## **20 Ways to Increase Your Psychic Abilities John**

Russell, 2023-07-30 John's third book, *20 Ways to Increase Your Psychic Abilities*, is a series of practical how-to lessons in psychic development that will take you by the hand and walk you step-by-step through the learning process as you discover how to: successfully learn and practice psychometry; accurately interpret your dreams; begin to understand and read the Tarot cards; safely conduct your own seance; practice effective candle magic; make your own amulets and talismans; practice healing; record spirit voices; attract the perfect mate; and much more. As an internationally known professional psychic John is frequently asked by his worldwide clientele, "How can I develop my own psychic abilities?" In response to those requests John has authored this book to help anyone to increase their own psychic powers, and to apply those powers in practical ways in order to better their lives and the lives of others. The reader doesn't have to have any psychic knowledge or training to be able to use this book right away. The complete beginner can begin with the first chapter and learn to practice psychometry successfully, and then proceed through the book and learn other exciting, entertaining, and useful techniques. And someone with above average psychic abilities and understanding may still find some useful theory and knowledge that they can apply, as well as new food for thought. From the foreword written by JV Johnson (Ghost Hunters TV show. Host — Paranormal IRL; Beyond Reality; The Independence Gang. publisher/editor of TAPS Para-magazine.): In *20 Ways to Increase Your Psychic Abilities*, John offers the same guidance for any who look to broaden their spectrum of understanding. John presents a straightforward and eye-opening approach to unleashing your psychic potential. As he says,

'...like all things, practice and consistency is key.' You will find him to be an inspiration as I have for the years I have known him. And, even though you may not have the chance to meet John personally, through his books and his words, you will find in him, as I did, a true friend. JV Johnson. John Russell has been a professional psychic for 50 years. Internationally known, he has provided psychic readings for clients in over 40 countries. John filmed a TV pilot for The History Channel in which he psychically explored the assassination of President Abraham Lincoln. For over 15 years he has been a popular featured guest, heard worldwide, on many radio shows and podcasts. Over the last year and a half John has been interviewed over 100 times, including appearances on: Coast to Coast AM with George Noory — The Unexplained with Howard Hughes (UK) — FATE Magazine Radio with Kat Hobson — Beyond Reality with JV Johnson — Darkness Radio with Tim Dennis — Shifting the Paradigm with Cristina Gomez — The Unidentified Celebrity Review with Luis Jimenez; and many more. **Dreamer** Andy Paquette, 2011-03-17 Dictionaries say that dreams are a sequence of images from sleep. What is left out is that these images are recollections of something else. They are memories of experiences some fanciful some shatteringly real. When author Andrew Paquette first dreamed of the future he was able to avert a mugging that possibly saved his life. Over the course of the next twenty years he kept meticulous records of his dreams discovering in the process that future dreams are not only possible they are common.

Even more importantly because of their quantity he was able to see that his dreams were not just isolated events but remembered snatches of a continuum of existence shared by everyone. In this groundbreaking book he destroys the myths of what dreams are how they are described what they mean and why they are or are not important.

*The Truth About Psychics* Sylvia Browne,2009-12-01 HOW DO PSYCHIC ABILITIES WORK . . . AND HOW CAN YOU TELL IF THEY'RE REAL? Celebrity psychic and #1 New York Times bestselling author Sylvia Browne takes a fascinating look into the history of psychics dating from biblical times as she reveals the truth about spiritual phenomena like witches, talking boards, angels, astral projection, and more. Did you know . . . • If someone tells you that an object is "haunted," they are probably fooling you. Objects can retain impressions of prior owners, but they don't contain the spirits of those on the Other Side. • If you get rid of one item in your house, it should

be the talking board. Using one is like leaving your front door unlocked, inviting anyone (good or evil) to waltz right in. • Sylvia didn't believe in "living ghosts" until she had a terrifying experience that changed her mind. The phenomenon called a doppelgänger happened to her more than forty years ago. • It's possible to tell if a psychic is giving you a good reading or just following a script. A few key phrases can give away a fake. Through a wealth of personal stories and research into the lives of great psychics, Sylvia offers solid advice on how to put valid procedures to use and ignore the rest. The Secret History of Psychics explains how you can spot a fraud and shows you how to tap into your own legitimate psychic skills!

*20 MINUTES TO MASTER ... YOUR PSYCHIC POTENTIAL*

**Adventures of a Psychic** Sylvia Browne, 2010-11-29 In this uniquely fascinating book, world-renowned psychic Sylvia Browne recounts her captivating life as a clairvoyant, telling of her earliest readings as a young child in Kansas City, and of her first contact with

Francine, her spirit guide. In engrossing detail, Sylvia tells how her gift has assisted police departments in their search for missing children and dangerous criminals -- and how her predictions of deaths, plane crashes, and momentous world events were sometimes heeded -- or tragically ignored. But more than anything else, this is the remarkable story of one woman's psychic odyssey, for it offers illuminating insight into how we can better understand ourselves and our own psychic abilities.

It links psychic ability with personal experiences and intellectual thought as it answers many questions about the relationship between religion, philosophy, and science with this controversial subject. This is an intelligent discussion offering a fresh, new look at psychic abilities. Have you ever wondered ... • Why do psychic abilities exist? • What is the proof? •

What is our soul's role in using them? • How do I access my gifts? • Can we connect with crossed-over loved ones? • What is really going on? Open the Mind Exercise the Soul will answer these questions and more. Explored with real-world examples and new techniques, it boldly challenges you to examine your own abilities and receive clarity. While guiding you through the development of your own psychic gifts, you will learn to embrace experiences you may have questioned and relate to the author as he discusses his own path in metaphysics. For practicing psychics or beginners, the book combines historical information with spiritual exercises to assist you in gaining insight.

*Psychic* Sylvia Browne, 2011-06-07 At the age of seventy-three, New York Times bestselling author Sylvia Browne is ready to tell the whole story of her extraordinary life. In *Psychic*, we meet the woman behind the public figure: from the child receiving her first visits from the spirit world to the teenager doubting her own sanity; from the new mother living through staggering highs and lows to the burgeoning celebrity, and, ultimately, the successful, happily married woman she is today. Filled with never-before-told stories and otherworldly encounters, *Psychic* is a riveting account of how Sylvia Shoemaker, a traditional girl from Missouri, became world-famous psychic Sylvia Browne. Nothing is off-limits. Sylvia tells the little-known truths behind her three failed marriages—including physical abuse, bankruptcy, and legal troubles—and the financial and emotional damage they wreaked. She revisits her personal demons and describes her physical challenges, including her relatively recent discovery that she'd suddenly gone blind in one eye. And then there is the greatest surprise of all: Sylvia tells how, once she had reached her seventies, and believed her romantic life was over, the real Mr. Right

finally—impossibly—showed up. While the press has freely, often bitterly, weighed in on Sylvia's most painful stories, she has remained quiet—until now. Unlike any other book Sylvia has written, *Psychic* reaches deep beneath the surface of her life, including professional and personal experiences that she is sharing publicly for the first time. With candor, warmth, and a great deal of humor, Sylvia Browne has written the singularly captivating tale of a life lived in two worlds, filled equally with harsh earthly realities and mesmerizing spiritual insights.

**My Life with Sylvia Browne** Chris DuFresne, Sylvia

Browne, 2011-01-23 When Chris Dufresne was growing up in California with his psychic mother, he thought theirs was a normal family. However when Chris realised that God had bestowed psychic gifts on him as well, he realised that his life would be extra-ordinary, just like his mother's. This is his story.

*The Other Side and Back* Sylvia Browne, 2000 A world-renowned psychic takes readers on a mind-blowing tour of the world beyond death, helping readers interpret life in the afterlife. Reprint.

**The Psychic Soviet** Ian F. Svenonius, 2020-07-07 A reissue of Ian F. Svenonius's cult-classic debut essay collection, including brand-new writing in this expanded edition. Everything author-slash-punk-icon Ian Svenonius says is interesting, and this book of satirical essays--originally published in 2006, now back in print--proves it... You'll laugh until you cry. --Washington Post Ian F. Svenonius's *The Psychic Soviet* was first published before the iPhone, before the cronut, and long before our culture thought to ask the Svenonius-like question of whether it was the CIA who actually wrote the Scorpions' 'Wind of Change.' Akashic Books just reissued... this short, offbeat, and very funny collection of essays. --Washingtonian As entertaining as

books come. --Exclusive Magazine In a sense the book is Mr. Svenonius's love letter to the good old days of do-it-yourself punk concerts, though it's cleverly disguised as a series of Marxian essays. --New York Times The pocket-sized book--given Svenonius's communism infatuation, the parallel to Mao's Little Red Book is no mistake--contains well-thought-out arguments on a variety of subjects, from vampires to the origins of punk rock. It's often funny, but never in a self-consciously ironic way. --Washington Post Ian Svenonius has come a long way since Sassy Magazine first dubbed him the 'Sassiest Boy in America' in 1991. The DC singer has never been anything less than political to the extreme. --Village Voice A new, expanded collection of essays and articles from one of the mainstays of the Washington, DC, underground rock and roll scene, The Psychic Soviet is Ian F. Svenonius's groundbreaking first book of writings. The selections are written in a lettered yet engaging style, filled with parody and biting humor that subvert capitalist culture, and cover such topics as the ascent of the DJ as a star, the cosmic depression that followed the defeat of the USSR, how Seinfeld caused the bankruptcy of modern pop culture, and the status of rock and roll as a religion. The pocket-sized book is bound with a durable bright-pink plastic cover, recalling the aesthetics of Mao's Little Red Book, and perfect for carrying into the fray of street battle, classroom, or lunch-counter argument.
