

Puerto Rico

Jorge Duany

Puerto Rico, a Unique Culture Hilda Iriarte, 2018-06-27 Puerto Rico, a Unique Culture: History, People and Traditions is a delightful and enjoyable must-buy book about this Caribbean island, written from the viewpoint of Puerto Rican author Hilda Iriarte. Recent events have placed the island in the news. Learn about its unique history, the people that have distinguished themselves as firsts in their fields, some of its traditions, and relevant facts. You will learn much more to be able to understand the culture and the love of the people for their island. Learn about the many Puerto Ricans that have distinguished themselves in the world with their tenacity, hard work, and distinct personalities, having to sometimes rise above difficult odds.

Puerto Rico: a Quick Overview of the Island and its People , Puerto Rico Nancy Morris, 1995-10-30 This book uses historical and interview data to trace the development of Puerto Rican identity in the 20th century. It analyzes how and why Puerto Ricans have maintained a clear sense of distinctiveness in the face of direct and indirect pressures on their identity. After gaining sovereignty over Puerto Rico from Spain in 1898, the United States undertook a sustained campaign to Americanize the island. Despite

50 years of active Americanization and another 40 years of continued United States sovereignty over the island, Puerto Ricans retain a sense of themselves as distinctly and proudly Puerto Rican. This study examines the symbols of Puerto Rican identity, and their use in the complex politics of the island. It shows that identity is dynamic, it is experienced differently by individuals across Puerto Rican society, and that the key symbols of Puerto Rican identity have not remained static over time. Through the study of Puerto Rico, the book investigates and challenges the widely-heard argument that the inevitable result of the export of U.S. mass media and consumer culture throughout the world is the weakening of cultural identities in receiving societies. The book develops the idea that external pressure on collective identity may strengthen that identity rather than, as is often assumed, diminish it.

Lonely Planet Puerto Rico Brendan Sainsbury, Nate

Cavalieri, 2008 If you like it outdoorsy, take a leisurely coastal bike ride or volunteer to work with egg-laying turtles on Playa Brava. If you're more of a heel-kickin' type, Puerto Rico's got a salsa scene that will more than scratch that itch. * Detailed maps * Dedicated music chapter and expanded outdoors section * Interviews with

locals * Increased coverage of sustainable travel * The pick of Puerto Rico's hotels and hostels

Puerto Rico Jorge Duany, 2017-02-01 Acquired by the United States from Spain in 1898, Puerto Rico has a peculiar status among Latin American and Caribbean countries. As a Commonwealth, the island enjoys limited autonomy over local matters, but the U.S. has dominated it militarily, politically, and economically for much of its recent history. Though they are U.S. citizens, Puerto Ricans do not have their own voting representatives in Congress and cannot vote in presidential elections (although they are able to participate in the primaries). The island's status is a topic of perennial debate, both within and beyond its shores. In recent months its colossal public debt has sparked an economic crisis that has catapulted it onto the national stage and intensified the exodus to the U.S., bringing to the fore many of the unresolved remnants of its colonial history. **Puerto Rico: What Everyone Needs to Know®** provides a succinct, authoritative introduction to the Island's rich history, culture, politics, and economy. The book begins with a historical overview of Puerto Rico during the Spanish colonial period (1493-1898). It then focuses on the first five decades of the U.S. colonial regime,

particularly its efforts to control local, political, and economic institutions as well as to Americanize the Island's culture and language. Jorge Duany delves into the demographic, economic, political, and cultural features of contemporary Puerto Rico-the inner workings of the Commonwealth government and the island's relationship to the United States. Lastly, the book explores the massive population displacement that has characterized Puerto Rico since the mid-20th century. Despite their ongoing colonial dilemma, Jorge Duany argues that Puerto Ricans display a strong national identity as a Spanish-speaking, Afro-Hispanic-Caribbean nation. While a popular tourist destination, few beyond its shores are familiar with its complex history and diverse culture. Duany takes on the task of educating readers on the most important facets of the unique, troubled, but much beloved isla del encanto.

Status of Puerto Rico United States-Puerto Rico Commission on the Status of Puerto Rico,1966

Puerto Rico Elena E. Cevallos,1985

The History of Puerto Rico Lisa Pierce Flores,2009-12-14 This book offers a concise yet comprehensive history of Puerto Rico, from the reign of Taino Indians through its centuries as a Spanish colony to its present-day standing as a thriving economic force in

Latin America with a unique and ever-evolving relationship with the United States. Drawing on dramatic recent developments in research, *The History of Puerto Rico* offers the most up-to-date and fully realized exploration of the island's past for students, travelers, and general readers alike. *The History of Puerto Rico* ranges from the earliest indigenous settlements to the reign of the Taino, from the centuries under Spanish control through more than 100 years of life under the U.S. flag. Insightful and authoritative, the book helps readers understand the history behind Puerto Rico's complicated contemporary political status, its unique relationship with the United States, and the current efforts of Puerto Ricans to reclaim their indigenous and African heritage, leverage their bilingual culture for economic gain, and celebrate their cultural and artistic achievements.

The Puerto Ricans, Their History, Culture, and Society

Adalberto López, 1980 Articles in this book cover Puerto Rican history from the Spanish colonization to the present day experience of Puerto Ricans in the United States. Political, social, economic, cultural, and historical issues are addressed by the following authors: Edna Acosta-Belen, Frank Bonilla, Juan Manuel Carrion, Diana Christopulos, Sandra Messinger Cypess, Adalberto Lopez,

Morris Morley, Francisco Moscoso, Iris Morales, Pedro Pietri, Felipe Luciano, Angel G. Quintero Rivera, Aaron Gamaliel Ramos, Tom Seidl, Janet Shenk, and Adrian DeWind. Government reports on Puerto Ricans in Hawaii and on poverty among and discrimination against Puerto Ricans in the mainland United States are also presented. (APM)

Eating Puerto Rico Cruz Miguel Ortiz Cuadra, 2013-10-14

Available for the first time in English, Cruz Miguel Ortiz Cuadra's magisterial history of the foods and eating habits of Puerto Rico unfolds into an examination of Puerto Rican society from the Spanish conquest to the present. Each chapter is centered on an iconic Puerto Rican foodstuff, from rice and cornmeal to beans, roots, herbs, fish, and meat. Ortiz shows how their production and consumption connects with race, ethnicity, gender, social class, and cultural appropriation in Puerto Rico. Using a multidisciplinary approach and a sweeping array of sources, Ortiz asks whether Puerto Ricans really still are what they ate. Whether judging by a host of social and economic factors--or by the foods once eaten that have now disappeared--Ortiz concludes that the nature of daily life in Puerto Rico has experienced a sea change.

Status of Puerto Rico United States-Puerto Rico Commission

on the Status of Puerto Rico,1975

The Puerto Rican Nation on the Move Jorge Duany,2002 An anthropologist delves deeply into the Puerto Rican identity, revealing the complexity identity forged across two countries--the island of Puerto Rico and the United States.

Puerto Rico in Pictures Linda Tagliaferro,2004-01-01 A historical and current look at Puerto Rico, discussing the land, the government, the culture, the people, and the economy.

When I Was Puerto Rican Esmeralda Santiago,2006-02-28 Magic, sexual tension, high comedy, and intense drama move through an enchanted yet harsh autobiography, in the story of a young girl who leaves rural Puerto Rico for New York's tenements and a chance for success.

The History of Puerto Rico Rudolph Adams Van Middeldyk,1903 Van Middledyk's work was the first major historical study of Puerto Rico in English. Van Middledyk advanced Puerto Rican historiography by building on the works of Brau, Coll y Toste, and Acosta, and by consulting early Spanish chronicles. A librarian at the Free Public Library of San Juan, Van Middledyk possessed knowledge of and access to considerable primary source material. His history is sympathetic to the Indians and highly critical of

Spanish colonial administration. Coming in the wake of American military occupation, the book sought to explain and justify control of the island by the United States.

Islands of Resistance Mario Murillo, 2001-05-01 While 1998 marked the 100th anniversary of the United States' invasion and takeover of Puerto Rico, it wasn't until 1999 that the island's political movements reappeared on the radar screen of the American people. That year, two major developments occurred that transformed the relationship between Puerto Rico and Washington, D.C.: the limited clemency granted by then-President Clinton to eleven Puerto Rican Nationalists, and the death of Puerto Rican civilian security guard David Sanes, killed by missile fragments from U.S. naval bombing tests on the island municipality of Vieques. How does Vieques fit into the political future of Puerto Rico? While anti-Navy protesters are careful not to mix the island's political status options with their battle against the Navy, it is important to understand the role Washington has played in shaping Puerto Rico's current reality and how it has allowed the Navy to use Vieques as a bombing range for 60 years. It also helps one begin to predict what is the future of Puerto Rico. Is it to be a colony? Fifty-first state of the United States? Sovereign nation? In

Islands of Resistance, Mario A. Murillo approaches these questions by examining how Puerto Rican politics have been shaped as much by 100 years of U.S. economic, military, and cultural domination of the territory, as by the enduring grassroots resistance of the Puerto Rican people. Islands of Resistance puts the contemporary situation in Puerto Rico into an historic context that will help people understand what is at stake in Vieques, not only for Viequenses, but for Puerto Ricans, both on the island and in the diaspora.

Puerto Rico and the United States, 1917-1933 Truman R. Clark, 1975 From 1917 to 1933, the United States kept Puerto Rico in limbo, offering it neither a course toward independence nor much hope for prompt statehood. The Jones Act of 1917 gave Puerto Ricans U.S. citizenship, but the status of the island didn't change. In 1922, a Supreme Court decision reaffirmed the 1901 principle that island possessions had no right to equal treatment with continental territories and states. Clark unfolds with clarity the painful truth of the United States' unsavory attempt at being both a democratic and imperial nation: governors were sent without the consent of the Puerto Ricans and with little training; no positive measures were taken to improve the poor economy; little thought

was given and no formal policy established to resolve its status or foster self-government.

Puerto Rico José Trías Monge, 1997-01-01 Former Attorney General and former Chief Justice of Puerto Rico, Jose Trias Monge describes his island as one of the most densely populated places on earth, with a severely distressed economy and limited political freedom--still considered a colony of the U.S. Monge claims the island has become too dependent on U.S. money and argues for decolonization and movement toward more independence. 28 illustrations.

Puerto Rico and Other Outlying Areas Jonatha A. Brown, 2005-12-15 Provides an in-depth and comprehensive portrait of Puerto Rico, including its history, people, land, economy, and government.

The Puerto Ricans in America Ronald J. Larsen, 1989 A brief history of Puerto Rico, Puerto Rican immigration to the mainland, and the individual contributions of Puerto Ricans to American life and culture.
