Security and Risk Assessment for Facility and Event Managers Stacey Hall, James M. McGee, Walter E. Cooper, 2022-10-17 Part of managing a facility or event of any kind is providing a safe experience for the patrons. Managers at all levels must educate themselves and prepare their organizations to confront potential threats ranging from terrorism and mass shootings to natural disasters and cybercrime. *Security and Risk Assessment for Facility and Event Managers* With HKPropel Access provides security frameworks that apply to all types of facilities and events, and it will help current and future facility and event managers plan for and respond to threats. The purpose of this text is to provide foundational security management knowledge to help managers safeguard facilities and events, whether they are mega sport events or local community gatherings. Presenting an overview of security principles and government policies, the text introduces an all-hazard approach to considering the types and severity of threats that could occur as well as the potential consequences, likelihood, and frequency of occurrence. Readers will be walked through a risk assessment framework that will help them plan for threats, develop countermeasures and response strategies, and implement training programs to prepare staff in case of an unfortunate occurrence. *Security and Risk Assessment for Facility and Event Managers* addresses traditional threats as well as evolving modern-day threats such as cybercrime, use of drones, and CBRNE (chemical, biological, radiological, nuclear, and explosives) incidents. It also offers readers insightful information on the intricacies of managing security in a variety of spaces, including school and university multiuse facilities, stadiums and arenas, recreation and fitness facilities, hotels and casinos, religious institutions, and special events. Practical elements are incorporated into the text to help both students and professionals grasp real-world applications. Facility Spotlight sidebars feature examples of sport facilities that illustrate specific concepts. Case studies, application questions, and activities encourage readers to think critically about the content. Related online resources, available via HKPropel, include nearly 50 sample policies, plans, and checklists covering issues such as alcohol and fan conduct policies, risk management and evacuation plans, bomb threat checklists, and active shooter protocols. The forms are downloadable and may be customized to aid in planning for each facility and event. With proper planning and preparation, facility and event managers can prioritize the safety of their participants and spectators and mitigate potential threats. *Security and Risk Assessment for Facility and Event Managers* will be a critical component in establishing and implementing security protocols that help protect from terrorism, natural disasters, and other potential encounters. Higher education instructors! For maximum flexibility in meeting the needs of facility or event management courses, instructors may adopt individual chapters or sections of this book through the Human Kinetics custom ebook program. Note: A code for accessing HKPropel is not included with this ebook but may be purchased separately.

Management of Park and Recreation Agencies Merry Lynn Moiseichik, 2016
Management of Park and Recreation Agencies is sponsored by the Commission for

Accreditation of Park and Recreation Agencies (CAPRA) in order to share with professionals'now and in the future'the desirable practices of the profession embodied in the National Accreditation Standards for park and recreation agencies. These standards are used as the guideline for what should be included in the book. Each chapter addresses specific standards needed for accreditation. The purpose of the book is to help administrators of every area of parks and recreation, including those in for-profit, nonprofit, commercial, and public operations. The emphasis is on public park and recreation agencies because those are the agencies for which the standards were written. However, each standard can be used by any agency that provides park and recreation facilities, programs, or services. It is geared to managers and what they need to know, not to the program or maintenance supervisors.

City in a Garden Andrew M. Busch, 2017-05-16 The natural beauty of Austin, Texas, has always been central to the city's identity. From the beginning, city leaders, residents, planners, and employers consistently imagined Austin as a natural place, highlighting the region's environmental attributes as they marketed the city and planned for its growth. Yet, as Austin modernized and attracted an educated and skilled labor force, the demand to preserve its natural spaces was used to justify economic and racial segregation. This effort to create and maintain a city in a garden perpetuated uneven social and economic power relationships throughout the twentieth century. In telling Austin's story, Andrew M. Busch invites readers to consider the wider implications of environmentally friendly urban development. While Austin's mainstream environmental record is impressive, its minority groups continue to live on the economic, social, and geographic margins of the city. By demonstrating how the city's midcentury modernization and progressive movement sustained racial oppression, restriction, and uneven development in the decades that followed, Busch reveals the darker ramifications of Austin's green growth.

The Temple of Perfection Eric Chaline, 2015-04-15 These days there is only one right answer when someone asks you what you are doing after work. Hitting the gym! With an explosion of apps, clothing, devices, and countless DVDs, fitness has never felt more modern, and the gym is its holy laboratory, alive with machinery, sweat, and dance music. But we are far from the first to pursue bodily perfection—the gymnasium dates back 2,800 years, to the very beginnings of Western civilization. In *The Temple of Perfection*, Eric Chaline offers the first proper consideration of the gym's complex, layered history and the influence it has had on the development of Western individualism, society, education, and politics. As Chaline shows, how we take care of our bodies has long been based on a complex mix of spiritual beliefs, moral discipline, and aesthetic ideals that are all entangled with political, social, and sexual power. Today, training in a gym is seen primarily as part of the pursuit of individual fulfillment. As he shows, however, the gym has always had a secondary role in creating men and women who are "fit for purpose"—a notion that has meant a lot of different things throughout history. Chaline surveys the gym's many incarnations and the ways the individual, the nation-state, the media, and the corporate world have intersected in its steamy confines, sometimes with unintended consequences. He shows that the gym is far more than a factory for superficiality and self-obsession—it is one of the principle battlefields of humanity's social, sexual, and cultural wars. Exploring the gym's history from a multitude of perspectives, Chaline concludes by looking toward its future as it struggles to redefine itself in a world in thrall to quick fixes—such as plastic surgery and pharmaceuticals—meant to attain the gym's ultimate promises: physical fitness and beauty.
