The Young Musician's Survival Guide : Tips from Teens and Pros Amy Nathan,2008-09-26 Learning to play an instrument can be fun and, at times, frustrating. This lively, accessible book helps young people cope with the difficulties involved in learning a new instrument and remaining dedicated to playing and practicing. Teens from renowned music programs - including the Juilliard School's Pre-College Program and Boston University's Tanglewood Institute - join pro musicians such as Wynton Marsalis, Paula Robison, and James Galway in offering practical answers to questions from what instrument to play to where the musical road may lead. In this revised and expanded edition, Amy Nathan has updated the book to address today's more technologically-minded young musician. Expanded sections cover the various ways students can use technology to assist in mastering an instrument and in making practice time more productive, from using the Internet to download pieces to be learned and playing along with downloaded tunes to practicing with computer-based practice programs, CDs, and videos/DVDs of musical performances. She also addresses concerns of young composers and conductors, two groups not mentioned in the original edition. The book's updated Resource Guide suggests where to get additional help, both online and off.

Kitty Pusskin and her cat companions offer helpful observations and advice on specific feline issues, such as the best kind of furniture on which to sharpen your claws, how to wake up owners who don't supply breakfast on time, and why you should never leave an empty box unexplored. How to Be a Cat is the official rulebook of the feline world, a hilarious and useful guide for living with - or putting up with - humans, and always getting the upper paw.

Revivify Your Home Grace Mase,2019-04-23 Everyone deserves a better life through a better home. Improving your home can upgrade your life. Are you thinking about remodeling, renovating, adding-on or building your home? Revivify Your Home will change how you approach your project. Author Grace Mase, founder and CEO of BEYREP, is like a fairy godmother for home improvements. She will provide you peace of mind by helping you take control of your home improvement project and avoid the costly heartaches. Like tidying up with Marie Kondo's KonMari Method, Grace will show you a simple and strategic framework to guide you through the journey to successfully achieve your home improvement goals. When starting a major home improvement project, many homeowners would cold-call contractors or glorified handymen to gut and remodel their house without an architectural plan. It is like asking urgent care to perform delicate heart surgery without an attending heart surgeon's guidance. Fortunately, no reputable urgent care facility would take such a request, but not all contractors and handymen share the same ethical standards. This approach is a huge gamble. Perhaps it is not surprising that homeowner frustration with home improvement projects has consistently ranked as one of the top consumer complaints nationwide for over twenty years, according to the National Association of Consumer Agency Administrators and the Consumer Federation of America. Grace has heard many horror stories of home improvement projects gone wrong and transformed several potential disasters into successful projects. With architecture degrees from UC Berkeley and Yale University and experience as a former UC Berkeley Campus Architect, she has numerous successful renovation projects under her professional belt. Many homeowners stumble through their home improvement project because they are not prepared and don't know what to expect. They don't enjoy it and feel like they are on an emotional rollercoaster. Most of them don't realize that renovating or remodeling their home is a significant emotional as well as a financial investment and rush in unprepared for such a significant undertaking. Others want to improve their home, but never take the first step because of their fear of being taken advantage of, or fear of the unknown. Grace will guide you through the process of planning strategically, preparing mentally and emotionally, and making smart decisions that save time and save money. Drawn from her experience on thousands of projects, Grace shares her proven process that resulted in the creation of her patented BEYREP personalized online home improvement tool. Each chapter contains key insights, best practices, and strategies to help you through the process and bring order to chaos, ensuring your home improvement will be a rewarding experience that you'll enjoy for a lifetime. Revivify Your Home: Take Control of Your Home Improvement With Peace of Mind and Level Up Your Life will help you upgrade your life by empowering you to improve your home with confidence and peace of mind.

I Don'T Like You James Bard,2017-03-16 This is a book about the relationship between how we think and how we feel. Based on the old Stoic premise that men are not disturbed by things but by the views they take of things, this book focuses on several of the more common false beliefs (views) that lead to emotional anguish of one kind or another unnecessarily. For example, if you think there is something wrong with asparagus because I don't happen to like it, you may also believe something is wrong with you if I don't happen to like you. And you will feel lousy about yourself. There follows a set of guidelines for uncovering errant ideas and faulty thinking and how to get rid of the unhappiness they cause. In short, this is a book about the benefits of rational thinking.

Meet the Annas Robert Dunn,2007 A lawsuit over rights to a suddenly popular 1960s ditty fuels a lively rock and roll nostalgia trip in Dunn's latest musical novel. Songwriter Dink Stephenson, his partner, Princess Diamond, and producer, Punky Solomon, engineered the mid-'60s success of New York bad girl trio the Annas, fronted by the mega-sexy, beehived and heavily mascara'd Anna Dubower. The Annas score two #1 hits, but their time at the top is cut short by the British Invasion.
