Robert Altman's Soundtracks Gayle Sherwood Magee, 2014-10-01 American director Robert Altman (1925-2006) first came to national attention with the surprise blockbuster M*A*S*H (1970), and he directed more than thirty feature films in the subsequent decades. Critics and scholars have noted that music is central to Altman's films, and in addition to his feature films, Altman worked in theater, opera, and the emerging field of cable television. His treatment of sound is a hallmark of his films, alongside overlapping dialogue, improvisation, and large ensemble casts. Several of his best-known films integrate musical performances into the central plot, including Nashville (1975), Popeye (1980), Short Cuts (1993), Kansas City (1996), The Company (2003) and A Prairie Home Companion (2006), his final film. Even such non-musicals as McCabe and Mrs. Miller (1971) have been described as, in fellow director and protégé Paul Thomas Anderson's evocative phrase, as musicals without people singing. Robert Altman's Soundtracks considers Altman's celebrated, innovative uses of music and sound in several of his most acclaimed and lesser-known works. In so doing, these case studies serve as a window not only into Altman's considerable and varied output, but also the changing film industry over nearly four decades, from the heyday of the New Hollywood in the late 1960s through the Indiewood boom of the 1990s and its bust in the early 2000s. As its frame, the book considers the continuing attractions of auteurism inside and outside of scholarly discourse, by considering Altman's career in terms of the director's own self-promotion as a visionary and artist; the film industry's promotion of Altman the auteur; the emphasis on Altman's individual style, including his use of music, by the director, critics, scholars, and within the industry; and the processes, tensions, and boundaries of collaboration.

Southern Lady Code Helen Ellis, 2019-04-16 A collection of essays that are like being seated beside the most entertaining guest at a dinner party (Atlanta Journal Constitution), from the New York Times bestselling author of *American Housewives* "Thank you Helen Ellis for writing down the Southern Lady Code so that others may learn." —Ann Patchett, bestselling author of *The Dutch House* Helen Ellis has a mantra: "If you don't have something nice to say, say something not-so-nice in a nice way." Say "weathered" instead of "she looks like a cake left out in the rain" and "I'm not in charge" instead of "they're doing it wrong." In these twenty-three raucous essays, Ellis transforms herself into a dominatrix Donna Reed to save her marriage, inadvertently steals a Burberry trench coat, avoids a neck lift, and finds a black-tie gown that gives her the confidence of a drag queen. While she may have left Alabama for New York City, Helen Ellis is clinging to her Southern accent like mayonnaise to white bread, and offering readers a hilarious, completely singular view on womanhood for both sides of the Mason-Dixon.
