The Celestine Prophecy James Redfield,2008-08-01 The #1 bestselling phenomenon with millions of copies sold around the world -- now with a guide to creating your own Celestine Prophecy experience. You have never read a book like this before--a book that comes along once in a lifetime to change lives forever. In the rain forests of Peru, an ancient manuscript has been discovered. Within its pages are 9 key insights into life itself -- insights each human being is predicted to grasp sequentially; one insight, then another, as we move toward a completely spiritual culture on Earth. Drawing on ancient wisdom, it tells you how to make connections among the events happening in your life right now and lets you see what is going to happen to you in the years to

come. The story it tells is a gripping one of adventure and discovery, but it is also a guidebook that has the power to crystallize your perceptions of why you are where you are in life and to direct your steps with a new energy and optimism as you head into tomorrow. Praise for The Celestine Prophecy A gripping adventure story filled with intrigue, suspense, and spiritual revelations. - Commonwealth Journal A spiritual classic...a book to read and reread, to cherish, and to give to friends. - Joan Borysenko, PhD, author of Fire in the Soul In his inimitable style of great storytelling, Redfield opens us up to a world of insight, inspiration, synchronicity, and power. - Deepak Chopra

Information Economy Report 2015 United Nations Conference on Trade and Development (UNCTAD), 2015-06-19 Electronic commerce (e-commerce) is rapidly transforming the way in which enterprises are interacting among each other as well as with consumers and governments. Despite important potential benefits, businesses and consumers in developing countries were for a long time slow to exploit e-commerce. As a result of changes in the evolving landscape for information and communications technologies (ICTs), this pattern is now changing, and e-commerce is growing rapidly in emerging markets and developing economies. Against this background, this publication revisits the potential opportunities and risks of e-commerce and examines how countries can benefit the most from the phenomenon in today's Information Society. Using official statistics and private sector data, it provides an up-to-date review of global and regional trends related to e-commerce in view of changes in the ICT landscape,

focusing on developing countries while drawing lessons from developed countries.
