The Hockey Tour Danielle Benson,2015-11-28 Kimberly Abrahams and Danielle Benson are ice hockey players, coaches, and fans who set out to travel the United States and Canada in order to attend one home game in every National Hockey League arena in a single season. Their tour becomes a trip of a lifetime as they evaluate the rinks, explore each home team's fan culture and rituals, watch over 30 hockey games, and meet some of the players and staff behind professional hockey. As news of their tour spreads, some teams compete to provide the best experience through behind the scenes access to areas typically restricted to players and media. This memoir, *The Hockey Tour*, chronicles their incredible four month journey, offers comprehensive information on each of the NHL rinks, cities and significant hockey points of interest while inspiring its readers to live their dreams today and to start planning their own epic journeys.

Colorado Ice Hockey Roger Hadix,2024-01-01 Colorado has a long, rich ice hockey history. The earliest references date back to January 28, 1893, from an article in the Rocky Mountain Sun . There have been many colorful teams, like the Colorado Rocky team, the Denver Spurs, and the Colorado Flames. On February 22, 1980, ice hockey suddenly vaulted onto the forefront of the American sports scene, due in large part of what is simply known as the Miracle on Ice. The US men's ice hockey team had pulled off an incredible upset over the Soviet Union men's ice hockey team and then went on to win the gold medal over Finland. It gave the country a reason to celebrate and made the sport of ice hockey red hot! That miracle started in 1979 at the Broadmoor World Arena in Colorado Springs with the selection of players at the 1979 National Sports Festival. Leadville, Steamboat Springs, Aspen, Colorado College, Denver University, Salida, Pueblo, and Fort Collins have all contributed to the fastest game on ice.

Hockey in New Haven Heather Bernardi, Kevin Tennyson,2007 New Haven professional hockey has a long and storied history that dates back to 1926, when the Eagles were an inaugural team in the Canadian-American Hockey League. Nine professional ice hockey teams have called New Haven home, first in the New Haven Arena and later in the New Haven Veterans Memorial Coliseum. Sadly, New Haven's long run in professional hockey ended after the 2001-2002 season. There were many talented players over the years, including Frank Beisler, Emile Francis, Don Perry, Ron Rohmer, John Brophy, Chico Resch, Tom Colley, Frank Never Beaton, Hubie McDonough, Peter Worrell, and Glenn Stewart. Hockey in New Haven is the story of the players, coaches, and teams that entertained generations of fans in the Elm City.

A Great Game Stephen J. Harper, 2013-11-05 Drawing on extensive archival records and illustrations, histories of the sport, and newspaper files, Canada's Prime Minister delves into the fascinating early years of ice hockey. In the tumultuous beginnings of hockey, the fights were as much off the ice as on it. This engaging new book is about the hockey heroes and hard-boiled businessmen who built the game, and the rise and fall of legendary teams pursuing the Stanley Cup. With a historian's perspective and fan's passion, Stephen Harper presents a riveting and often-surprising portrait, capturing everything from the physical contests on the rinks to the battles behind the scenes. Stephen Harper shows that many things have stayed the same. Rough play, fervent hometown loyalties, owner-player contract disputes, dubious news coverage, and big money were issues from the get-go. Most important in these early years was the question: Was hockey to be a game of obsessed amateurs playing for the love of the sport, or was it a game for paid professionals who would give fans what they wanted? Who should be responsible for the sport—including its bouts of violence—both on and off the ice. A century ago, rinks could melt, and by halftime the blades screwed to the players' shoes could be sinking in mud. It was during this time that the unsuccessful Toronto Professionals of 1908 and the victorious Toronto Blue Shirts of 1914 battled for the city's very first Stanley Cup. Against the fanatical opposition of amateur hockey leaders, these "forgotten Leafs" would lay the groundwork for the world's most profitable hockey franchise. In paying tribute to these hockey pioneers and the contagious loyalty of their fans, Harper resurrects the history of hockey's first decades. Lavishly illustrated with photographs of the game's greatest arenas and earliest star players, this entertaining and original book will captivate you from start to finish.

The Spur ,1926

Rink F. Michael Sheehan,2023-11 They came from Medicine Hat, Alberta, Wing Lake, Michigan, Norwood, Massachusetts, Minnesota's Iron Range, and places with long winter ice. These figure skaters, hockey players, and speed skaters had arrived in Oregon, willing to trade their passions for the beauty of the Pacific Northwest. When an unexpected opportunity arose to build an ice area, they tangled with skeptical politicians, equestrians, and a struggling economy to bring their dreams to life. Twenty years later, they had to fight again to save it. *Rink* centers on an ordinary building at the corner of an uncrowded parking lot, sheltering a thin sheet of ice where the extraordinary happens. It includes stories like the speed skater who escaped from the Red Army, the figure skater with cystic fibrosis, and the cancer patient who played his last hockey game connected to an oxygen tank. People in Lane County had no idea about the ice rink in Eugene, that the Oregon Ducks have a hockey team, or that Tonya Harding, Apolo Ohno, and Scott Hamilton all skated at their local rink. *Rink* tells the consequential tale of how Lane County built an ice arena and how it became so meaningful for thousands of its citizens.

The History of Professional Hockey in Victoria Helen Edwards,2019 The History of Professional Hockey in Victoria is an in-depth examination of professional hockey in Victoria. It includes details on the different leagues, statistics on every game played by a Victoria team, and information on every player to dress for at least one regular season game. From the Patrick family to RG Properties, this book covers the ownership of teams and records the highlights and low points of every team. It was produced as a thank-you to the players who entertained Victorians over a century, giving us reason to cheer on many occasions and to be disappointed as well. Victoria

enjoyed three championships, including the Stanley Cup victory in 1925. Little did the Cougars know that they would go down in history as the last non-NHL team to win the Stanley Cup, and the last non-NHL team to play in a Stanley Cup series. They were also the last West Coast team to win the Stanley Cup until Anaheim did it in 2007. The 1950-51 Cougars, led by their kid line of Andy Hebenton, Bob Frampton, and Reg Abbott, won the league title while the Maple Leafs (with Hebenton in the lineup) won the Lester Patrick Cup in the 1965-1966 season. Included in the narrative is the story of the construction and operation of the different venues in which games were played. The politics behind arena construction are examined as well, with editorial cartoons to make the reader laugh about the folly of some ideas. Biographies of selected players tell the story of individuals and how they came to play hockey in Victoria. Learn from behind-the-scenes stories told by the players themselves. Lavishly illustrated, this is a book for those who love hockey history and its connection to Victoria, BC.

The Sporting Scots of Nineteenth-century Canada Gerald Redmond, 1982 This book examines the role of the Scots in the development of Canadian sport. The evidence from the wide range of primary and secondary sources cited by the author proves that the Scottish contribution was significant.
