American Pop Art Lawrence Alloway, Whitney Museum of American Art, 1974 Catalog of the exhibition: p. viii-xii. Bibliography: p. 133-140. Based on an exhibition organized for and shown at the Whitney Museum of American Art, April 16. 1974, with support from the National Endowment for the Arts.

Pop Art Richard Leslie, 1997 Pop art accepted, symbolised, and acknowledged the growth of a new popular culture. though many Pop artists were active first in art events-such as Happenings, the theatre, music, and dance-pop itself soon was recognised as a style that transcended art on the canvas to include everyday life. The emerging mass-media culture-advertising, movies and television, consumer goods-would contribute a language and attitude to the new art as well as provide it with abundant subject matter.

International Pop M. Darsie Alexander, Bartholomew Ryan, 2015 Published on the occasion of the exhibition International Pop, organized by Darsie Alexander with Bartholomew Ryan for the Walker Art Center, Minneapolis.

The All-Together Quilt Lizzy Rockwell, 2020-10-27 Quilters and crafters rejoice! This story of a community coming together to make a quilt is a heartwarming celebration of creativity and teamwork. The kids and grown-ups at a community center begin with lots of colorful fabrics and an idea. Then step by step they make that idea a reality. They design, cut, stitch, layer, and quilt. It's the work of many hands, many hours, and many stories. And the result is something warm and wonderful they all can share. Lizzy Rockwell is the artistic director and organizing force behind the Norwalk Community Quilt Project: Peace by Piece, and this book is inspired by all the people who have gathered over the years to teach and learn and to make something beautiful together.

Roy Lichtenstein Prints, 1956-97 Roy Lichtenstein, Chris Bruce, Dave Hickey, Elizabeth Ann Brown, 2005 Think Roy Lichtenstein and you probably conjure up comic strip-based paintings and the colorful dots that comprise them. Lichtenstein intended his now iconic depictions of characters in tense, dramatic situations as commentaries on modern man's plight, in which the media--magazines, television and advertisements--shapes everything, including our emotions. Many of the same concepts behind the artist's paintings apply to the significant number of prints he produced in the latter part of this life. Focused on works created from the mid-50s until his death in 1997, this exhibition catalogue gives a full overview of Lichtenstein's printmaking accomplishments. Accompanying reproductions of the artist's works are essays by two outstanding scholars: Dave Hickey, a MacArthur Award-winning writer on art and culture; and Elizabeth Brown, who wrote her thesis on Lichtenstein at Columbia University, under the tutelage of the late Kirk Varnedoe. Approximately 40 prints are illustrated in this elegant, intimately-scaled book, which highlights a specific body of work from one of the most innovative forces in post-World War II art.

Corita Kent and the Language of Pop Susan Dackerman, 2015-01-01 Exhibition catalog published in conjunction with the exhibition held at the Harvard Art Museums, Cambridge, Massachusetts, September 3, 2015-January 3, 2016 and at the San Antonio Museum of Art, San Antonio, Texas, February 13-May 8, 2016.

Pop Art David E. Brauer, 2001 The techniques utilized, however, varied: the Americans generally used a more reductive method, arriving at a centralized iconic image, while the British preferred an episodic approach that generated an implied narrative. As the essays in this book make clear, Pop Art promoted no specific agenda beyond the investigation of the prevailing American environment.--BOOK JACKET.

Pop Art Susie Brooks, 2019-08 Pop Art burst onto the scene in the mid-20th century, filling the gray post-World War II years with life, color, and fun! Pop artists from Andy Warhol to David Hockney strived to make art accessible for everyone, celebrating the popular symbols of the modern age--from cars to hamburgers--in their work. In the process they changes the face of art forever.--

Spinning Pop, April 2012 Ian Bunn, 2012-04-30 Spinning Pop is an artistic and conceptual exploration of specific people and events of our contemporary time and culture. The digital photo manipulated work is premised on the belief that Pop Art in its beginnings, freeze-framed what consumers of popular culture experienced into iconic visual abstractions. Visual information now circulates in such quantities, so rapidly and exponentially, that to comprehend a fraction of it all becomes a kind of production process in itself. The use of video production for exhibiting the work enables the individual images to become fragmented elements of the global popular culture over a time line. Adapting Pop Art's notion of mass media imagery into a context of the contemporary digital age, the work draws on a myriad points of reference. Utilizing fractured images to provide an allusion to the digital noise pounding away daily into our sub consciousness. Diverging from the traditional Pop Art notion of a pronounced repetition of a consumer icon, instead this work focuses on the deluge of contemporary digital content.
