Ready Player Two Shira Chess,2017-10-01 Cultural stereotypes to the contrary, approximately half of all video game players are now women. A subculture once dominated by men, video games have become a form of entertainment composed of gender binaries. Supported by games such as Diner Dash, Mystery Case Files, Wii Fit, and Kim Kardashian: Hollywood—which are all specifically marketed toward women—the gamer industry is now a major part of imagining what femininity should look like. In Ready Player Two, media critic Shira Chess uses the concept of “Player Two”—the industry idealization of the female gamer—to examine the assumptions implicit in video games designed for women and how they have impacted gaming culture and the larger society. With Player Two, the video game industry has designed specifically for the feminine ideal: she is white, middle class, heterosexual, cis-gendered, and abled. Drawing on categories from time management and caregiving to social networking, consumption, and bodies, Chess examines how games have been engineered to shape normative ideas about women and leisure. Ready Player Two presents important arguments about how gamers and game developers must change their thinking about both women and games to produce better games, better audiences, and better industry practices. Ultimately, this book offers vital prescriptions for how one of our most powerful entertainment industries must evolve its ideas of women.

Nancy Drew 39: the Clue of the Dancing Puppet Carolyn Keene,1962-02-01 When the eerie performances of a life-size puppet begin to haunt the old Van Pelt estate, where an amateur acting group – The Footlighters – have their theater, Nancy Drew is called upon to unravel the baffling mystery. From the moment the detective and her friends Bess and George arrive at the mansion, the dancing puppet puzzle is further complicated by Tammi Whitlock, the Footlighters’ temperamental leading lady, and Emmet Calhoun, a Shakespearean actor. Nancy’s search of the mansion’s dark, musty attic for clues to the weird mystery starts a frightening chain reaction. A phone call from a stranger with a witchlike, cackling voice warns her to “Get out!” Next an encounter with two jewel theft suspects adds another perplexing angle to the puzzle. When Nancy finally sees the life-size puppet flitting across the moonlit lawn and chases it, she learns that someone with a sinister motive is determined to keep her from solving the case. Is it one of the Footlighters? Or is it an outsider?

Metzengerstein Edgar Allan Poe,2021-11-11 This short story, told in the Gothic tradition represents Poe's first work to be printed, and represents the foundation of what would constitute much of his future work. The tale, set in Hungary, recounts the later years of an interminable feud between two noble houses, the Metzengersteins and the Berlifitzings. This third person narration follows the young orphaned Baron of the Metzengersteins, Frederick, as he inherits his family's fortune and their feud. An ancient prophecy is all that remains of the origins of this feud, one that has seemingly come true when Frederick is suspected of the murder of the Berlifitzings patriarch. It is this prophecy that drags these two families to a conclusion teeming with tragedy, mystery, violence, madness and the supernatural. For any fans of Poe, mystery or the supernatural it is a must read. Edgar Allan Poe (1809-1849) is a titan of literature. Most famous for his poetry, short stories, and tales of the supernatural and macabre, his body of work continues to resonate to this day. Poe is widely regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include The Raven (1945), The Black Cat (1943), and The Gold-Bug (1843).

Like every child in the city, she wears a silver guardchain and is forced to obey the dreaded Blessed Guardians. She has never done anything by herself and won’t be allowed out on the streets unchained until Separation Day. When Separation Day is canceled, Goldie, who has always been both impatient and bold, runs away, risking not only her own life but also the lives of those she has left behind. In the chaos that follows, she is lured to the mysterious Museum of Dunt, where she meets the boy Toadspit and discovers terrible secrets. Only the cunning mind of a thief can understand the museum’s strange, shifting rooms. Fortunately, Goldie has a talent for thieving. Which is just as well, because the leader of the Blessed Guardians has his own plans for the museum—plans that threaten the lives of everyone Goldie loves. And it will take a daring thief to stop him. . . . Museum of Thieves is a thrilling tale of destiny and danger, and of a courageous girl who has never been allowed to grow up—until now.

Beauté volée Julia Sykes,2020-02-27 Valentina me déteste autant que je la méprise. Cela ne m'a pas empêché de la kidnapper, de la voler pour la garder pour moi. Au fil des années qui nous ont séparés, la haine a grandi dans mon cœur. La fille que j'aimais autrefois est désormais devenue une femme, et elle croit appartenir à quelqu'un d'autre. En tant que narcotrafiquant réputé comme étant le plus sadique de la côte Ouest, j'aime le pouvoir et le contrôle. Son attitude de défi me tente et me tourmente, et je ne me laisserai jamais d'élaborer des punitions perverses pour la faire obéir. Elle ne peut pas échapper à mon toucher cruel et à ma discipline impitoyable. Personne ne me la prendra. Je tuerai quiconque essaiera. Valentina était censée devenir mienne. Rien ne m'empêchera de la posséder, corps et âme.

TimeWorm Brenda Heller,2017-10-02 Brenda Heller & Jimmy Adams 10605 A piercing scream stopped him in his tracks. By instinct he dropped to a squat. He caught his breath as he had ignored the flooding room and now felt the icy water press against his chest. The noise grew louder as it moved closer to where Theo squatted neck-deep in the frigid water. "Murphy!" Shards of the tile wall behind him flew in every direction as the bullet slammed into it, well above where Theo's head had previously been. Seventeen-year-old Theo is caught up in a teenage world of driftboarding and HoloGames until his father's friend and fellow scientist, Viktor Brack, destroys the laboratory, vowing to use a time machine to rewrite history. Trapped behind sealed doors, Theo promises himself to retrieve a book of secrets and prevent Brack's evil plot. Theo and his robotic dog, Murphy, follow Brack over 100 years earlier to Nazi Germany. After his own escape from a pit of death, Theo is rescued until forces of evil and Hitler's Youth attempt to kill him. He is found by sixteen-year-old Gracie, who understands the dangers of the streets. For both teens, the need to survive becomes a reality never touched by Theo's false world of the HoloGame. Together, the teens take Murphy as they join an underground society, and begin a trek against the evil of Hitler's regime. Dark alleys, tunnels, and creatures of repulsion force Theo and Gracie into a life-or-death fight to save both past and future. Jimmy Adams and Brenda Heller are teachers who met at the high school in Derby, Kansas. Jimmy lives in the city and was born in Pennsylvania. Brenda lives in the country and was born in Kansas. However, both enjoy running, the outdoors, and teaching teens. Each holds a degree in history, so when Jimmy had an idea to blend the truth of history with a flair of imagination, the series began. *TimeWorm* and the books to follow bring the events of yesterday as alive and daring as the moments in which they first occurred.

Orphans of the Sky Robert A. Heinlein,2014-12-22 Hugh had been taught that, according to the ancient sacred writings, the Ship was on a voyage to faraway Centaurus. But he also understood this was actually allegory for a voyage to spiritual perfection. Indeed, how could the Ship move, since its miles and miles of metal corridors were all there was of creation? Science knew that the Ship was all the Universe, and as long as the sacred Converter was fed, the lights would continue to glow and the air would flow, and the Creator's Plan would be fulfilled.Of course, there were the muties, grotesquely deformed parodies of humans, who lurked in the upper reaches of the Ship where gravity was weaker. Were they evil incarnate, or merely a divine check on the population, keeping humanity from expanding past the capacity of the Ship to support? Then Hugh was captured by the muties and met their leader (or leaders), Joe-Jim, with two heads on one body. And he learned the true nature of the Ship and its mission between the stars. But could he make his people believe him before it was too late? Could he make them believe that he must be allowed to fly the ship?

In these 18 dialogues, Krishnamurti indicates that pinning hopes on organized religion, science, political ideology or the market economy not only fails to address basic human problems, but actually creates them.
