Pop Culture in Latin America and the Caribbean Elizabeth Gackstetter Nichols, Timothy R. Robbins Ph.D., 2015-07-28 This insightful book introduces the most important trends, people, events, and products of popular culture in Latin America and the Caribbean. In recent times, Latin American influences have permeated American culture through music, movies, television, and literature. This sweeping volume serves as a ready-reference guide to pop culture in Central America, South America, and the Caribbean, focusing on Mexico, Brazil, Venezuela, Argentina, Haiti, Cuba, the Dominican Republic, Jamaica, and Costa Rica, among other areas. The work encourages hands-on engagement with the popular culture in these places, making such suggestions as Brazilian films to rent or where to find Venezuelan music on the Internet. To start, the book covers various perspectives and issues of these regions, including the influence of the United States, how the idea of machismo reflects on the portrayal of women in these societies, and the representation of Latino-Caribbo cultures in film and other mediums. Entries cover key trends, people, events, and products from the beginning of the 20th century to the present day. Each section gives detailed information and profound insights into some of the more academic—and often controversial—debates on the subject, while the inclusion of the Internet, social media, and video games make the book timely and relevant.

El español de los traductores y otros estudios Alicia María Zorrilla, 2023-01-06 Traducir y escribir son ejercicios que exigen plenitud intelectual y, como tales, deben desplegar la paciencia, la claridad, la medida del decoro, la discreción de la prudencia y, sobre todo, el amor por cada letra que es germe de la palabra. Pero, al traducir, amor denota luchar sin claudicaciones en medio de una jungla verbal con la convicción de que siempre quedará un espacio intraducible entre las dos lenguas y también significa saber -ansias insaciables de saber-, un saber vigorosamente ambicioso sobre la lengua que nos identifica para darnos con más respeto a los demás, ya que cada voz nos expresa y los expresa. Los ojos ajenos y los nuestros tienen sed de deslumbrarse ante los textos traducidos, de penetrarlos, de ser palabras en las palabras de los otros y hasta de ser pensados por las palabras de los otros. Por eso, cada línea de escritura debe ser camino de belleza, un indiscutible hecho de arte.

The Word in the Word Aprilia Zank, 2013 This book deals with a wide range of issues – linguistic, psycholinguistic, literary, translational, anthropological, and more – in largely non-technical language, and it is particularly suitable for university courses, addressing students as well as teachers. A further important target group is that of translators and theoreticians of translation. At the same time, the book contributes to current scholarly debates on the theory of linguistic relativity. (Series: Übersetzungswissenschaft / Translation Studies – Vol. 3) *** This book represents a novel and effective development of cross-disciplinary perspectives, and a fascinating way to get at some of the assumptions that underlie our understanding use of language. It is cogent, interesting, well-written and suggestive. – Prof. Adam J. Sorkin, Pennsylvania State University

Aportes de la comunicación y la cultura, 2004

Escritura Y Comunicación, 2009-09-01 Este volumen recoge una serie de trabajos que tienen como común denominador el vínculo existente entre la escritura y la comunicación. Si bien cada trabajo aborda una problemática diferente y, en algunos casos, desde diversas perspectivas y modelos teóricos, en todos subyace el concepto del lenguaje como fenómeno social que constituye el gran sistema de comunicación humana. Sistema que nace en una situación social y que, como señala José Antonio Marina en su obra La Selva del Lenguaje, en una fantástica espiral ascendente hace posibles nuevos modos de sociabilidad.

Bullying y criminalización de la infancia Ana Campelo, 2016-04-01 El fenómeno del bullying no es nuevo, es tan antiguo como la escuela misma. Su sobredimensionamiento en la agenda mediática y social devela un clima de época. Algo nos dice acerca de nuestra sociedad el hecho de que este discurso haya permeado las relaciones del modo en que lo hizo. La primacía del significante es tal que lleva a preguntarnos sobre sus efectos en la subjetividad y en el modo en que nos relacionamos unos con otros. ¿Qué subjetividades construye? ¿Qué representación del otro promueve? Preguntas ineludibles para quienes asumimos el desafío de pensar el lazo en los tiempos del bullying. Este libro invita a romper con el enfoque que hoy coloniza el pensamiento pedagógico y social acerca del denominado bullying. Propone despegarnos de un discurso que sostiene que hay víctimas y victimarios para promover la construcción de un enfoque alternativo, que nos interroga acerca de las condiciones en que los sujetos asumen esas posiciones.

La alegría y la pasión Vicente, Palermo, 2015 Comparados con los argentinos, ¿son los brasileños más proclives al acuerdo y a la transacción en sus formas de procesar conflictos y antagonismos? ¿Cómo se relacionan unos y otros con la aplicación de la ley? ¿Hay en la sociedad argentina un afán igualitarista y en la brasileña un inveterado apego a las jerarquías? ¿Cómo se distinguen los populismos de ambos países? ¿Existen puntos de contacto entre el carnaval brasileño y las manifestaciones populares argentinas? ¿Domina verdaderamente en Argentina un espíritu trágico y en Brasil uno festivo?

Inteligencia Directiva Antonio Oswaldo Ortega Reyes, 2014-10-21 ¿Por qué algunos ejecutivos están mejor equipados para llegar al corazón de cuestiones importantes, y anticipar y manejar con firmeza los desafíos que afrontan? Se debe a la Inteligencia directiva, componente vital del juicio de negocios y del liderazgo; una capacidad demostrable para actuar y ejecutar que consiste en una suma de habilidades que distingue a los líderes de negocios más exitosos, y gracias a la cual constantemente: • reconocen y persiguen las oportunidades correctas, • identifican y superan obstáculos, • administran los riesgos potenciales, • analizan situaciones con precisión, • resuelven problemas, • trabajan con y gracias a las personas, y • movilizan a sus organizaciones. En el entorno empresarial de hoy, volátil y muy desafiante, los riesgos de decisiones pobres son mayores que nunca, así que los líderes y ejecutivos deben examinar con cuidado la dirección del mercado, el contexto competitivo y las inversiones en productos y tecnologías. De cara a este panorama, el rol del directivo también debe transformarse: pasar de ser el jefe pasivo y distante a convertirse en un ejecutivo activo e interactivo con respecto a los retos y requerimientos personales, sociales, de la organización y del entorno. ¿Cómo? Con Inteligencia directiva. El crecimiento y el progreso de las instituciones solo pueden ser consecuencia natural del desenvolvimiento humano.

Así, la Inteligencia directiva tiene aplicaciones e implicaciones que se traducen en resultados de éxito. Este libro demuestra que toda inteligencia necesita dirección y toda dirección requiere inteligencia.
