Washington, D.C. in Vintage Postcards Gayle Floyd,2005 Created as a Federal City over two centuries ago, Washington, D.C., was designed by architect Pierre L'Enfant on land purchased by the government from Maryland and Virginia. L'Enfant's vision of wide, tree-lined avenues, mixed with modifications by the McMillan Commission in the early 1900s and exemplified by many other architects and sculptors, has evolved into a unique, fast-paced, and politically focused Capital City of the United States of America.

Stockton in Vintage Postcards Alice van Ommeren,2004-06-09 Today's Stockton is a modern California city, home to a quarter of a million people. But few remember the details of its illustrious past. Influenced by strategic waterways and rich soil, Stockton attracted a succession of miners, farmers, shipbuilders, and industrial entrepreneurs. Throughout the years Stockton has evolved from a rough-and-tumble harbor town to an agricultural, business, and transportation center and has done so with a great amount of style and finesse. This collection of vintage postcards showcases Stockton's early days from 1900 to 1950, capturing the elegance and industry of a young city on the journey to the modern era. This book contains over 200 images of Stockton including the waterfront, paddlewheel steamers, beautiful hotels, graceful estates, sprawling farm vistas, and the ornate buildings of downtown.

Santa Rosa, California in Vintage Postcards Bob Voliva,Kay Voliva,1999-10-12 From the first Rose Carnival in 1864, to the Great Earthquake in 1906, and the building of Highway 101, this book documents the history of Santa Rosa, illuminated in over 200 vintage postcards. Included are postcards of Luther Burbank, horticulturalist and local hero, as well as many views of Fourth Street as it changed and grew with the town.

Postcards in the Library Norman D Stevens,2014-01-09 Postcards, individually and collectively, contain a great deal of information that can be of real value to students and researchers. Postcards in the Library gives compelling reasons why libraries should take a far more active and serious interest in establishing and maintaining postcard collections and in encouraging the use of these collections. It explains the nature and accessibility of existing postcard collections; techniques for acquiring, arranging, preserving, and handling collections; and ways to make researchers and patrons aware of these collections. Postcards in the Library asserts that, in most cases, existing postcard collections are a vastly underutilized scholarly resource. Editor Norman D. Stevens urges librarians to help change this since postcards, as items for mass consumption and often with no apparent conscious literary or social purpose, are a true reflection of the society in which they were produced. Stevens claims that messages written on postcards may also reveal a great deal about individual and/or societal attitudes and ideas. Chapters in Postcards in the Library are written by librarians who manage postcard collections, postcard collectors, and researchers. Some of the authors have undertaken major research projects that demonstrate the ways in which postcards can be used in research, and that have begun to establish a standard methodology for the analysis of postcards. They write about: major postcard collections, including the Institute of Deltiology and the Curt Teich Postcard Archives the use of postcards for scholarly research postcard conservation and preservation, arrangement and organization, and importance and value Postcards in the Library describes the postcard collections in a variety of libraries of different kinds and sizes and indicates very real ways in which the effective use of postcard collections can result in and contribute to substantive, scholarly publications. It also offers advice and suggestions on the myriad issues that libraries face in handling these ephemeral fragments of popular culture. Special collections librarians, postcard collectors, postcard dealers, and historical societies will find the information in Postcards in the Library refreshing and practical. Libraries with established postcard collections or those thinking about developing postcard collections will use it as a valuable planning tool and start-to-finish guide.

Minnesota in the Mail Bonnie Wilson,2004 Wilson highlights both the images and the curious stories behind them. Using 185 postcards selected from the extensive collection of the Minnesota Historical Society, she helps readers understand the needs and wants of postcard makers and senders, at the same time sharing historical details that go beyond the captions and messages. The postcards are grouped in four categories: towns, businesses, families, and vacations.

Bloomington-Normal in Vintage Postcards Elaine J. Taylor,2002 Bloomington and Normal have grown from small, pioneer settlements into the Twin Cities of central Illinois, linked by their proximity and shared history. Surviving and rebuilding after a devastating fire in 1900, the area has continued to grow and prosper. It is home to many businesses, including State Farm, the nation's largest auto and homeowners insurance company. The vintage postcards in this collection feature the delights and difficulties of Bloomington-Normal at the turn-of-the-century. These images capture historic events such as the Street Car Strike of 1917 in which workers took their demands to the streets. The businesses that closed-up shop years ago are opened again through these historic postcards, many of which were originally produced by Bloomington-based postcard publisher C.U. Williams.

Yankton, South Dakota in Vintage Postcards Kathy K. Grow,Lois H. Varvel,2004 Imagine, spread before you, every postcard you ever sent or received. Not only do you see whatever is pictured, but also those who sent and received each card. Signatures, addresses, and even dates recall these friends and loved ones. And the messages themselves, both written and understood, recall the who, what, and where that were significant to us at another time. At so many levels, picture postcards connect us to who we were, and are. This book is a gathering of the postcards of an entire community. Every image within these pages carries a part of the fascinating story of our town-Yankton, South Dakota-and the people who have made her what she is.

Somerset County in Vintage Postcards Alan A. Siegel,1999-03-01 From the 1890s through the 1920s, the postcard was an extraordinarily popular means of communication, and many of the postcards produced during this golden age can today be considered works of art. Postcard photographers traveled the length and breadth of the nation snapping photographs of busy street scenes, documenting local landmarks, and assembling crowds of local children only too happy to pose for a picture. These images, printed as postcards and sold in general stores across the country, survive as telling reminders of an important era in America's history. This fascinating new history of New Jersey's Somerset County showcases more than two hundred of the best vintage postcards available.

Postcard photographers traveled the length and breadth of the nation snapping photographs of busy street scenes, documenting local landmarks, and assembling crowds of local children only too happy to pose for a picture. Postcards from Exeter Carol Walker Aten,2003 In 1904, Frank W. Swallow left behind his short-lived car dealership and began a successful cottage industry, printing his own hand-colored postcards. He was the First to Introduce the Souvenir Post Card to One-Half of New England, according to the imprint of his trademark swallow. Many of Swallow's photographs are contained within this book, which tells a special history of Exeter, New Hampshire, between 1900 and 1940-a time when the horse and carriage era shifted to the automobile, hemlines rose a few inches, and electricity came to town. Learn about a mysteriously lost statue, hidden waterways, great buildings that burned, forgotten parades, and the famous Swallow Girls. Most images, never before seen, are from the Exeter Historical Society's collection, and proceeds from the sales of this publication support the society in honor of its seventy-fifth anniversary.

Westport and Weston William L. Scheffler,1998-10 From the 1890s through the 1920s, the postcard was an extraordinarily popular means of communication, and many of the postcards produced during this golden age can today be considered works of art. Westport, Connecticut, a tourist mecca with an artistic reputation, has been captured on numerous postcards featuring scenes of the New England town's shore, its restaurants and inns, and its stately homes and gardens. The neighboring town of Weston, where the beauty of the surroundings is paramount, featured captivating nature scenes. These images, printed as postcards and sold in general stores across the country, survive as telling reminders of an important era in America's history. This fascinating new history of Westport and Weston, Connecticut, showcases more than two hundred of the best vintage postcards dating from the late 1800s to the 1950s.

Roanoke in Vintage Postcards Nelson Harris,2002 Officially chartered in 1882, Roanoke is nestled among the Blue Ridge Mountains and is often referred to as the Star City of the South. The history of this remarkable community is captured here through the images of the picture postcard. With the construction of each new bank, school, bridge, and church, the postcard became a convenient way to promote and celebrate the achievement; now, these images preserve a collective record of Roanoke's heritage. See how the area looked in the early 1900s, with its dirt streets, trolley tracks, horse-drawn wagons, and Model Ts. Postcards of succeeding decades frame the growth of Roanoke from a railroad town to the center of commerce and industry in Southwestern Virginia.

Postcard America Jeffrey L. Meikle,2016-01-20 This illustrated history of the colorized linen postcards of the 1930s and '40s is “an incredible tour . . . A veritable treasure trove of American culture” (Crave Online). From

the Great Depression through the early postwar years, any postcard sent in America was more than likely a “linen” card. Colorized in vivid, often exaggerated hues and printed on card stock embossed with a linen-like texture, linen postcards celebrated the American scene with views of majestic landscapes, modern cityscapes, roadside attractions, and other notable features. These colorful images portrayed the United States as shimmering with promise, quite unlike the black-and-white worlds of documentary photography or Life magazine. Linen postcards were enormously popular, with close to a billion printed and sold. Postcard America offers the first comprehensive study of these cards and their cultural significance. Drawing on the production files of Curt Teich & Co. of Chicago, the originator of linen postcards, Jeffrey L. Meikle reveals how photographic views were transformed into colorized postcard images—often by means of manipulation—adding and deleting details or collaging bits and pieces from several photos. He presents two extensive portfolios of postcards—landscapes and cityscapes—that comprise a representative iconography of linen postcard views. For each image, Meikle explains the postcard’s subject, describes aspects of its production, and places it in social and cultural contexts. In the concluding chapter, he shifts from historical interpretation to a contemporary viewpoint, considering nostalgia as a motive for collectors and others who are fascinated today by these striking images.

Wish You Were Here: Arkansas Postcard Past 1900-1925 (p) , The 431 examples of picture postcards offer a fascinating glimpse into the lives of Arkansans during the early part of the twentieth century.

2008 Standard Catalog of Baseball Cards Dan Fluckinger,2007-10-04 Identifies and provides prices for thousands of baseball cards and collectibles.

Petaluma in Vintage Postcards Alice van Ommeren and KC Greaney,2020-11-09 Incorporated in 1858, Petaluma rapidly became a thriving commercial and major transportation center. This carefully curated selection of vintage postcards illustrates Petaluma’s identity and pride as it grew from a strategic port location provisioning San Francisco during the Gold Rush to an agricultural and manufacturing town in the late 1800s. After the turn of the 20th century, Petaluma focused on the poultry industry and proclaimed itself The World's Egg Basket. The cast-iron storefronts and iconic buildings, such as the Carnegie Library, post office, and silk mill, are some of the impressive landmarks constructed during the late 1800s and early 1900s. Images of a busy waterfront with a bustling downtown surrounded by Victorian homes, beautiful churches, and public parks demonstrate the town's development and prosperity.

West Central Georgia in Vintage Postcards Gary L. Doster,1998-10-26 From the 1890s through the 1920s, the postcard was an extraordinarily popular means of communication, and many of the postcards produced during this golden age can today be considered works of art. Postcard photographers traveled the length and breadth of the nation snapping photographs of busy street scenes, documenting local landmarks, and assembling crowds of local children only too happy to pose for a picture. These images, printed as postcards and sold in general stores across the country, survive as telling reminders of an important era in America's history. This fascinating new history of West Central Georgia showcases more than two hundred of the best vintage postcards available.

Bluefield in Vintage Postcards Mary Margaret Spracher Annett,2004 Nestled at the foot of East River Mountain in the southern tip of West Virginia, Bluefield calls itself Nature's Air-Conditioned City and is a place of great cultural, industrial, and natural wealth. The early to mid-1900s were a booming time for the city, thanks to coal mining and the Norfolk and Western Railway. For the many people who lived in or traveled through the region during that era, postcards provided a simple and convenient way to send both personal correspondence and business communications. Today, Bluefield continues to change and evolve but maintains a strong sense of history, with many of its buildings and homes listed on the National Register of Historic Places.
