Death Drive Stephen Bayley, 2018-09 Cars have a talismanic quality. No other manufactured object has the same disturbing allure. More emotions are involved in cars than any other product: vanity, cupidity, greed, social competitiveness, cultural modelling. But when all this perverse promise ends in catastrophe, these same talismanic qualities acquire an extra dimension. The car crash is a defining phenomenon of popular culture. Death Drive is both an appreciative essay about the historic place of the automobile in the modern imagination and an exploration of the circumstances surrounding multiple celebrity denouements, including Isadora Duncan, Jane Mansfield, James Dean, Jackson Pollack, Princess Grace, and Helmut Newton, among many others. En route the narrative traces one very big arc - the role of the car in extending or creating the personality of a celebrity - and concludes by confronting the imminent death of the car itself. AUTHOR: Stephen Bayley recounts delightfully grotesque tales about celebrities done in by trees, by lampposts, or by nonentities in ancient Chevys. A design masterpiece, this book combines exquisite prose with stylish presentation - the cars are described more lovingly than the people who perished in them. Like a Bugatti, Death Drive recalls a time when books and cars were beautiful. SELLING POINTS: * Albert Camus once remarked that there's nothing more absurd than to die in a car accident. That was before his car hit a tree at 80mph. Death Drive - a compendium of stories about famous people killed stupidly in cars - oozes absurdity * A Times Book of the Year, 2016 * Big names like James Dean, Jackson Pollack, and Princess Grace are among the victims 72 colour photographs

Small Wonder; the Amazing Story of the Volkswagen Walter Henry Nelson, 1967 Managing Director Heinz Nordhoff says the Beetle is practically faultless today, as free of faults as any mass-produced, mechanical product can be. The car, he believes, comes closer than any other make in the world to being the ideal utility car: cheap to purchase, maintain, and run, and with the highest possible resale value. - p. 292.

The 'Made in Germany' Champion Brands Ugesh A. Joseph,2016-03-09 Germany's economic miracle is a widely-known phenomenon, and the world-leading, innovative products and services associated with German companies are something that others seek to imitate. In The 'Made in Germany' Champion Brands, Ugesh A. Joseph provides an extensively researched, insightful look at over 200 of Germany's best brands to see what they stand for, what has made them what they are today, and what might be transferable. The way Germany is branded as a nation carries across into the branding of its companies and services, particularly the global superstar brands - truly world-class in size, performance and reputation. Just as important are the medium-sized and small enterprises, known as the 'Mittelstand'. These innovative and successful enterprises from a wide range of industries and product / service categories are amongst the World market leaders in their own niche and play a huge part in making Germany what it is today. The book also focuses on German industrial entrepreneurship and a selection of innovative and emergent stars. All these companies are supported and encouraged by a sophisticated infrastructure of facilitators, influencers and enhancers - the research, industry, trade and standards organizations, the fairs and exhibitions and all the social and cultural factors that influence, enhance and add positive value to the country's image. Professionals or academics interested in business; entrepreneurship; branding and marketing; product or service development; international trade and business development policy, will find fascinating insights in this book; while those with an interest in Germany from emerging industrial economies will learn something of the secrets of German success.

It takes into account the political, social, economic and cultural ramifications, and sets it within the context of the times, while pointing out those areas that still defy our understanding. This lively account addresses major issues such as the reasons for Hitler's extraordinary popularity, his hold over the German people even when all seemed lost, the role of ideology, the cooption of the elites, and the descent into war for race and space, culminating in the horrors of the holocaust.

National Geographic Traveler - Germany Michael Ivory, Jeremy Gray, 2015-02-03 This newly revised and updated guide tells you everything you need to know about visiting Germany. Covering the entire country region by region, the guide begins in the youthful capital of Berlin and proceeds to Mecklenburg, Hamburg, Niedersachsen, Rheinland-Pfalz, Hessen, Thuringe, Sachsen, northern Bavaria, Munich and the Alps, and finally Baden-Wurtemberg. Interesting narratives describe the best sites to visit (as well as lesser-known ones), complete with detailed background descriptions and how best to tour each one. Among the special features are self-guided walking and driving tours: Stroll along the streets of ever changing Berlin, for instance, or through a breathtaking corner of the Black Forest. National Geographic and local experts provide insider tips on favorite or little known sites and events, and dozens of sidebars highlight experiences that show you how to truly get the most from your trip, including attending the medieval festivals celebrated at many castles in the Rhine Valley; touring underground Berlin; surfing and windsurfing off the northern Baltic coast; and learning how to brew beer in Bavaria. A chapter full of practical information rounds out the guide, including how to get to Germany and an extensive listing of author-picked hotels and restaurants in all price ranges. The National Geographic Traveler series is aimed at active travelers who want authentic, enriching, cultural experiences and look to a guidebook for expert advice and insider tips from a trustworthy source. We offer ways for people to experience a place rather than just visit, and give the feel of each destination not easily found online.
