The Presidents Iain Dale, 2021-11-18 Politics Home: Parliamentarians' Top Books for Christmas 2021 'A must read for political geeks' - Saqib Bhatti There was a huge upsurge of global interest in US politics during the Trump presidency, culminating in the November 2020 election, the victory of the Democrat candidate Joe Biden and the subsequent, horrifying response in the storming of the US capitol. American politics is likely to remain deeply divided during the coming years, and also the focus of global attention - with Trump mobilising his base for 2024. But the transatlantic fascination with the role and office of the US President isn't new at all, and in fact reaches all the way back to the birth of the United States itself. The Presidents features essays, written by a range of academics, historians, political journalists and serving politicians, on all 46 American Presidents who have held the office over the last 230 years - from George Washington to Joe Biden. Each contributor has been carefully chosen based on expert knowledge of their subjects and personal connections, providing analysis of their subject's successes, failures and influence. Any hagiographical writing is shunned in favour of a 'warts and all' perspective on each President and the impact they've had on US politics - past, present and future.

Campaigning for President 2012 Dennis W. Johnson, 2013-06-26 In this important and timely volume, Dennis W. Johnson has assembled an outstanding team of political scientists and political professionals to examine one of the fiercest and most closely fought presidential elections of our time. Like its predecessor, Campaigning for President 2008, Campaigning for President 2012: Strategy and Tactics focuses on political management. It is written by both elections/campaign scholars and practitioners, who highlight the role of political consultants and campaigns while also emphasizing the strategy and tactics employed by the candidates, the national political parties, and outside interests. The contributors explore the general mood of the electorate in the 2012 election, the challenges Obama faced after his first term, the primaries, money, communication, the important issues of the election, and finally the election itself.

iPhone 11 Series for the Elderly Daniel Smith, 2019-10-16 If you just bought your iPhone 11-11 Pro-11 Pro Max or you had the previous model running iOS 13, but you have not been able to unleash the greatest potentials to your device, then this Quick & Easy Manual will work you through the numerous features, tip, tricks, and troubleshooting techniques. The new 2019 iPhones are sleek, stylish, and incredibly powerful, plus the Pro models offer massive improvements where battery life is concerned. But there's no question that the stars of the show on Apple's iPhone 11 and iPhone 11 Pro phones are the new cameras Apple introduced. The new cameras on Apple's iPhone 11, iPhone 11 Pro, and iPhone 11 Pro Max are jaw-droopingly impressive. The iPhone 11 Pro is Apple's most powerful phone that come in a one-hand-friendly size. It has a triple-lens camera to capture best-in-class photos and video from a variety of perspectives, a new night mode to enhance low-light photography and extra battery life prowess. The Prime Ministers Iain Dale,2020-11-12 **Winner of the 2020 PARLIAMENTARY BOOK AWARDS for Best Political Book by a Non-Parliamentarian** A Times Political Book of the Year 'An entertaining, thorough and informative canter through the characters and stories of prime ministers past.' - New Statesman 'A wealth of enjoyable insights into three centuries of Westminster politics... It is a most elegant hardback volume, with a gilded cover that looks a little like the famous front door of No. 10 itself; the ideal Christmas gift.' - Joyce McMillan, The Scotsman 'This is a timely study of UK Prime Ministers and Iain Dale has done the subject a great service with this measured and thoughtful labour of love which offers a fascinating set of insights into the history of Britain, politics, the role of Prime Minister, and elite and establishment power... a superb guide to the times we have lived through and are living in.' - Gerry Hassan, Scottish Review *** 'Many of my predecessors were giants, some had feet of clay, all possessed human foibles.' - From the foreword by Boris Johnson It has almost been 300 years since Sir Robert Walpole arguably became the first holder of the office of Prime Minister in 1721 - an office which today is under scrutiny like never before. *The Prime Ministers*, edited by leading political commentator Iain Dale, brings to life all 55 of Britain's 'First Among Equals' with an essay for each office holder, written by key figures in British politics. From the obscure 18th-century figures like the Earl of Shelburne to 20th-century titans like Churchill and Thatcher, this book provides a much-needed reminder about their motivations, failures and achievements.

Presidential Campaigning in the Internet Age Jennifer Stromer-Galley,2019-07-29 As the plugged-in presidential campaign has arguably reached maturity, *Presidential Campaigning in the Internet Age* challenges popular claims about the democratizing effect of Digital Communication Technologies (DCTs). Analyzing campaign strategies, structures, and tactics from the past six presidential election cycles, Stromer-Galley reveals how, for all their vaunted inclusivity and tantalizing promise of increased two-way communication between candidates and the individuals who support them, DCTs have done little to change the fundamental dynamics of campaigns. The expansion of new technologies has presented candidates with greater opportunities to micro-target potential voters, cheaper and easier ways to raise money, and faster and more innovative ways to respond to opponents. The need for

communication control and management, however, has made campaigns slow and loathe to experiment with truly interactive internet communication technologies. Citizen involvement in the campaign historically has been and, as this book shows, continues to be a means to an end: winning the election for the candidate. For all the proliferation of apps to download, polls to click, videos to watch, and messages to forward, the decidedly undemocratic view of controlled interactivity is how most campaigns continue to operate. In the fully revised second edition, *Presidential Campaigning in the Internet Age* examines election cycles from 1996, when the World Wide Web was first used for presidential campaigning, through 2016 when campaigns had the full power of advertising on social media sites. As the book charts changes in internet communication technologies, it shows how, even as campaigns have moved from a mass mediated to a networked paradigm, the possibilities these shifts in interactivity seem to promise for citizen input and empowerment remain farther than a click away.

Data-driven iOS Apps for iPad and iPhone with FileMaker Pro, Bento by FileMaker, and FileMaker Go Jesse Feiler, 2011-04-14 Use FileMaker® technologies to create powerful mobile data apps for iPhone®, iPod® touch, and iPad™ Apple's FileMaker technologies make it easy to create powerful, data-driven apps for iPhone, iPod touch, iPad, and any mobile device's web browser. In this book, leading FileMaker and iOS expert Jesse Feiler teaches you all the skills and techniques you'll need, whether you're a developer, knowledge worker, or manager. Feiler thoroughly reviews each strategy for delivering mobile data using FileMaker Pro, FileMaker Server, FileMaker Go, and Bento. You'll learn how mobile data-driven apps are different from traditional desktop-driven apps, and how to create highly usable interfaces for them. Step by step, Feiler demonstrates how to extend existing databases to mobile devices and the web, and how to create and optimize brand-new databases for iPad and iPhone. This book brings together core principles, practical development techniques, and proven tips and shortcuts. You'll discover the best ways to incorporate printing, touch interface elements, and location-based features into your apps; integrate data from multiple FileMaker and non-FileMaker sources; and much more. • Use FileMaker Go apps to access FileMaker databases hosted on FileMaker Server or FileMaker Pro, or databases resident on a mobile device • Move FileMaker Pro databases, scripts, and layouts to mobile environments • Develop easy-to-use interfaces for mobile data apps • Design FileMaker Go solutions for iPhone, iPad, or both • Optimize FileMaker databases for FileMaker Go • Integrate printing and charting features into your mobile database apps • Use Bento to share data and synchronize libraries • Work effectively with Bento records, fields, forms, and tables • Build location-aware database apps for iOS mobile devices • Import/export data from Bento, FileMaker, spreadsheets, and other sources • Move FileMaker databases to the web with IWP, CWP, and FileMaker Server Jesse Feiler is a developer, web designer, trainer, and author. He has worked with Apple mobile devices from Newton through iPad and has worked with FileMaker technologies since 1984. 1900; or, The last President Ingersoll Lockwood, 2022-06-03 Lockwood's novel of political satire describes

political tug war. It showcases the concepts of a President who won by a narrow margin. It reflects the American society which is under siege by socialists and anarchy. The common people are ignored by politicians and ripped off by Wall Street.

Introduction to Global Politics Richard W. Mansbach,Kirsten L. Taylor,2013-06-17 Fully revised and updated, the second edition of Introduction to Global Politics places an increased emphasis on the themes of continuity and change. It continues to explain global politics using an historical approach, firmly linking history with the events of today. By integrating theory and political practice at individual, state, and global levels, students are introduced to key developments in global politics, helping them make sense of major trends that are shaping our world. This is a highly illustrated textbook with informative and interactive boxed material throughout. Chapter opening timelines contextualise the material that follows, and definitions of key terms are provided in a glossary at the end of the book. Every chapter ends with student activities, cultural materials, and annotated suggestions for further reading that now include websites. Key updates for this edition: New chapter on 'The causes of war and the changing nature of violence in global politics' New chapter on 'Technology and global politics' Enhanced coverage of theory including post-positivist theories Uses 'levels of analysis' framework throughout the text New material on the financial crisis, BRIC and Iran Introduction to Global Politics continues to be essential reading for students of political science, global politics and international relations.
