The Legend of Starcrash Dolores Cannon, 1994-01 Through regressive hypnosis a lost legend of the history of mankind has been retrieved from the recesses of time. Did the American Indians descend from the inhabitants of an alien

spacecraft that crashed in the Alaska-Canada region thousands of years ago? Starcrash indicates that aliens continued to come to Earth, some intentionally and by accident, throughout our history. In order to adjust to harsh conditions they were forced to interbreed with the local aborigines. This was the only way to insure the survival of their race. Does their blood still flow in the veins of certain American Indian tribes?

The Stuff of Legend: Book 1: The Dark Mike Raicht, Brian Smith, 2013-01-30
The year is 1944. As Allied forces fight the enemy on Europe's war-torn beaches, another battle begins in a child's bedroom in Brooklyn. When the nightmarish Boogeyman snatches a boy and takes him to the realm of the Dark, the child's playthings, led by the toy soldier known as the Colonel, band together to stage a daring rescue. On their perilous mission they will confront the boy's bitter and forgotten toys, as well as betrayal in their own ranks. Can they save the boy from the forces of evil, or will they all perish in the process? *The Stuff of Legend* is a haunting and ultimately redemptive tale of loyalty, camaraderie, and perseverance. This edition includes a brand-new story featuring the Colonel's war journal, maps, sketches, and other original material!

Topography of Politics in Rural China Xiaoyang Zhu,2015 Contemporary Chinese rural life is placed in sharp theoretical and practical focus in this book. State-of-the-art techniques and perspectives are combined to take the reader into Xiaocun, a small village on the east bank of the Dianchi Lake in Kunming City. In 2003, the author published the book Crime and Punishment: The Story of Xiaocun (1931–1997), which dealt with disputes, mediation and punishment in the village following the legal anthropology tradition. At that time, neither the villagers nor the author foresaw the vast changes that were to appear a few years later. Their main economic activity then was growing vegetables and flowers; urbanisation was tsunami-like in its speed and impact. Land requisition for urban development was so swift that five years later, in 2008, there was no farmland left. Instead, there were many landmark real estate and development projects. Xiaocun has become the centre of an enlarged Kunming City. Observers, including the Xiaocun residents, are unavoidably shocked at the changes to the physical landscape in the wake of its rapid urbanisation. This book, Topography of Politics in Rural China: The Story of Xiaocun, reports the author's revisits to the village starting in early 2007. In the past few years of research on this village, the author deeply felt that the problems that make people passionate are fully exposed

through issues surrounding land and housing. Well written in narrative, this book tells the story of Xiaocun in this new century from the perspective of topography, exploring the peasantry and its relations to the state in more fundamental terms.

Guardian of the Pot of Gold Barbara Louise McGuigan, 2023-05-24 There are many legends about rainbows, and pots filled with gold. This is the Fairyville legend. Every seven years, a new fairy is chosen, as guardian of the Pot of Gold, and Fairyville is alive with excitement as the day nears. Who will be chosen? How many are eligible? How many will try? Nad, the current guardian, will decide those questions. It's an important decision. The Pot of Gold must remain safe. What is the legend? What are the rules? Read on to find the answers to those questions. Follow along with our teenaged fairies as they grow in confidence, wisdom, and knowledge. Have fun with them as they learn more about the Fairyville legend and themselves.

Central Ohio Legends & Lore James A. Willis, 2017 The legendary tales of Central Ohio reach far beyond the region. Bigfoot-like creatures have been sighted in the state since the 1800s. Wright-Patterson Air Force Base was the headquarters for the military's investigations into UFO sightings in the mid-twentieth century. Some of Johnny Appleseed's earliest orchards were planted near present-day Steubenville, Mansfield and Lima, and a farm in Nova boasts the last tree planted by Appleseed. Join James A. Willis as he travels across

Central Ohio and delves into the Buckeye State's stories of murderous villains, courageous heroes and even a few ghosts and monsters.

Asian Honor: Overcoming the Culture of Silence Sam Louie,2012-04-24 Many Asians are drowning in shame and addictions with no way out. Is this any different from a traditional Westerner? Very much so. Shame and honor are embedded in the Asian way of thinking, behaving, and interacting. If you do not understand the cultural history of honor and shame and its underpinnings, then you will have a hard time understanding the mindset of Asians, let alone the stranglehold of shame that keeps many from breaking the code of silence.

Granite Pat Mestern,2008-09-02 Lish MacPherson believes she is running from something - a job working for a corrupt firm that bilks seniors out of their estates. But she doesn't realize that her arrival in the small town of Seven Springs may be a matter of destiny. Lish discovers that a new acquaintance - Noah - shares with her not only a common ancestry but also a common recurring dream about riding a stag to some unknown destination. Their dream is echoed

by a legend that haunts the town and is retold to all comers by Lish's new employer, Thalia Russo. With developers trying to take over land in Seven Springs, and Lish and Noah fighting to protect Thalia and her home, could it be more than a coincidence that the three were brought together at this critical time? Perhaps that is why all three can hear the distant yowling of a cat during the night.
