Learning to Use PowerPoint Angela Bessant, 2001 This text shows how to create, organize and design effective presentations using PowerPoint.

Presentation Zen Garr Reynolds, 2009-04-15 FOREWORD BY GUY KAWASAKI Presentation designer and internationally acclaimed communications expert Garr Reynolds, creator of the most popular Web site on presentation design and delivery on the Net — presentationzen.com — shares his experience in a provocative mix of illumination, inspiration, education, and guidance that will change the way you think about making presentations with PowerPoint or Keynote. Presentation Zen challenges the conventional wisdom of making slide presentations in today's world and encourages you to think differently and more creatively about the preparation, design, and delivery of your presentations. Garr shares lessons and perspectives that draw upon practical advice from the fields of communication and business. Combining solid principles of design with the tenets of Zen simplicity, this book will help you along the path to simpler, more effective presentations.

Building PowerPoint Templates Step by Step with the Experts Echo Swinford, Julie Terberg, 2012-09-28 Building PowerPoint Templates Supercharge your PowerPoint® presentations with custom templates and themes! Want to create presentations that are more consistent and cost-effective? Presentations that fully reflect your branding? Then don't settle for Microsoft's "out-of-the-box" templates and themes: create your own! In this easy, hands-on guide, two PowerPoint MVPs teach you every skill and technique you'll need to build the perfect template—from planning and design, through theme building, custom layouts, colors, and deployment. Echo Swinford and Julie Terberg have distilled their immense PowerPoint knowledge into simple, step-by-step techniques you can use right now, whether you're using PowerPoint 2010 or 2007 for Windows, or PowerPoint 2011 for Mac. Well-built templates are the backbone of great presentations—whether building them for your own use or designing for thousands of users, this book will guide you through the process of creating the most effective templates. Important Note: Upgrading from older versions of PowerPoint, such as PowerPoint 2003? Your old templates may no longer work. This book will help you make the transition painlessly! • Plan new templates and themes to maximize their business value for years to come • Understand the differences between templates and themes, and how they work together • Make better choices about color, fonts, and slide layouts • Create efficient templates for individual users, teams, and large organizations • Incorporate Notes and Handout Masters into your presentation templates • Provide example slides and default settings that lead to better presentations • Use Microsoft's little-known Theme Builder to create effects and background styles • Work around hidden quirks in PowerPoint's advanced template and theme features Echo Swinford, a Microsoft PowerPoint MVP since 2000, has been a featured speaker at the Presentation Summit (formerly PowerPoint Live) since its inception. She is the expert voice and instructor behind PowerPoint 2010 LiveLessons (Video Training), the author of Fixing PowerPoint Annoyances and co-author of The PowerPoint 2007 Complete Makeover Kit. Julie Terberg is a Microsoft PowerPoint MVP and featured speaker at the Presentation Summit. She is the owner of Terberg Design and has been designing presentations since the mid-1980s. She is co-author of Perfect Medical Presentations. As contributing author for Presentations Magazine, she won awards for her Creative Techniques columns.

Kathy Jacobs on PowerPoint Kathy Jacobs, 2004 Demonstrates how to design presentations to meet the needs of every audience. The peskiest PowerPoint problems are investigated - saving to removable media, how to back save, fast saves and other presentation

corruptors, the Autoformat feature, video drivers, hardware acceleration and missing slide content.

Beyond Bullet Points, 3rd Edition Cliff Atkinson, 2011-04-15 Unlock the amazing story buried in your presentation—and forget boring, bullet-point-riddled slides forever! Guided by communications expert Cliff Atkinson, you'll walk you through an innovative, three-step methodology for increasing the impact of your presentation. The Cognitive Style of PowerPoint Edward R. Tufte, 2003 Using specific examples, Tufte explains how PowerPoint's templates usually weaken verbal and spatial reasoning and almost always corrupt statistical analysis, and describes concrete ways to improve content of presentations.

Beyond Bullet Points Cliff Atkinson, 2018-03-15 Beyond Bullet Points, Fourth Edition “Throw away those room-emptying, left-brain slides—and use Atkinson’s book to turn your PowerPoint presentation into an epic.” –Daniel H. Pink, author of Drive and A Whole New Mind Think beyond bullet points—and amplify the impact of your message! Now in its fourth edition, this popular classic illuminates an innovative, step-by-step methodology designed to unlock the amazing visual story waiting to be released from your message. Communications expert Cliff Atkinson shows how to apply classic storytelling tenets and practical, research-based guidelines as you work with Microsoft PowerPoint—for memorable, meaningful, and persuasive visual stories. Change your approach—and transform your results! Find your story thread Create an emotional connection to increase your impact. Cut through the clutter Distill your message and get right to the point. Bring your story to life Storyboard your ideas, find your natural voice, and deliver a compelling presentation!

PowerPoint 365 for Beginners M.L. Humphrey, 2023-12-17 Work in the corporate or academic worlds long enough and at some point you'll likely be asked to give a presentation. And most of the time the program you'll be expected to use is Microsoft PowerPoint. This book is an introductory guide to how to use PowerPoint 365 as it existed in October 2023. Since it's a constantly evolving product it might have shifted a bit since then, but the basics generally stay the same, so when you finish reading this book you should have the ability to create, present, and print a basic PowerPoint presentation. If you want to get fancier then you can continue with or skip right to Intermediate PowerPoint 365, which covers more advanced topics like tables, SmartArt, and charts. So if you're ready to learn the basics of PowerPoint, what are you waiting for? Let's get started.

Fixing PowerPoint Annoyances Echo Swinford, 2006-02-17 Provides a variety of tips and tricks when using Microsoft PowerPoint, covering such topics as avoiding setup mistakes, adding multimedia effects, and printing and distribution.

Advanced PowerPoint Wei-Chieh Wayne Yu, 2018-11-14 PowerPoint is a comprehensive software application that has a variety of uses beyond presentations because of its advanced features, flexibility, and coding capabilities. The many advanced features not presented in textbooks, combined with the VBA coding capability, make PowerPoint an excellent software application for developing more advanced and interactive presentations, training and instructional materials, games and apps. This book does not require users to have VBA coding experience. The coding needed to complete applications is gradually integrated, step-by-step, throughout the text. Users learn to write basic code, and to understand and modify more complex code, thus greatly expanding the capabilities of this media application. Most users already know PowerPoint; however, most of them have no idea of the capabilities of this software application, and do not see it as an application for more than presentations. This book provides instructions for using PowerPoint to create interactive presentations, instructional materials, games and apps.
