**Powers of Protection** Gergely Hidas, 2021-06-21 This sourcebook explores the most extensive tradition of Buddhist dhāraṇī literature and provides access to the earliest available materials for the first time: a unique palm-leaf bundle from the 12th-13th centuries and a paper manuscript of 1719 CE. The Dhāraṇīsaṃgraha collections have been present in South Asia, and especially in Nepal, for more than eight hundred years and served to supply protection, merit and auspiciousness for those who commissioned their compilation. For modern scholarship, these diverse compendiums are valuable sources of incantations and related texts, many of which survive in Sanskrit only in such manuscripts.

Summary of Arin Murphy-Hiscock's Protection Spells Everest Media, 2022-07-25T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Spellcraft is the art of using energy to help regulate your world, attune yourself to the energies around you, and work with those energies for a beneficial outcome. It is not a religious practice, but it can be used to power some sort of change. #2 A spell is something you do with intent and awareness to create change on some level, and it

is done by performing a sequence of symbolic actions in the physical world to activate change on a different level. #3 Spellwork is designed to make your life easier. However, if you're looking to use spells to avoid work, you're in for a rude awakening. Spellcraft requires effort, thought, energy, and focus. You can't expect instant change. #4 The world is covered with strands of energy connecting everything in it, and these are what allow you to send out certain energies toward a goal or pull certain energies toward you.
