The Party Bible Connor Pritchard, Dominic Russo, 2010-07-18 Hallefrickinlujah, it's here--your ultimate party-planning guide. Forget the stuffy dinner conversations. And the plates of cheese. And the wine (unless it's boxed, or bottled three-buck Chuck). It's time to tap into a powder keg of debauchery. Brought to you by Connor and Dominic, founders of The 5th Year and scholars in the art of the party, this book serves up dozens of out-of-the-box ideas, along with advice on throwing a successful shindig and plenty of suggestions on how to take the shenanigans to the next level. You'll find ridiculously fun ways to get your drink on, like . . . Tour de Franzia: Spandex-clad partiers chant, "Go, go, go" as their wine-mouthed friends race through boxes of the classy stuff. Brownbag Surprise: Guests have to MacGyver their own costumes out of whatever's inside the brownbag they're given. Fake Wake: It's like a real Irish wake--except even the stiff's drunk. Donkey Punch Dinner Party: Where placing your Cleveland Steamer Meatballs between a bowl of Dirty Sanchez Seven-Layer Dip and a tray of Dutch Oven Biscuits isn't out of place. So ditch the popped-collar polos and wayfarers and move on from the played-out '80s theme. It's time to try something new. And as entertaining as it is instructive, this book is destined to become your gospel whenever you're looking for a good time. The party's on.

Diary of a Former Covidiot: Tales of panic buying, surviving and finding humour during the Coronavirus Pandemic Christina The, 2020-08-15 The Coronavirus or to use its hipper name, the Covid 19 pandemic has affected everyone across the globe, regardless of race, age, sex or religion. With an astute sense of observation, Christina Thé has been inspired by how people behave in times such as this. "Locked-up" at home for 56 days, she

has written these pieces to cheer up her friends and business associates; and to counter all the gloom and doom that is in the news. Though the incidents are all based on real incidents that have happened, the characters have been slightly exaggerated, as this is after all, a book of humour. We can empathise and relate to her stories as it is how we all behave, or we know someone just like that, even if we refuse to publicly admit to such irrational actions. It is an entertaining work written with wit and humour.

Misogyny Online Emma A. Jane, 2016-10-19 A powerful and witty exploration of gendered cyberhate, this book combines scholarly literature, online evidence and personal experiences to expose the reality of the harassment faced by women online today

The Seven Deadly Virtues Jonathan V. Last, 2014-10-14 An all-star team of eighteen conservative writers offers a hilarious, insightful, sanctimony-free remix of William Bennett's *The Book of Virtues*—without parental controls. *The Seven Deadly Virtues* sits down next to readers at the bar, buys them a drink, and an hour or three later, ushers them into the revival tent without them even realizing it. The book's contributors include Sonny Bunch, Christopher Buckley, David "Iowahawk" Burge, Christopher Caldwell, Andrew Ferguson, Jonah Goldberg, Michael Graham, Mollie Hemingway, Rita Koganzon, Matt Labash, James Lileks, Rob Long, Larry Miller, P. J. O'Rourke, Joe Queenan, Christine Rosen, and Andrew Stiles. Jonathan V. Last, senior writer at the *Weekly Standard*, editor of the collection, is also a contributor. All eighteen essays in this book are appearing for the first time anywhere. In the book's opening essay, P. J. O'Rourke observes: "Virtue has by no means disappeared. It's as much in public view as ever. But it's been strung up by the heels. Virtue is upside down. Virtue is uncomfortable. Virtue looks ridiculous. All the

change and the house keys are falling out of Virtue's pants pockets." Here are the virtues everyone (including the book's contributors) was taught in Sunday school but have totally forgotten about until this very moment. In this sanctimony-free zone: • Joe Queenan observes: "In essence, thrift is a virtue that resembles being very good at Mahjong. You've heard about people who can do it, but you've never actually met any of them." • P. J. O'Rourke notes: "Fortitude is quaint. We praise the greatest generation for having it, but they had aluminum siding, church on Sunday, and jobs that required them to wear neckties or nylons (but never at the same time). We don't want those either." • Christine Rosen writes: "A fellowship grounded in sociality means enjoying the company of those with whom you actually share physical space rather than those with whom you regularly and enthusiastically exchange cat videos." • Rob Long offers his version of modern day justice: if you sleep late on the weekend, you are forced to wait thirty minutes in line at Costco. • Jonah Goldberg offers: "There was a time when this desire-to-do-good-in-all-things was considered the only kind of integrity: 'Angels are better than mortals. They're always certain about what is right because, by definition, they're doing God's will.' Gabriel knew when it was okay to remove a mattress tag and Sandalphon always tipped the correct amount." • Sonny Bunch dissects forbearance, observing that the fictional Two Minutes Hate of George Orwell's 1984 is now actually a reality directed at living, breathing people. Thanks, in part, to the Internet, "Its targets are designated by a spontaneously created mob—one that, due to its hive-mind nature—is virtually impossible to call off." By the time readers have completed *The Seven Deadly Virtues*, they won't even realize that they've just been catechized into an entirely different—and better—moral

universe.

Stripping, Sex, and Popular Culture Catherine M. Roach, 2011-01-01 Moving from first hand interviews with dancers and others, this book broadens into an accessible examination of the popularity of striptease culture, with sex-saturated media imagery, and stripper aerobics at your local gym. It aims to scrutinize the truth of a industry whose norms are increasingly at the center of contemporary society.

Buffalo Unbound Laura Pedersen, 2010-07-01 Writing about the economic collapse and social unrest of her 1970s childhood in Buffalo, New York, Laura Pedersen was struck by how things were finally improving in her beloved hometown. As 2008 began, Buffalo was poised to become the thriving metropolis it had been a hundred years earlier—only instead of grain and steel, the booming industries now included healthcare and banking, education and technology. Folks who'd moved away due to lack of opportunity in the 1980s talked excitedly about returning home. They missed the small-town friendliness and it wasn't nostalgia for a past that no longer existed—Buffalo has long held the well-deserved nickname the City of Good Neighbors. The diaspora has ended. Preservationists are winning out over demolition crews. The lights are back on in a city that's usually associated with blizzards and blight rather than its treasure trove of art, architecture, and culture.

How to Be a Porn Star Kelli Roberts, 2015-09-17 Use the author's 20 years of experience in the adult industry to find out everything you ever needed to know about how to actually become a porn star (both males and females). This book covers how to pick a name, how to get an agent and even important information on how to build your brand once you get into the industry.

Hate Crimes in Cyberspace Danielle Keats Citron, 2014-09-22 Some see the Internet as a Wild West where those who venture online must be thick-skinned enough to endure verbal attacks in the name of free speech protection. Danielle Keats Citron rejects this view. Cyber-harassment is a matter of civil rights law, and legal precedents as well as social norms of decency and civility must be leveraged to stop it.

Surfing Uncertainty Andy Clark, 2016 This title brings together work on embodiment, action, and the predictive mind. At the core is the vision of human minds as prediction machines - devices that constantly try to stay one step ahead of the breaking waves of sensory stimulation, by actively predicting the incoming flow. In every situation we encounter, that complex prediction machinery is already buzzing, proactively trying to anticipate the sensory barrage. The book shows in detail how this strange but potent strategy of self-anticipation ushers perception, understanding, and imagination simultaneously onto the cognitive stage.

Red Plenty Francis Spufford, 2012-02-14 Spufford cunningly maps out a literary genre of his own . . . Freewheeling and fabulous. —The Times (London) Strange as it may seem, the gray, oppressive USSR was founded on a fairy tale. It was built on the twentieth-century magic called the planned economy, which was going to gush forth an abundance of good things that the lands of capitalism could never match. And just for a little while, in the heady years of the late 1950s, the magic seemed to be working. *Red Plenty* is about that moment in history, and how it came, and how it went away; about the brief era when, under the rash leadership of Khrushchev, the Soviet Union looked forward to a future of rich communists and envious capitalists, when Moscow would out-glitter Manhattan and

every Lada would be better engineered than a Porsche. It's about the scientists who did their genuinely brilliant best to make the dream come true, to give the tyranny its happy ending. Red Plenty is history, it's fiction, it's as ambitious as Sputnik, as uncompromising as an Aeroflot flight attendant, and as different from what you were expecting as a glass of Soviet champagne.

Shadow of Wolves J R White, 2020-09-15 White conveys the authenticity of Louis L'Amour, the descriptive flourish of Stephen King, and the detailed world-building of Douglas Preston & Lincoln Child. A tortured gunfighter. A Navajo outcast. - And the Creature whose claws would stain the stones of the Mojave red. Flush with raw silver and ruled by a baron with an iron fist, the tiny mining outpost of Shank's Point is under siege by a sinister evil. When the rising sun reveals the claw-torn bodies littered among the rocks, John Swift-Runner calls on his old friend, a vagabond gunfighter, to stand with him against the slaughter he knows will come. But as their band of misfits hunts for the creature on the burning sands of the Mojave, they stumble into a generations old mystery that goes beyond shamanic curses and into the bloodstained pages of legend. Can the killing be stopped? And can a tortured gunman like Kit Barker - with a terrible secret of his own - prevail against something as savage and eternal as the Beast?

Obscene Profits Frederick S. Lane, 2001-07-23 Sex sells. Already a ten-billion dollar business-and growing-most sex businesses require relatively low start-up costs and minimal equipment. No wonder retired porn stars, homemakers, college students, and entrepreneurs of every stripe are eager to jump on the smut band wagon. Following the

money trail, or in this case, the telecom routes, the author reveals how some big phone companies are cashing in too. *Obscene Profits* offers a startling and entertaining new look at this very old business, and shows why pornography, in all of its variations--videos, magazines, phone-sex, spy cameras, etc.-- is one of the most profitable and popular new careers to come out of the electronic age.

Battleground Iraq Todd S. Brown, 2007-06-29 This gripping journal of a company commander from 2003 to early 2004 in some of the most dangerous areas of post-Hussein Iraq discusses tactics, techniques, and procedures as they evolved in the struggle to maintain order and rebuild the country. The journal tells of the dichotomy of combat operations versus nation building. It vividly captures the stresses of combat and corresponding emotions as they accumulate over time in a combat outfit. It reinforces the ideal of camaraderie among soldiers and deals with the emotional impact of losing friends in battle. Understanding these could prove invaluable to those who courageously serve our nation and will continue to endure them in this and future conflicts.

In Other Lands Sarah Rees Brennan, 2017-07-17 Georgia Peach Award Nominee • Florida Teens Read Award Nominee • ABC Best Books for Young Readers • Bank Street College Best Children's Books of the Year • A Junior Library Guild Selection • Hugo & Locus award finalist *In Other Lands* is an exhilarating novel from bestselling author Sarah Rees Brennan about surviving four years in the most unusual of schools - friendship, falling in love, diplomacy, and finding your own place in the world — even if it means giving up your phone. Excerpt: The Borderlands aren't like anywhere else. Don't try to smuggle a phone or any other piece of technology over the wall that marks the Border —

unless you enjoy a fireworks display in your backpack. (Ballpoint pens are okay.) There are elves, harpies, and — best of all as far as Elliot is concerned — mermaids. What's your name? Serene. Serena? Elliot asked. Serene, said Serene. My full name is Serene-Heart-in-the-Chaos-of-Battle. Elliot's mouth fell open. That is badass. Elliot? Who's Elliot? Elliot is thirteen years old. He's smart and just a tiny bit obnoxious. Sometimes more than a tiny bit. When his class goes on a field trip and he can see a wall that no one else can see, he is given the chance to go to school in the Borderlands. It turns out that on the other side of the wall, classes involve a lot more weaponry and fitness training and fewer mermaids than he expected. On the other hand, there's Serene-Heart-in-the-Chaos-of-Battle, an elven warrior who is more beautiful than anyone Elliot has ever seen, and then there's her human friend Luke: sunny, blond, and annoyingly likeable. There are lots of interesting books. There's even the chance Elliot might be able to change the world. Chapter illustrations by Casey Nowak.
