Reading Popular Culture in Victorian Print A. Gabriele,2009-10-26 Reading Popular Culture in Victorian Print: Belgravia and Sensationalism is a comprehensive study of the whole run of the monthly periodical Belgravia under the direction of Mary Elizabeth Braddon. It traces the material history of the magazine, its production and global distribution while at the same time placing its history and content in the context of Victorian popular culture and Victorian discursive formations. Among the questions Reading Popular Culture in Victorian Print investigates are the status of authors in the marketplace, the innovative place Belgravia holds in the history of print culture, the rhetoric of sensationalism in fiction, journalism and pre-cinema, the representation of trade with India, and the use of urban space as a branding strategy. It makes the claim that the periodical is the sensation novel of the 1860s.

32 Ways to Be a Champion in Business Earvin "Magic" Johnson,2009-12-29 As a young man, Earvin “Magic” Johnson admired his father and other small-town entrepreneurs who created jobs and served as leaders in his Midwestern community. He worked for them, watched them, and his interest in building communities through economic development grew even while his basketball career flourished. His fame as an NBA star gave him access to some of the most successful business leaders in the country. It was Earvin’s own entrepreneurial spirit that inspired them to serve as his mentors. Earvin made the transition from great athlete to greater entrepreneur through hard work and by avidly pursuing opportunities. He recognized that densely populated urban communities were ripe for commercial and residential development. He partnered with major brands like Starbucks, 24 Hour Fitness, and T.G.I. Friday’s to lead a major economic push in these communities. The success of his businesses proved that ethnically diverse urban residents would welcome and support major brands if given the opportunity. Earvin continues to be a leader of urban economic development that provides jobs, goods, and a new spirit of community. 32 Ways to Be a Champion in Business will inspire and enlighten readers who wish to make a similar impact with their careers and business endeavors.

Here's the Pitch Roberta J. Newman,2019-03-01 2020 SABR Baseball Research Award In the mid-nineteenth century, two industries arrived on the American scene. One was strictly a business, yet it helped create, define, and disseminate American culture. The other was ostensibly just a game, yet it soon became emblematic of what it meant to be American, aiding in the creation of a national identity. Today, whenever the AT&T call to the bullpen is heard, fans enter Minute Maid Park, or vote for favorite All-Stars (brought to us by MasterCard), we are reminded that advertising has become inseparable from the MLB experience. Here’s the Pitch examines this connection between baseball and advertising, as both constructors and reflectors of culture. Roberta J. Newman considers the simultaneous development of both industries from the birth of the partnership, paying particular attention to the ways in which advertising spread the gospel of baseball at the same time professional baseball helped develop a body of consumers ready for the messages of advertising. Newman considers the role of product endorsements in the creation of the culture of celebrity, and of celebrity baseball players in particular, as well as the ways in which new technologies have impacted the intersection of the two industries. From Ty Cobb to Babe Ruth in the 1920s and 1930s to Mickey Mantle, Yogi Berra, and Willie Mays in the postwar years, to Derek Jeter, Rafael Palmeiro, and David Ortiz in the twenty-first century, Newman looks at many of baseball’s celebrated players and shows what qualities made them the perfect pitchers for new products at key moments. Here’s the Pitch tells the story of the development of American and an increasingly international culture through the marriage between Mad Men and The Boys of Summer that made for great copy, notable TV advertisements, and lively social media, and shows how baseball’s relationship with advertising is stronger than ever.

Publishing, Printing, and the Origins of the Intellectual Life in Russia, 1700-1800 Gary Marker,2014-07-14 Gary Marker describes the pursuit of an effective public voice by political, Church, and literary elites in Russia as synonymous with the struggle to control the printed media, showing that Russian publishing and printing evolved in a way that sharply diverged from Western experiences but that proved to be highly significant for Russian society. Originally published in 1985.
