Pro-ecological Restructuring of Companies Aleksandra Gąsior, 2019-04-17 This book presents a practical approach to pro-environmental challenges faced by companies in the process of restructuring. It contains a broad variety of case studies from different economic sectors, and small and large businesses, in four European countries: Ukraine, Romania, Germany and Poland. The studies are the results of surveys of companies that had either already restructured or were planning to, and reveal both the weaknesses and strengths in these practices. The book is divided into three parts: explorations of how political and legal factors are embedded in a company's strategy and how they influence the company's behaviour; analyses of companies' activities on matching restructuring with ecology; and approaches to ecoinnovations within the companies. The case studies throughout the book show that the restructuring of a company is an opportunity for the implementation of proecological action and "green" business models. The authors trust that the experiences and good practices of others will prove valuable both for future businessmen (i.e. students), but also for academics and representatives of local government, central environmental agencies, owners and managers of enterprises to be restructured.

Mission Possible Valeria Gontareva, Yevhen Stepaniuk, 2020-07-15 "This is an extraordinary book from an extraordinary person. This book is an insightful, candid and passionate account of her approach and policy experience. She has called it a 'Practical Manual' for reforms - it is that but also much more: a historical record of reforms against all odds." - Erik Berglof, Director of LSE Institute of Global Affairs "Many emerging economies often lack practical experience in transforming themselves into fully-functioning market-oriented economies and this Practical Manual will help you with this task. Moreover, the book is precisely about how to accomplish drastic reforms in wartime - and I truly believe that the wartime of COVID-19 is an unprecedented opportunity for reform." - Valeria Gontareva, Former Governor of the National Bank of Ukraine In addition, Valeria received a nomination for her work as the Governor of the National Bank of Ukraine in the Financial Times's Women of the Year 2019 list.
