The Art of the Portrait Rosanne Olson,2016-06-28

Rosanne Olson is a master at capturing exquisite portraits that speak to viewers intimately. She is highly skilled at connecting with her clients, devising a portrait concept that suits the personality of the person in front of the lens, and optimally using posing, composition, and lighting and exposure techniques to achieve an evocative, polished, and memorable portrait. In this book, Olson shares her interpersonal and technical working habits. She presents portraits of a wide range of subjects -- from kids to teens/seniors, to adult couples and groups -- and even pets. For each portrait presented, she discusses the decisions she made from the moment the subject stepped in front of the camera to the end of the session. You'll get great insight into Olson's well-oiled approach for photographing private portraits and commercial work. With the targeted skills outlined in this book, readers will approach each session with a new level of inspiration and competence.

Street Portraits Michael Itkoff, Bill Kouwenhoven, Aaron Schuman, 2008 Michael Itkoff has traveled the world since 2002 taking portraits of everyday people in the street. In his photographs a makeshift backdrop is held behind each of his subjects in London, Sydney, Hanoi, Bangkok, and New York. This technique, normally reserved for celebrity and commercial portraiture, creates a striking aesthetic isolating the subjects from their urban contexts and allowing them to exist in a shared visual space as part of the same extended family.--Publisher.
