Highbrow, Lowbrow, Brilliant, Despicable The Editors of New York Magazine,2017-11-07 New York, the city. New York, the magazine. A celebration. The great story of New York City in the past half-century has been its near collapse and miraculous rebirth. A battered town left for dead, one that almost a million people abandoned and where those who remained had to live behind triple deadbolt locks, was reinvigorated by the twinned energies of starving artists and financial white knights. Over the next generation, the city was utterly transformed. It again became the capital of wealth and innovation, an engine of cultural vibrancy, a magnet for immigrants, and a city of endless possibility. It was the place to be—if you could afford it. Since its founding in 1968, New York Magazine has told the story of that city's constant morphing, week after week. Covering culture high and low, the drama and scandal of politics and finance, through jubilant moments and immense tragedies, the magazine has hit readers where they live, with a sensibility as fast and funny and urbane as New York itself. From its early days publishing writers like Tom Wolfe, Jimmy Breslin, and Gloria Steinem to its modern incarnation as a laboratory of inventive magazine-making, New York has had an extraordinary knack for catching the Zeitgeist and getting it on the page. It was among the originators of the New Journalism, publishing legendary stories whose authors infiltrated a Black Panther party in Leonard Bernstein's apartment, introduced us to the mother-daughter hermits living in the dilapidated estate known as Grey Gardens, launched Ms. Magazine, branded a group of up-and-coming teen stars "the Brat Pack," and effectively ended the career of Roger Ailes. Again and again, it introduced new words into the conversation—from "foodie" to "normcore"—and spotted fresh talent before just about anyone. Along the way, those writers and their colleagues revealed what was most interesting at the forward edge of American culture—from the old Brooklyn of Saturday Night Fever to the new Brooklyn of artisanal food trucks, from the Wall Street crashes to the hedge-fund spoils, from The

Godfather to Girls—in ways that were knowing, witty, sometimes weird, occasionally vulgar, and often unforgettable. On “The Approval Matrix,” the magazine’s beloved back-page feature, New York itself would fall at the crossroads of highbrow and lowbrow, and more brilliant than despicable. (Most of the time.) Marking the magazine’s fiftieth birthday, *Highbrow, Lowbrow, Brilliant, Despicable: 50 Years of New York* draws from all that coverage to present an enormous, sweeping, idiosyncratic picture of a half-century at the center of the world. Through stories and images of power and money, movies and food, crises and family life, it constitutes an unparalleled history of that city’s transformation, and of a New York City institution as well. It is packed with behind-the-scenes stories from New York’s writers, editors, designers, and journalistic subjects—and frequently overflows its own pages onto spectacular foldouts. It’s a big book for a big town.

That book “rivalled Rachel Carson’s *Silent Spring*” (the *Cincinnati Enquirer*), was “an absolute must-read for parents” (the *Boston Globe*), and “an inch-thick caution against raising the fully automated child” (the *New York Times*). His follow-up book, *The Nature Principle*, addressed the needs of adults and outlined a “new nature movement and its potential to improve the lives of all people no matter where they live” (McClatchy Newspapers). *Vitamin N* is a one-of-a-kind, comprehensive, and practical guidebook for the whole family and the wider community, including tips not only for parents eager to share nature with their kids but also for those seeking nature-smart schools, medical professionals, and even careers. Switched on Pop Nate Sloan, Charlie Harding, 2019-12-13 Pop music surrounds us - in our cars, over supermarket speakers, even when we are laid out at the dentist - but how often do we really hear what's playing? *Switched on Pop* is the book based on the eponymous podcast that has been hailed by NPR, Rolling Stone, The Guardian, and Entertainment Weekly for its witty and accessible analysis of Top 40 hits. Through close studies of sixteen modern classics, musicologist Nate Sloan and songwriter Charlie Harding shift pop from the background to the foreground, illuminating the essential musical concepts behind two decades of chart-topping songs. In 1939, Aaron Copland published *What to Listen for in Music*, the bestseller that made classical music approachable for generations of listeners. Eighty years later, Nate and Charlie update Copland's idea for a new audience and repertoire: 21st century pop, from Britney to Beyoncé, Outkast to Kendrick Lamar. Despite the importance of pop music in contemporary culture, most discourse only revolves around lyrics and celebrity. *Switched on Pop* gives readers the tools they need to interpret our modern soundtrack. Each chapter investigates a different song and artist, revealing musical insights such as how a single melodic motif follows Taylor Swift through every genre that she samples, André 3000 uses metric manipulation to get listeners to shake it like a Polaroid picture, or Luis Fonsi and Daddy Yankee create harmonic ambiguity in *Despacito* that mirrors the patterns of global migration. Replete with engaging discussions and eye-catching illustrations, *Switched on Pop* brings to life the musical qualities that catapult songs into the pop pantheon. Readers will find themselves listening to familiar tracks in new ways and not just those from the Top 40. The timeless concepts that Nate and Charlie define can be applied to any musical style. From fanatics to skeptics, teenagers to octogenarians, non-musicians to professional composers, every music lover will discover something ear-opening in *Switched on Pop*.

Read Dangerously Azar Nafisi, 2022-03-08 The New York Times bestselling author of *Reading Lolita in Tehran* returns with a guide to the power of literature in turbulent times, arming readers with a resistance reading list, ranging from James Baldwin to Zora Neale Hurston to Margaret Atwood. [A] stunning look at the power of reading. ... Provokes and inspires at every turn. —Publishers Weekly (starred review) Remarkable. ...

Audacious. —The Progressive Stunningly beautiful and perceptive. —Los Angeles Review of Books What is the role of literature in an era when one political party wages continual war on writers and the press? What is the connection between political strife in our daily lives, and the way we meet our enemies on the page in fiction? How can literature, through its free exchange, affect politics? In this galvanizing guide to literature as resistance, Nafisi seeks to answer these questions. Drawing on her experiences as a woman and voracious reader living in the Islamic Republic of Iran, her life as an immigrant in the United States, and her role as literature professor in both countries, she crafts an argument for why, in a genuine democracy, we must engage with the enemy, and how literature can be a vehicle for doing so. Structured as a series of letters to her father, who taught her as a child about how literature can rescue us in times of trauma, Nafisi explores the most probing questions of our time through the works of Toni Morrison, Salman Rushdie, James Baldwin, Margaret Atwood, and more.

Celebrated as a flexible and exciting new form of place making, pop-up culture includes temporary or nomadic sites such as cinemas, container malls, supper clubs, even pop-up housing and is now ubiquitous in cities across the world. But what are the stakes of the 'pop-up' city? Traversing a wealth of fascinating case studies, *Rebranding Precarity* shows how pop-up works to rebrand insecurity and encourages us to embrace precarity as the new normal. Revealing how urban crisis has particular temporal and spatial characteristics, defined by uncertainty, instability, fractures and gaps, it illuminates how those markers of crisis have been optimistically reimagined over the last few years, through an examination of seven logics that rebrand insecurity including within housing, labour economies and gentrifying areas. In doing so, it paints a frightening picture of how crisis conditions have become not just accepted, but are in fact desired, in today's metropolis.
