Red Moon Benjamin Percy,2013-05-09 *Benjamin Percy's brand new speculative thriller, *The Ninth Metal*, is available to pre-order now* Every teenage girl thinks she's different. When government agents kick down Claire Forrester's front door and murder her parents, Claire realises just how different she is. Patrick Gamble was nothing special until the day he got on a plane and, hours later, stepped off it, the only passenger left alive. A hero. President Chase Williams has vowed to eradicate the menace. Unknown to the electorate, however, he is becoming the very thing he has sworn to destroy. Each of them is caught up in a war that so far has been controlled with laws and violence and drugs. But an uprising is about to leave them damaged, lost, and tied to one another for ever. The night of the red moon is coming, when an unrecognizable world will emerge, and the battle for humanity will begin.

The Other Side of Paradise Julia Cooke,2014-04-01 Change looms in Havana, Cuba's capital, a city electric with uncertainty yet cloaked in cliché, 90 miles from U.S. shores and off-limits to most Americans. Journalist Julia Cooke, who lived there at intervals over a period of five years, discovered a dynamic scene: baby-faced anarchists with Mohawks gelled with laundry soap, whiskey-drinking children of the elite, Santería trainees, pregnant prostitutes, university graduates planning to leave for the first country that will give them a visa. This last generation of Cubans raised under Fidel Castro animate life in a waning era of political stagnation as the rest of the world beckons: waiting out storms at rummy hurricane parties and attending raucous drag cabarets, planning ascendant music careers and black-market business ventures, trying to reconcile the undefined future with the urgent today. Eye-opening and politically prescient, *The Other Side of Paradise* offers a deep new understanding of a place that has so confounded and intrigued us.
