'd ever implemented. Hell, but she even makes him consider that dreaded H word. A helmet. To My... Baylee Roberts innocently walked into her bathroom never expecting that she'd find a man in there. Though stubborn and irascible, Sugar sees something of herself in Merilee—something that allows her to open up about her own colorful past.
