Shareware Heroes Richard Moss, 2023-01-10
Shareware Heroes is a comprehensive, meticulously
researched exploration of an important and too-
long overlooked chapter in video game history
Shareware Heroes: Independent Games at the Dawn of
the Internet takes readers on a journey, from the
beginnings of the shareware model in the early
1980s, the origins of the concept, even the name
itself, and the rise of shareware's major players
– the likes of id Software, Apogee, and Epic
MegaGames – through to the significance of
shareware for the 'forgotten' systems – the Mac,
Atari ST, Amiga – when commercial game publishers
turned away from them. This book also charts the
emergence of commercial shareware distributors
like Educorp and the BBS/newsgroup sharing
culture. And it explores how shareware developers
plugged gaps in the video gaming market by
creating games in niche and neglected genres like
vertically-scrolling shoot-'em-ups (e.g. Raptor
and Tyrian) or racing games (e.g. Wacky Wheels and
Skunny Kart) or RPGs (God of Thunder and Realmz),
until finally, as the video game market again grew
and shifted, and major publishers took control,

how the shareware system faded into the background and fell from memory.

The Happy Hero Solitaire Townsend, 2017-10-10 What if saving the world was good for you? That's my promise in The Happy Hero. That you can be happier and healthier simply by making a difference to the world around you. I call this formula 'positive+action', and after decades of researching, writing about and living positive+action I've become convinced this the answer to enjoying a better life. I want to tell you stories of the people who have already discovered this secret. And set out the principles for how to feel good by doing good. Which sounds simple. Except that there's so much that needs to change, where do you even start? Everyday our media finds another international crisis or health scare, another predator or disaster. We are subject to an overwhelming barrage of fear and negativity each time we open our phones or switch on the TV. We have been trained out of happiness by these stories and turned into the victims of our own lives rather than the heroes. The Happy Hero will offer a simple solution: stop worrying about the world and start making it better. Because new research shows that trying to make a difference, even in the smallest ways, can extend

your life, improve your relationships and even help you recover from a cold! And luckily, many of the changes we need to make to build a better world, we should want to do anyway. In *The Happy Hero* I'll share the emerging evidence of how heroism can make you happy. I'll also provide practical examples for getting started. This book will even take on the most intractable and complicated problem facing all of us: climate change. And we'll discover how solving it will solve so much more. The UK's top medical journal recently reported that the best way to protect your heart and slim your waistline is to count the carbon rather than calories in your food. The US Military insists that renewable energy will make our countries energy independent and help reduce conflict by providing cheaper sources of power to the poorest. In our own lives, we know that saving energy simply saves money. Together we can cut even huge challenges like climate change down to size. And every step and every action will come with their own reward.

Nick and Charlie Alice Oseman, 2023-01-03 From the mega-bestselling creator of *Heartstopper*, a must-have novella in which *Heartstopper*'s lead characters, Nick and Charlie, face one of their biggest challenges yet. Absence makes the heart grow fonder... right? Everyone knows that Nick and Charlie love their nearly inseparable life together. But soon Nick will be leaving for university, and Charlie, a year younger, will be left behind. Everyone's asking if they're staying together, which is a stupid question... or at least that's what Nick and Charlie assume at

first. As the time to say goodbye gets inevitably closer, both Nick and Charlie start to question whether their love is strong enough to survive being apart. Charlie is sure he's holding Nick back... and Nick can't tell what Charlie's thinking. Things spiral from there. Everyone knows that first loves rarely last forever. What will it take for Nick and Charlie to defy the odds?

The Meteoric Rise of Simon Burchwood Scott Semegran, 2013-09-12 On his way to New York to celebrate his impending literary success, Simon Burchwood is the prototypical American careerist: arrogant, egotistical, narcissistic. But a quick detour to Montgomery, Alabama to visit a childhood friend sends Simon on a bizarre journey, challenging his hopes and dreams of becoming a famous writer. The Meteoric Rise of Simon Burchwood is a character study that delves into the psyche of a man who desperately tries to redefine himself. Simon is certain he is on the brink of literary stardom. Yet this brief sojourn in Montgomery challenges his haughty façade—and the meteoric rise that has continually eluded him. Expecting adulation from his childhood friends during his layover in Montgomery, he's instead met with indifference. Ready to finally leave his troubled past behind and move on to greater things, he invites his friend Jason—whose marriage is on the verge of divorce—to join him in New York. They quickly embark on a bizarre trip that is stranger than they could have ever imagined. From Kindle bestselling writer and cartoonist Scott Semegran, *The Meteoric Rise of Simon Burchwood* is for fans of literary fiction with a touch of magical realism and a dose of dark humor. This is the first book in the Simon Adventures Series which includes *The Meteoric Rise of Simon Burchwood*, *The Spectacular Simon Burchwood*, and *Sammie & Budgie*. A clever and surprising twist. – Kirkus Reviews An ambitious, enjoyable read with a

superb ending that changed my interpretation of the entire text. – IndieReader The book is told entirely from Simon's viewpoint. Simon is not a very likable guy; as a matter of fact, he is a self-centered, pompous jerk. But for some reason, it's pretty fun to be inside his head. – Red Adept Reviews (4.5 Stars)
