Professional Bull Riding Fan Guide Stephen Linn,2008-06 Professional bull riding is the fastest-growing sport in America, with television viewership and event attendance nearly doubling over the past decade. Linn's guide includes a PBR 101 section, which details the history of the sport, the lifestyle of the riders on the tour, and the key names of both cowboys and bulls.

**The History of Women's Professional Bronc Riding 1904-1940** Jody Ellen Meanus,2024-01-24 Women's bronc riding is a part of rodeo history which many people are unfamiliar with, but it was at one time a well respected and significant part of professional rodeo. As rodeos became more prevalent in American culture, women from across the country stepped into the saddles of early day pro-rodeo roughstock. The creak of leather, the smell of horses, the sounds of the arena and the anticipation that accompanied every ride; for the women who lived the rodeo life it was all of this and more, it was the hopes for a good ride, a fair judge, and a safe trip to the next stop on the rodeo circuit. In the early years major rodeos such as the Pendleton Round-Up in northeast Oregon and Cheyenne Frontier Days in Wyoming welcomed women bronc riders and often featured them in their top billings to draw in crowds, for the cowgirls, often wearing elegant outfits of their own design, were consummate crowd-pleasers, and every fan had their favorites. In the late 1930's however, a deliberate effort removed many women's competitions from professional rodeo. There have been few injustices in the world of rodeo comparable to the biased campaign that ultimately led to the near total demise of women's participation in professional roughstock events. This book shares some of the stories of the women who skillfully stepped into the stirrups of bucking broncs. Women like the legendary Fannie Sperry Steele of Montana; she would be proclaimed the Ladies' Bucking Horse Champion of the World. In a career that spanned two decades, Fannie Sperry-Steele was the first woman to be inducted into the Rodeo Hall of Fame of the National Cowboy and Western Heritage Museum in Oklahoma City, Oklahoma. There was Mabel Strickland, who won the all-around cowgirl title at Cheyenne one year, and then, to prove herself, returned the following year and conquered every event she entered. For 25 years her name was respected on every major rodeo circuit. Tad Lucas, Rodeo's First Lady, made her professional debut in 1917 and became a full-time professional in 1922. She was one of the founding members of the Girls Rodeo Association (GRA) in 1948, now the Women's Professional Rodeo Association (WPRA), the oldest women's professional sports association and the only one governed entirely by women. Dorothy Morrell was the World Champion Cowgirl Bronc Rider at the 1914 Cheyenne Frontier Days Rodeo in Wyoming. She rode in the First International Rodeo in London, England in 1924, later appeared in Hollywood movies as a stunt double. Stepping into the saddle of a bucking bronc is not a move to be taken lightly, it can reasonably be considered a somewhat dangerous proposition, as it does not always end well for the rider. Yet professional bronc riding has been woven into our heritage for well over a century. Women's bronc riding may have been quieter for a time, but lately that is changing, as more people are discovering this historic sport. The women who choose to ride broncs are maintaining a tradition among some of the most iconic athletes in history, and they are helping to redefine the sport of rodeo and women's place as professionals within it. To be involved with rodeo is to be a part of preserving the traditions of our heritage through the values that are inherent to our integrity, as individuals and with respect to our positions as representatives of those values and beliefs.

**Biting the Dust** Dirk Johnson,2005-01-01 To the fan, the rodeo cowboy is the distinctly American embodiment of the romantic Old West. But to the young men who live the profession, the realities are modest pay, continuous travel, and the constant threat of injury. While he was the Denver bureau chief of the New York Times, Dirk Johnson spent a year on the professional rodeo circuit with cowboys, watching them try to hang on to bucking horses and Brahma bulls?and to wives and livelihoods that seemed only one fall away from disappearing. Biting the Dust covers the circuit?s biggest events in Denver, the capital of the New West, to small towns on the Great Plains like McCook, Nebraska, where rodeo continues to thrive even as the population shrinks. Johnson takes the reader beyond sentimental visions of the rodeo cowboy and the American West and provides an unforgettable and authentic story of the rodeo today.

*Dance of the Bull Rider* Gary Clark,2013-06-01 Dance of the Bull Rider is the story of a young cowboy’s determination to overcome seemingly insurmountable obstacles and realize his dream of being a champion bull rider through hard work, doing the right thing, and learning that you can still love someone even when you don’t like them very much. When his uncle is killed in a bull riding accident, sixteen-year-old Colt Murray’s father forbids him to ride for the Texas Championship Buckle. But a wise old fisherman teaches Colt to win his father’s approval through respect and honor instead of confrontation. Colt rides for the buckle, but an accident during the qualifying rounds puts Colt in the hospital and his dreams of the Championship Buckle in jeopardy. Publisher’s Weekly Review (ABNA - 2012) said: “...The emotional core and pulse-pounding flashes of action will have even non-rodeo fans cheering for Colt all the way through to his championship ride.”

The Natural Dusty Richards,2021-06-08 Eight Seconds Is A Lifetime. There's a lot of tough competition in the rodeo arena-from the man behind the microphone to the cowboys and cowgirls that ride, rope, and climb on the bucking stock. The Natural puts you in the boots of famed rodeo announcer Brad Turner, racing his horse Golden Boy into the arena and welcoming the crowd to a pro rodeo performance in Jackson, Mississippi. You'll hit the road with Brad as he criss-crosses the country struggling with life, love, and business on the pro rodeo circuit. You'll meet Zola Johns, the rebellious, barrel racing beauty with her eye on the prize of winning a national championship, and Shoat Krammer, the young rough-and-tumble rookie who's the real natural coming up the hard way. Tough, gritty, and written with the authenticity of a lifelong rodeo veteran, three-time Spur Award-winning author Dusty Richards tells a tale so real, you'll be dusting the dirt from the arena off your Wranglers before you're done.

*The History of Barrel Racing in Professional Rodeo* GAIL HUGHBANKS. WOERNER,2024-01-02 Women initially became a part of rodeo to add beauty and glamour to the male-dominated sport. But as the sport of rodeo evolved, so did the women's role, and barrel racing took off, becoming an exciting part of rodeo. Gail Hughbanks Woerner's new book, The History of Barrel Racing in Professional Rodeo, highlights the contributions and history women have made to rodeo, from the early days when there was no standard barrel racing pattern and few standard rules to the big money and big business sport of today. So many women and horses have played critical roles in the evolution of barrel racing and rodeo, and they are finally getting the credit and recognition they deserve. This book profiles legendary women from Margaret Owens to Hailey Kinsel and the great horses such as Charmayne James' Scamper to Kristie Peterson's Bozo. Woerner has long been one of rodeo's foremost historians, having written hundreds of articles about the sport and books covering everything from roping to riding. Now, she has brought the history of women's barrel racing into the spotlight it deserves.
