Educating Young People About Pornography Vanessa

Rogers, 2022-06-21 At a time when pornography is more accessible than ever and many young people are inadvisably turning to pornography to learn about sex and relationships, this book explores what pornography is, the politics behind pornography, how it can affect both sexual and non-sexual relationships and the effects of pornography on mental health. The book also covers the important wider topics of the making and sharing of inappropriate images and over exposure to porn contributing to what is becoming known as 'rape culture'. It includes full lesson plans, activities, photocopiable materials and clear information on how to implement the programme, including outlines for staff CPD sessions and parent workshops. This book will be vital for PSHE teachers, senior leadership teams, pastoral care teams, school counsellors, youth workers, school nurses, and anyone who might be involved in sex education provision for young people.

The New Politics of Leisure and Pleasure P.

Bramham, S. Wagg, 2010-11-29 This book is about the new politics of leisure and pleasure - the values, practices, struggles and contradictions that now characterize the social worlds of rambling, drinking, tourism, sex, watching TV, gambling, using the internet, reading, comedy, sport, popular music and censorship.

Internet Child Pornography and the Law Yaman

Akdeniz, 2016-05-23 This book provides a critical assessment of the problem of internet child pornography and its governance through legal and

non-legal means, including a comparative assessment of laws in England and Wales, the United States of America and Canada in recognition that governments have a compelling interest to protect children from sexual abuse and exploitation. The internet raises novel and complex challenges to existing regulatory regimes. Efforts towards legal harmonization at the European Union, Council of Europe, and United Nations level are examined in this context and the utility of additional and alternative methods of regulation explored. This book argues that effective implementation, enforcement and harmonization of laws could substantially help to reduce the availability and dissemination of child pornography on the internet. At the same time, panic-led policies must be avoided if the wider problems of child sexual abuse and commercial sexual exploitation are to be meaningfully addressed.

The Palgrave Handbook of the History of Human Sciences David McCallum, 2022-08-27 The Palgrave Handbook of the History of Human Sciences offers a uniquely comprehensive and global overview of the evolution of ideas, concepts and policies within the human sciences. Drawn from histories of the social and psychological sciences, anthropology, the history and philosophy of science, and the history of ideas, this collection analyses the health and welfare of populations, evidence of the changing nature of our local communities, cities, societies or global movements, and studies the way our humanness or 'human nature' undergoes shifts because of broader technological shifts or

patterns of living. This Handbook serves as an authoritative reference to a vast source of representative scholarly work in interdisciplinary fields, a means of understanding patterns of social change and the conduct of institutions, as well as the histories of these 'ways of knowing' probe the contexts, circumstances and conditions which underpin continuity and change in the way we count, analyse and understand ourselves in our different social worlds. It reflects a critical scholarly interest in both traditional and emerging concerns on the relations between the biological and social sciences, and between these and changes and continuities in societies and conducts, as 21st century research moves into new intellectual and geographic territories, more diverse fields and global problematics. □

Jezebel, We Know Where You Are Phyllis Fox Plum, 2020-10-23 Where is peace and joy in this hour in time? What is safe to seek and find? Why is every worthy thought, word, and deed so difficult to sustain? What is absolute? Why is the media, the Church, the arts and entertainment, business, religions, the family, education, and the government so chaotic? Who is in charge? Jezebel is. Why? Because God's people are silent. The original Jezebel lived in the ninth century B.C. as queen and wife of the dissenting King Ahab. Her pagan ways linger into every generation, hovering over everything father and mother, pastor, educator, and government. Few are spared her intrusions, especially the highly educated who lean on their own knowledge, those in positions of authority and power, and those practicing

spiritism. Jezebel threatens every body, mind, and spirit, even the best of Christians, placing residency in Heaven at stake. It is time to come against what comes against God's very good people. She intimidates in order to manipulate, in order to dominate. Identify her powers and principalities, her philosophies and practices within secular humanism, Eastern mysticism, and the occult. Warriors against Jezebel are taught, led, comforted, guided, and protected by the Holy Spirit of God, who provides the strategies and powerful weapons to use in this spiritual battle. Be assured, those aware of the differences between Jezebel's ways and God's order win the war. The Satan-Jezebel-spirit uses terrorism to cause fear and submission. It is Satan at work with his original intent to be like God-in charge. Fight! Stop this evil! Where to start? Start with the heart, where God's Truth is written. The joy of the Lord is your strength. The war is worthy. In faith, hope and love, proceed to the frontlines to fight for and uphold the Absolute Truth. Jezebel, we know where you are. Learn what pleases the Lord. Have nothing to do with the worthless ways of dissenters. See to it that no one takes you captive through philosophy and empty deception, according to the tradition of men, according to the elementary principles of the world, rather than according to Christ (Colossians 2:8)

7 Lies That Will Ruin Your Life Joshua

Broome, 2024-03-05 A former porn star-turned-preacher reveals seven lies our culture tells us and guides us to the only thing that creates authentic happiness: a relationship with Jesus.

Joshua Broome knows this firsthand. He had a successful career in the adult film industry, making lots of money and achieving notoriety and all the markers of success. And yet he felt empty inside. After hitting rock bottom, he cried out to Jesus ... and it was only then that he was fully redeemed. In *7 Lies That Will Ruin Your Life*, Joshua examines seven things we are told will make us happy and shows how each of them points us back to our need for God. Using his own journey as a point of reference, *7 Lies That Will Ruin Your Life* pairs his personal experiences with Biblical truths, demonstrating both how we can be deceived and the healing truth that comes when we realize that Jesus really is enough.

Beyond Health, Beyond Choice Paige Hall Smith, Bernice Hausman, Miriam Labbok, 2012-08-15

Current public health promotion of breastfeeding relies heavily on health messaging and individual behavior change. Women are told that “breast is best” but too little serious attention is given to addressing the many social, economic, and political factors that combine to limit women’s real choice to breastfeed beyond a few days or weeks. The result: women’s, infants’, and public health interests are undermined. *Beyond Health, Beyond Choice* examines how feminist perspectives can inform public health support for breastfeeding. Written by authors from diverse disciplines, perspectives, and countries, this collection of essays is arranged thematically and considers breastfeeding in relation to public health and health care; work and family; embodiment (specifically breastfeeding in public); economic and ethnic factors; guilt; violence; and commercialization. By examining women’s experiences and bringing feminist insights to bear on a public issue, the editors attempt to reframe the discussion to better inform public health approaches and political action. Doing so can help us recognize the value of breastfeeding for the public’s health and the important productive and reproductive contributions women make to the world.

We Need to Talk about Pornography Vanessa Rogers, 2016-09-21 Exploring topics ranging from sexting, revenge porn and the law to relationship boundaries and sexual stereotypes, this practical teaching resource facilitates discussion on the difficult issues surrounding pornography with young people aged 11-19. It includes full lesson plans, activities, photocopiable materials and clear information on how to implement the programme, including outlines for staff CPD sessions and parent workshops. A comprehensive resource to use as part of PSHE or SRE sessions in schools or youth services, this book will be vital for PSHE teachers, senior leadership teams, pastoral care teams, school counsellors, youth workers, school nurses, and anyone who might be involved in sex education provision for young people.

Raw Talent Robert H. Rimmer, 2010-08-05 The first publication of Raw Talent created an extraordinary flurry of publicity. Jerry Butler appeared on dozens of talk shows, capturing audiences with his

intensity and charm. Reviews of the book lauded Butler's honesty and remarked on the double standard that permits explicit violence on film - but not explicit sex. The book sold out four printings; nonetheless, reactions within the adult film industry included heated debate and an unofficial blacklisting of Butler. The former star of X-rated films and winner of many awards, Jerry Butler wrote the book that many warned would finish him in the business that had rewarded him with money and fame. But it is characteristic of Butler that these warnings didn't prevent him from producing this devastatingly honest appraisal of the adult film trade - and of himself. For while Butler is frankly critical of an industry that treats actors and actresses like throw-away props, and allows unprotected sex in the age of AIDS, he reserves his most candid commentary for himself. *Raw Talent* tells the story of Butler's erotic voyage from average child to sex star. The epilogue added to this new edition answers the question: Where will Jerry go from here?

Instead, the contributors select a poem, movie, song, speech, or other cultural document, analyze it for implied or explicit ethical lessons, and then apply the lessons to a specific case that involved controversial media conduct.
