**Barbara Beirne**

The Big Pony Race Erica David, 2006 Dora and Boots help a horse named Penny win a race.

Pony Tales Chuck Sokolowski, Marion Sokolowski, 2016-10-07 This book is a warm and fascinating collection of short stories emanating from the nineteen fifties through contemporary times, capturing the incredible world of Thoroughbred horse racing and American history. The American spirit can be uniquely portrayed through history simply as a Thoroughbred horse race. Being prepared and ever so vigilant for the start as the race begins and each horse conquers their obstacles and hits the finish line in victory, win place, and show is just how America and racing somehow simultaneously prevail. You will travel with Chuck and Jim and others along the way from decade to decade, rubbing elbows with many famous and alluring characters. As you read, you will feel the agony and also the exuberance that both Chuck and Jim experienced along the way through a number of slim calls and exhilarating situations that occur. So hop in the saddle, grab the reins, and enjoy.

Riders Up! Barbara Beirne, 1992 Text and photographs follow eight-year-old Jasmine Napravnik through a year of physical and mental preparation for a pony race.

The Little Black Pony Races Walter Farley, 1968 When his brother's horse can't be raced, Steve enters the race on Little Black who is smaller than the other ponies and gets a bad start.

**Sydney's Pony Racecourses** Wayne Peake, 2006 Contrary to the name of the sport, which may evoke memories of children riding Shetland ponies at agricultural shows, most pony races were contested by fully-grown thoroughbreds. Many writers have perpetuated

myths about pony racing depicting the sport as a rough-and-ready, corrupt form of weekday racing, featuring midget horses on miniature racecourses, run during the Great Depression. It has been suggested that pony racing appealed to desperate, the 'needy and greedy' elements of the working class only. SYDNEY'S PONY RACECOURSES demonstrates that such assertions are without basis. The sport was one of the country's biggest industries with the prize money for its cup-races matching the Cox Plate. Some of its Sydney racecourses were rated second only to Randwick, and that for a time it was more popular on Saturdays than Australian Jockey Club racing. The four pony racecourses between the city and Botany Bay were an integral part of Sydney life during the first half of the 20th century. Existing histories of horse racing fail to acknowledge the contemporary importance and popularity of pony racing. This alternative history of horseracing enables pony racing to claim its fair share in the past.

**The 1,000-Mile Horse Race: 1893** Carol March McLernon, 2018-05-23 Another fair book by this author Treasured Memories: Columbian Exposition 1893 takes readers around the worlds fair of Chicago gathering souvenirs. Inspired by a doll, which was given to her by a neighbor and distant relative, the book offers many areas for further study in class or on the internet. The fair was an explosion of ideas in the areas of science, industry, agriculture, and sanitation. It paved the way for womens rights and civil rights.

### **Thoroughbred Horse Handicapping and Wagering** A. A.J,2012-05-08

Thoroughbred Horse Handicapping and wagering using the Holy Bible of Horse Racing is a book that contains a primer for folks that do not know much about thoroughbred horse racing. In addition, it provides a methodology for picking horses that will most likely finish second or better in races that are qualified for wagering. It then describes different approaches to wagering. There are what I call another section which I call special conditions that prompt special attention and will provide an avenue for Win/Place/Show bets (across the board), as well as some short stories of the some of the real characters I have met while playing the ponies.

**Montana Horse Racing** Brenda Wahler,2019-09-02 For centuries, on prairie grasslands, dusty streets and racing ovals, everyday Montanans participated in the sport of kings. More than a century after horses arrived in the region, Lewis and Clark's Nez Perce guides staged horse races at Traveler's Rest in 1806. In response to hazardous street races, the Montana legislature granted communities authority to ban immoderate riding or driving. Helena led the way to respectable racing, with Madam Coady's fashion course hosting the first territorial fair in 1868. Soon, leading citizens like Marcus Daly built oval tracks and glitzy grandstands. By 1890, a horse named Bob Wade set a world record for a quarter mile in Butte, a mark that stood until 1958. Horsewoman and historian Brenda Wahler highlights the Big Sky's patrons of the turf and courageous equine champions, including Kentucky Derby winner Spokane.
