**Pops** Gavin Bishop,2022-04-05 Pops is a warm and comforting board book about a visit to granddad. The bond between grandfather and child is shown through powerful images and simple text. The child and their Pops explore the day--a small hand in a big one, they go for a walk, collect food from the garden to make a sandwich, tell stories, then settle down for a nap. Pops is a starting point for conversation--the simplicity of the images and text lets readers build their own stories about their visit to a loved member of the family.

Perfect Pops Charity Ferreira,2011-06-24 "A good book for beginners who want to dip their toes (and fingers) into the world of ice-pop-making. It's easy and breezy." —The Village Voice Pops are

summer's freshest frozen treats, and they're showing up in all the best places, from farmers markets to fine dining restaurants. The perfect way to make the most of ripe fruit is by suspending it in sweet ice, but Perfect Pops takes popsicles beyond fruit and juice. With fifty recipes for popsicles in creative, of-the-moment flavors, this book includes creamy pops, fancy pops reminiscent of nostalgic, luscious desserts such as chocolate pudding, and alcohol-spiked pops for adults. Techniques for making striped, swirled, layered and creamy-centered pops dipped in chocolate make this book a charming resource for mothers and crafters looking for easy kitchen projects with delicious results!

**Pops** Craig Melvin, 2021-06-15 A deeply personal exploration of fatherhood, addiction, and resiliency from Craig Melvin, news anchor of NBC's Today show. For Craig Melvin this book is more an investigation than a memoir. It's an opportunity to better understand his father; to interrogate his family's legacy of addiction and despair but also transformation and redemption; and to explore the challenges facing all dads--including Craig himself, a father of two young children. Growing up in Columbia, South Carolina, Craig had a fraught relationship with his father. Lawrence Melvin was a distant, often absent parent due to his drinking as well as his job working the graveyard shift at a postal facility. Watching sports and tinkering on Lawrence's beloved (but unreliable) 1973 Pontiac LeMans were two ways father and son connected, but as Lawrence's drinking spiraled out of control, their bond was stretched to the breaking point. Fortunately, Craig had a loving, fiercely protective mother who held the family together. He also had a series of surrogate father figures in his life--uncles, teachers, workplace mentors--who by their examples helped him figure out the kind of person and father he wanted to be. Pops is the story of all these men--and of the inspiring fathers Craig has met reporting his Dads Got This Series on the Today show. Pops is also the story of Craig and Lawrence Melvin's long journey to reconciliation and understanding, and of how all these experiences and encounters have informed Craig's understanding of his own role as a dad.

**The Use of Pop Songs in the EFL Classroom** Ornerová Lenka, 2011-03-09  
 Inhaltsangabe: Introduction: I have chosen the topic of using pop songs in the EFL classroom because I strongly believe that working with pop songs is a highly motivational device. When I was a student at a lower and upper secondary school, listening to songs in English classes was my favourite activity. I have always wanted to be able to understand the lyrics of songs I listened to. Later, I realized that I have learned a lot from listening to pop songs and analyzing their lyrics. Therefore, in my diploma project, I would like to prove that using pop songs is a highly motivational device in teaching English with instructional value, and that students enjoy working with pop songs. The theoretical part of this diploma project is based on relevant sources of background literature. In the first two chapters, the use of songs is described with regard to motivation and the Multiple Intelligences Theory. The third and fourth chapter deal with the reasons for using songs and their classification. In the last two chapters of the theoretical part, pedagogical principles of using pop songs in class, as well as the pros and cons of teaching through pop songs are presented. The practical part is based on the findings of three surveys I have conducted in the field of using songs in the EFL classroom. In the first part of the research, I present an analysis of questionnaires which I distributed among English teachers at lower and upper secondary schools and grammar schools. In the second part of the research, I describe students' attitudes to pop song based lessons which I taught during my teaching practice at grammar schools. In the third part of the research, I analyze the types of songs presented in commonly used textbooks at lower and upper secondary schools. In addition, I present a self-developed teaching material containing a list of pop songs suitable for the EFL classroom. In the last part of the practical part, I answer the research questions and provide some implications for my own teaching.
