Deb Perelman

Table Manners: The Cookbook Jessie Ware,Lennie Ware,2020-03-05 'Beautifully put-together with wonderfully crafted, full-on flavour recipes for everyone. A proper family feast of a cookbook!' Tom Kerridge 'This is a gorgeous book.' Nigella Lawson 'Lennie and Jessie are as madly entertaining to read as they are to be around. They are also brilliant storytellers so every recipe is as personal as it could be: a classic Jewish chopped liver served on Friday night dinners, aromatic Beef Stifado eaten on Greek holidays or an orange and pistachio cake created by son and brother. I adore this family.' Yotam Ottolenghi 'This book encapsulates humour, kindness, bucket loads of love and, most importantly, good food. I'm so happy to have the Ware family in my life and in my kitchen.' Sam Smith 'damned good food' The Telegraph 'Mum. Guess what?' 'What Jessie?' 'We've written a cookbook'. 'I know darling! Do you think anyone will want to buy it?' 'Well, it's the recipes we've made our guests – the really good ones. Like the Sausage and Bean Casserole we made Ed Sheeran, the Drunken Crouton and Kale Salad we made Yotam Ottolenghi and the two Blackberry and Custard Tarts we served Nigella.' 'You ate a whole one before she arrived, darling.' 'It's a bloody good recipe mum.' Cooking through Table Manners is like having Jessie and Lennie at the table with you: brash, funny and full of opinions. In true Ware style, their cookbook is divided into Effortless, A Bit More Effort, Summertime, Desserts and Baking (thanks to Jessie's brother Alex), Chrismukkah (Christmas, Hanukkah and celebrations) and, of course, Jewish-ish Food. These delicious, easy dishes are designed for real people with busy and sometimes chaotic lives with the ultimate goal of everyone eating together so unfiltered chat can flourish.

Mobile Marketing Management Hongbing Hua,2019-03-18 With the development of mobile internet technology, people's lifestyle and consumer behavior are changing rapidly. Nowadays, the products on the market are updating more and more frequently, and the traditional marketing theory and brand theory fail to get with the mobile internet. So, what's the innovative marketing to take in the new era? Since 2012, China has entered into the mobile era, and became a major country of mobile internet application. The book summarizes the experience of the author accumulated from many trials and errors in management and marketing innovation, so as to form the pattern of management and marketing for the next 30 years. Mobile Marketing Management lays the foundation for the new era with four pillars: service, substance, superuser, space, known as 4S theory for short. In view of the concept of customer-first, it is all about service, and products become productized service concepts. In view of the failure of mass communication, the competition among all services becomes the competition of substance differentiation. Regarding the popularity of self-organization, it becomes a trend to cooperate with people rather than the company to develop the market. In view of the principle of fuzzy market boundary, the enterprises shall optimize their living space and evolve their development space. This book contains numerous case studies along with analysis and creates the discipline of mobile marketing management, providing innovative theories, methods and tools for the marketing of enterprises. Through this book, readers can master the marketing methods of the mobile internet era. They can apply the marketing theory in this book to guide the marketing practice, thus improving marketing efficiency and reducing marketing costs.

RoboCop: Citizen's Arrest Brian Wood,2018-12-04 A brand new RoboCop series set in the original continuity, featuring the return of Alex Murphy as an aged and depowered cyborg who is enlisted back into the fight against oppression once more. Thirty years have passed since Alex Murphy first took to the streets of Detroit as RoboCop. Following the destruction of its original entity, OCP has risen again, appropriated by a new tech startup and fashioned into a mobile app called OCPolice, allowing citizens to report any crime they see fit...and profit from it. Though the elite of Detroit have created what seems like a utopia, the poor and downtrodden pay the price, and they've had enough. They just need their champion, but the only question is: What happened to Alex Murphy? Written by visionary author Brian Wood (DMZ, Star Wars) and illustrated by Jorge Coelho (Venom, Loki), RoboCop: Citizens Arrest is the next chapter in the epic cult-favorite saga--a gripping modern dissection of government overreach and the slippery slope of privacy in the digital age.

Celebrating Difference Shaun Dellenty,2019-05-30 RECOMMENDED BY LORD MICHAEL CASHMAN IN UK PARLIAMENT, APRIL 2019 'Essential and valuable reading for every teacher and school leader.' Peter Tatchell 'A huge stride towards genuine organisational change.' Dr Joseph Hall 'An outstanding book.' Professor Jonathan Glazzard Celebrating Difference is an inspiring handbook for LGBT+ inclusion, aimed at all primary and secondary teachers and leaders. Written by Shaun Dellenty, internationally celebrated lead in LGBT+ inclusion in education, it is filled with practical advice to enable schools to bring about organisational change to ensure the safety, success, mental health and wellbeing of all pupils and staff. This ground-breaking book examines the roots and impact of identity-based prejudice in schools, drawing on Shaun's own experiences of homophobic bullying and his subsequent career as a teacher and school leader. The core of the book is based on Shaun's award-winning training programme Inclusion For All, endorsed by the Department for Education, presenting an effective approach to LGBT+ inclusion at a whole-school level. This includes practical strategies to eradicate prejudice, prevent bullying, embrace diversity and improve whole-school outcomes such as attendance and attainment, as well as mindfulness techniques and ideas for INSET training sessions and school assemblies. Case studies and interviews with pupils and teachers who have experienced the Inclusion For All process and unique research insights from Dr Joseph Hall, University of Leeds, demonstrate how the strategies work in practice. Clear guidance will also enable schools to comply with Ofsted and statutory equality legislation, and help them to teach children about British values, basic human rights and the United Nations Convention on the Rights of the Child (UNCRC). Written with warmth, humour and compassion, this is a must-read guide for all teachers and school leaders who wish to promote inclusion, celebrate difference and ensure safer futures for all young people.

3D IC and RF SiPs: Advanced Stacking and Planar Solutions for 5G Mobility Lih-Tyng Hwang,Tzyy-Sheng Jason Horng,2018-03-29 An interdisciplinary guide to enabling technologies for 3D ICs and 5G mobility, covering packaging, design to product life and reliability assessments Features an interdisciplinary approach to the enabling technologies and hardware for 3D ICs and 5G mobility Presents statistical treatments and examples with tools that are easily accessible, such as Microsoft's Excel and Minitab Fundamental design topics such as electromagnetic design for logic and RF/passives centric circuits are explained in detail Provides chapter-wise review questions and powerpoint slides as teaching tools
