The Huge Power of Creative Selling Haochen Fan, Christina Wesley, Peterson Morgan, 2012-11-14 The Huge Power of Creative Selling You will have a workable plan of creative selling that will really get results and enable you to sell anything. by Haochen Fan, Christina Wesley, & Peterson Walt Morgan DIAMOND CLUB HOW THIS BOOK CAN HELP YOU AT THE BEGINNING of our thinking together on this most timely subject, *The Power of Creative Selling*, I only regret that it is impossible for me to be in your home or office, to discuss with you, face to face, what I have written. However, in preparing this book, I have taken you into my complete confidence. My purpose has been to visualize myself in your shoes. I realize that many books on selling are dull and uninteresting. In fact, you grow tired and weary trying to read them. I have therefore asked myself many times: Is what I am writing interesting? Is it instructive? Is it inspiring? Is it getting over the right idea? Every idea advanced in this book has one objective in view: your interest. Will it stimulate you? Will it instruct you? Will it inspire you? Will it increase your understanding? Will it contribute to your growth? Will it help you to be a bigger man and a better salesman? Creative selling is both a science and an art. The science teaches you what to do, and the art teaches you how to do it. Creative selling is the ability and art of increasing the satisfaction of the prospect by convincing him that the thing you want him to buy will best fulfill his needs and desires. In fact, it is creating a want that did not exist before. Creative selling is an individual accomplishment. It embraces you and the power within you to think and to create.
