Documents Relating to the Colonial, Revolutionary and Post-Revolutionary History of the State of New Jersey,1895

The Bristol Royal Mail: Post, Telegraph, and Telephone Robert Charles Tombs,2021-04-25 This incredible history of the Bristol Royal Mail presents interesting facts, figures, and incidents related to this subject. The writer talks about the initial development of mail services during the 16th century, the mail transport system in different eras, and more. A must-read for history students or those interested in the mail system of the earlier times.

Beyond Borders: Notes On The Colonial And Post-Colonial Dynamics In The Americas, Europe And Indonesia Baskara T. Wardaya SJ.,2017-05-31 WHAT did the Romans, Genghis Khan, Christopher Columbus and the CIA have in common? They were all border crossers. They were not content with their respective traditional borders and they went pass these borders. It appears that since the ancient times, for better or worse, there has been strong tendencies among different peoples and nations to go beyond their own borders, in the broadest sense of the word, in search of something different-- different territories, different peoples, different opportunities, different spheres of influence, etc. Not surprisingly, these historical border-crossing-agents were not alone. There were many others. To them we can add a list of other people who were also went beyond their borders in search of something new, something different: the American Indians, the Vikings, the Germans, the Arabs, the Chinese, and many more. This book tries to humbly offer notes on the dynamics related to such tendency, especially during the colonial and early post-colonial periods. It wants to show how during the two periods people began to globally move around and influence (often dominate) each other, directly and indirectly. It happened not only in one place but in many: not only in England but also in South America; not only in the Continental Europe, but also in Indonesia. As results, there were, birth of new ideas, international collaboration, cultural exchange, formation of trans-national institutions, but also deadly witch-hunting, regional rebellion, war, colonization, and imperialism.

The Morning Post, 1772-1937 Wilfrid Hindle,2023-07-28 First published in 1937, The Morning Post, 1772-1937, is a history of the conservative British newspaper, The Morning Post, from its inception in 1772 to its merger with the Daily Telegraph in 1937. Its uprightness and downrightness had helped to make it possibly the best-written newspaper in England. The story of the Morning Post's rise to eminence is a story not only of British journalism, but of British life and letters as well, with contributors such as Dr. Johnson, Samuel Taylor Coleridge, Charles Lamb and others. This book will be of interest to students of history, literature and sociology.

Power, Privilege and the Post Carol Felsenthal,2011-01-04 Katharine Graham's story has all the elements of the phoenix rising from the ashes, and in Carol Felsenthal's unauthorized biography, Power, Privilege, and the Post, Graham's personal tragedies and triumphs are revealed. The homely and insecure daughter of the Jewish millionaire and owner of The Washington Post, Eugene Myer, Kay married the handsome, brilliant and power hungry Phillip Graham in 1940. By 1948 Kay's father had turned control of The Washington Post over to Phil, who spent the next decade amassing a media empire that included radio and TV stations. But, as Felsenthal shows, he mostly focused on building the reputation of the Post and positioning himself as a Washington power-player. Plagued by manic depression, Phil's behavior became more erratic and outlandish, and his downward spiral ended in 1963 when he took his own life. Surprising the newspaper industry, Kay Graham took control of the paper, beginning one of the most unprecedented careers in media history. Felsenthal weaves her exhaustive research into a perceptive portrayal of the Graham family and an expert dissection of the internal politics at the Post, and a portrait of one of a unique, tragic, and ultimately triumphant figure of twentieth-century America.
