Harvard Sitkoff

Toward Freedom Land Harvard Sitkoff,2010-07-23 The ongoing struggle for civil rights and social justice lies at the heart of America’s evolving identity. The pursuit of equal rights is often met with social and political trepidation, forcing citizens and leaders to grapple with controversial issues of race, class, and gender. Renowned scholar Harvard Sitkoff has devoted his life to the study of the civil rights movement, becoming a key figure in global human rights discussions and an authority on American liberalism. *Toward Freedom Land* assembles Sitkoff ’s writings on twentieth-century race relations, representing some of the finest race-related historical research on record. Spanning thirty-five years of Sitkoff ’s distinguished career, the collection features an in-depth examination of the Great Depression and its effects on African Americans, the intriguing story of the labor movement and its relationship to African American workers, and a discussion of the effects of World War II on the civil rights movement. His precise analysis illuminates multifaceted racial issues including the New Deal’s impact on race relations, the Detroit Riot of 1943, and connections between African Americans, Jews, and the Holocaust.

Cop in the Hood Peter Moskos,2009-08-03 When Harvard-trained sociologist Peter Moskos left the classroom to become a cop in Baltimore's Eastern District, he was thrust deep into police culture and the ways of the street--the nerve-rattling patrols, the thriving drug corners, and a world of poverty and violence that outsiders never see. In *Cop in the Hood*, Moskos reveals the truths he learned on the midnight shift. Through Moskos's eyes, we see police academy graduates unprepared for the realities of the street, success measured by number of arrests, and the ultimate failure of the war on drugs. In addition to telling an explosive insider's story of what it is really like to be a police officer, he makes a passionate argument for drug legalization as the only realistic way to end drug violence--and let cops once again protect and serve. In a new afterword, Moskos describes the many benefits of foot patrol--or, as he calls it, policing green.

The Rise of the Chicago Police Department Sam Mitrani,2013-12-15 In this book, Sam Mitrani cogently examines the making of the police department in Chicago, which by the late 1800s had grown into the most violent, turbulent city in America. Chicago was roiling with political and economic conflict, much of it rooted in class tensions, and the city's lawmakers and business elite fostered the growth of a professional municipal police force to protect capitalism, its assets, and their own positions in society. Together with city policymakers, the business elite united behind an ideology of order that would simultaneously justify the police force's existence and dictate its functions. Tracing the Chicago police department's growth through events such as the 1855 Lager Beer riot, the Civil War, the May Day strikes, the 1877 railroad workers strike and riot, and the Haymarket violence in 1886, Mitrani demonstrates that this ideology of order both succeeded and failed in its aims. Recasting late nineteenth-century Chicago in terms of the struggle over order, this insightful history uncovers the modern police department's role in reconciling democracy with industrial capitalism.

Ennio Morricone Alessandro De Rosa,2019-02-01 Master composer Ennio Morricone's scores go hand-in-hand with the idea of the Western film. Often considered the world's greatest living film composer, and most widely known for his innovative scores to *The Good, the Bad, and the Ugly* and the other Sergio Leone's movies, *The Mission*, *Cinema Paradiso* and more recently, *The Hateful Eight*, Morricone has spent the past 60 years reinventing the sound of cinema. In *Ennio Morricone: In His Own Words*, composers Ennio Morricone and Alessandro De Rosa present a years-long discussion of life, music, and the marvelous and unpredictable ways that the two come into contact with and influence each other. The result is what Morricone himself defines: beyond a shadow of a doubt the best book ever written about me, the most authentic, the most detailed and well curated. The truest. Opening for the first time the door of his creative laboratory, Morricone offers an exhaustive and rich account of his life, from his early years of study to genre-defining collaborations with the most important Italian and international directors, including Leone, Bertolucci, Pasolini, Argento, Tornatore, Malick, Carpenter, Stone, Nichols, De Palma, Beatty, Levinson, Almodóvar, Polanski and Tarantino. In the process, Morricone unveils the curious relationship that links music and images in cinema, as well as the creative urgency at the foundation of his experimentations with absolute music. Throughout these conversations with De Rosa, Morricone dispenses invaluable insights not only on composing but also on the broader process of adaptation and what it means to be human. As he reminds us, Coming into contact with memories doesn't only entail the melancholy of something that slips away with time, but also looking forward, understanding who I am now. And who knows what else may still happen.
